SHALL STOCK RUN AT LARGE.

A Question Which Will Be Voted Upon in Linn County in June.

A good many people perhaps have not given much attention to one question which is to be voted upon in the approaching election in Linn county. It is whether or not stock shall run at large.

The law on the subject passed in 1893 is as follows:

SECTION 1. On the petition of one hundred or more legal voters of any county in the state being filed with the county clerk before the time of giving the notice of the general election in any year, the county clerk shall cause notice to be given that at such election a vote will be taken for and against stock running at large.

SECTION 2. In voting for and against stock running at large, it shall be printed or written on the same ballot with candidates for county offices, and shall read, "For running at large—Yes," or "For running at large—No," and the votes thus cast shall be canvassed as those for any county officer.

SECTION 3. If the majority of all the votes cast shall be against stock running at large, the county clerk shall give notice by publishing in some newspaper for three consecutive weeks that in sixty days from the date of said notice it will be unlawful for stock to run at large under penalty of ten dollars for the first offense and twenty dollars for each and every subsequent offense, to be recovered from the owner of the stock in civil action in the name of the state of Oregon before a justice of the peace in the precinct in which such owner or keeper, or either of them, may reside; and such penalty shall be for the benefit of, and when collected, shall be paid into the common school fund of the county in which such action is brought within sixty days after such animal is proved to be at large.

SECTION 4. No prosecution shall be commenced to recover the penalties named in Section 3 until at least one day's notice has been given to the owner or person having charge of such stock, if such owner or keeper be known; and it shall be sufficient defense to such prosecution to show that such animal or animals were at large without the knowledge of such owner or keeper, and without his fault; provided, that after the owner has been once notified that his stock is running at large, it will not be necessary to notify such owner or keeper on the stock being found at large a second time, if it is known and is susceptible of proof that such owner or keeper is aware that such stock is running at large contrary to the provisions of this act.

SECTION 5. Any person finding any stock at large, contrary to the provisions of this act, and any constable of any precinct or marshal of any city of this county where stock may be found, on view or information, shall take up such stock and confine the same forthwith, giving notice thereof to the owner or keeper, if known, and if not known, by posting notices, describing such animals therein, in at least three public places in the precinct; and if the owner or keeper does not appear and claim his property, and pay all charges for taking up, advertising and keeping the same, within ten days from the date of this notice, the sale of the animals may be proceeded with under the law relating to estrays, provided, however, that the provisions of this act shall not apply to any county east of the Cascade mountains, excepting Umatilla.

The required petition has been filed with the clerk, and the question will appear upon the ticket to be voted upon.

TENNESSEE HAPPENINGS.

BY CESAR.

Saturday, May 16, 1896.

Tennessee has the honor now of possessing the name of a separate and independent road district No. 20. The petition was granted by the chief magistrate of the county, Judge Duncan, who appointed George Davis as its first supervisor.

Prof. C. F. Bigbee, one of the ablest nominees on the democratic ticket, was at this place last week and visited the school. He is a former teacher and resident of this place and every one was glad to see him back. He delivered a short address to the scholars which was gladly received. We endorse his nomination for superintendent and hope and believe he will be elected.

Monna Fronk, who has been attending school at Sodaville, returned home last week and after a short visit went to Albany to attend the teachers' examination. George Ross, who has been attending school in Lebanon, also went to the examination.

IN MEMORY.

Mrs. Dulcinea P. Ridgway, Grandma Ridgway, as she was known by all her friends, passed away on May 2, 1896. Though a constant sufferer for several years she was ever patient in bearing losses and enduring pain, and was always pleased and grateful for the smallest kindness or favor shown her. Her christian faith and calm endurance of pain and suffering, her kind and gentle ways, her sweet and peaceful face will long be remembered by her many friends and loved ones.

To her memory the following lines were penned:

We have lain her 'neath the sod,
Where the grasses wave and blow.
She has received the last fond token
From her loved ones here below.

Calm and patient herein life,
Enduring pain and bearing loss;
Now she's joined the throng immortal,
Received her crown, laid down her cross.

All her trials now are ended,
All her sufferings of pain are o'er;
She has gone to meet her loved ones
Over on the other shore.

We think not of the cold grave yonder,
Nor of her pain distressed;
But think of her at home in heaven,
Of her joys, and peace, and rest.

Could we catch but one glimpse only,
Of her face so pure and bright,
It would turn our hearts of sadness
Into one of joy and light.

We would not call her back
From that dear home so blest;
Yet miss her, sadly miss her,
But rest on, O dear one, rest!

For we know that she is waiting,
Over on your shining shore,
Waiting to welcome each dear one,
Where we'll meet to part no more.
