## ADDITIONAL WOOL SALES

List of Those Selling at Private Sale—Good Prices Obtained.

In last issue we gave an account of the sales of wool at Heppner on the regular sales day but did not get a list of those who had disposed of their clips at private sale. These sales aggregate about 370,000 pounds and consisted of the choicest clips of the county. The average price obtained was about 17 cents.

The following is a list of the wool sold:

- L. V. Gentry, 14,500 lbs. at 18 1/2 cents.
- John Connell, 38,000 lbs. at 17 1/2 cents.
- John Kilkenny, 20,800 lbs. at 16 1/2 cents.
- Jas. Sheridan, 13,000 lbs. at 18 cents.
- Howard & Lindsay, 20,000 lbs. at 16 1/2 cents.
- Paul Hialer, 20,000 lbs. at 16 1/2 cents.
- Simas Bros., 42,000 lbs. at 16 1/2 cents.
- Frank Elder, 16,000 lbs. at 16 1/2 cents.
- S. A. Wright, 20,000 lbs. at 16 1/2 cents.
- W. B. Barratt, 18,700 lbs. at 16 1/2 cents.
- Hynd Bros., 36,500 lbs. at 16 1/2 cents.
- H. S. Neel, 23,000 lbs. at 17 1/2 cents.
- Hufford Bros., 19,000 lbs. at 17 1/2 cents.
- Louis Groshens, 11,000 lbs. at 17 1/2 cents.
- Geo. W. Sperry, 18,000 lbs. at 17 1/2 cents.
- Geo. J. Currin & Sons, 56,000 lbs. at 16 1/2 cents.

A large amount of wool remains unsold but this will all be taken up by private buyers, no doubt in a very short time, and it is not expected that there will be another sales day at Heppner. Interior clips are coming in rapidly, and had it not been for the condition of the roads, the most of this wool would have reached the warehouses in Heppner for the sales last week. Growers generally are well satisfied with the prices received and on the whole the season is winding up very profitably for the flockmasters.

### Seriously Injured.

While returning from a trip to his farm, known as the Stalter ranch on Thursday evening last, Dr. N. E. Winnard met with an accident that has put him "on the shelf" so to speak, for the next few weeks to come. He was riding that "infernal" machine of his, otherwise known as a motorcycle, and speeding down the road at a pretty good clip dodging rocks and chucks as best he could, but as it was getting dark he was unable to see very well. Just after passing the Al Osmin place the machine struck a small rock and before the doctor could gather himself he was thrown to the road with the heavy machine on top of his right leg, and grinding away at his foot. He succeeded in pulling himself loose and found that no bones were broken but that the foot had been badly wrenched and sprained and the flesh and ligaments torn from the bone. His shoulder was also badly bruised and altogether he was in a helpless condition. It was impossible for him to help himself so he had to lay beside the road for about two and a half hours till some one came along to pick him up. A little past eleven o'clock he was brought to the hospital and his injuries cared for. He is done with that machine and will seek a safer mode of travel in the future, being thankful that he got out of this scrape without a cracked neck.

### Fuchs-Lichtenthal.

A very quiet wedding took place early Monday morning of this week, our genial baker, Frank Fuchs taking unto himself a help-mate in the person of Mrs. Lena Lichtenthal. It was surmised by a few that such an event would take place sometime, as they had seen the baker tempting the widow with frequent samples of his culinary art, but it was quite a surprise to have them up and get married and slip away so quietly to Portland on Monday's train, as man and wife. The marriage took place at the home of the bride, in the presence of a few witnesses, the ceremony being performed by the Rev. W. A. Pratt, pastor of the Methodist church.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by Patterson & Son.

### FROM SUPT. NOTSON.

I desire to call attention to and endorse the letter of State Supt. Alderman, found in this issue of the Gazette-Times, in regard to the annual meeting. I wish also to suggest that it will be found advisable in most districts to postpone voting a special tax until after the tax roll is completed next fall. You will then know your valuation and will have received your apportionment from the State and County funds, which will enable you to determine more definitely your financial needs. I trust the clerks will observe the note at the bottom of the first page of the annual report blank and see to it that the report is sent in within five days after the annual meeting. The State Superintendent insists upon prompt reports from the county superintendents, and the county superintendent can not make his report until the clerks have sent in their reports.

Teachers who are entitled to renewal of their certificates should make application at the time of the regular examination next week. I have blank forms, which will be mailed upon request.

### The Annual Meeting.

To the Patrons of Oregon Schools:

We do not attach sufficient importance to our annual school meeting. This year our annual meeting occurs June 17. On this day one director and the clerk are to be elected in every school district in Oregon, a matter of much importance to each community. I should be very glad, indeed, to find that many of the Oregon school districts were making the day of the annual school meeting an important occasion, and at the same time taking advantage of being together to talk over the problems of the schools.

The voting for director and clerk will take place at the school house.

It should be remembered that women already have the privilege of suffrage in school elections. If all the women of the community will pack their lunch baskets, and assemble at the school house on the morning of June 17, I am confident that the men will be there also when the sun reaches the meridian. Of course, the members of the family under voting age will have to have dinner. So all will spread out their lunches under some pleasant shade, and enjoy dinner together.

After a good dinner all will be in the right frame of mind for selecting the officers, and discussing school affairs. The patrons will have this opportunity to investigate the conditions of the school house and grounds, and see what repairs are needed; whether the school house is properly heated, lighted, and ventilated, and what books and pictures are most needed. Let us make June 17 a red letter day for our district.

Yours for better schools,  
L. R. ALDERMAN,  
Supt. Public Instruction.

W. W. Smead departed for Portland on Tuesday morning to attend the convention of Oregon 4th class postmasters now in session at the metropolis.
