ery and Ice Cream Parlors

ROBERT M. HART, PROPRIETOR

Can serve you now with nice, fresh Ice Cream. None
better to be had in the city. Fine line of fresh Candies.

Leading Brands Cigars and Tobacco

ENDORSED AT HOME.

Such Proof as This Should Convince
Any Heppner Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Heppner adds one more to the many cases of home endorsement which are being published about Doan's Kidney Pills. Read it.

J. H. Cox, carpenter, Heppner, Oregon, says: "Whenever I caught cold, it settled in my kidneys and caused an attack of lumbago. At times I was confined to my bed for at least a week. Being advised to try Doan's Kidney Pills, I did so and they did me more good than any other medicine I ever took. I am greatly indebted to Doan's Kidney Pills for their good work."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

IONE.

A. T. King and wife have gone to Portland to spend the winter with their son Albert.

Mrs. C. C. Chick and Mrs. Evans went to Pendleton last week to attend the Round-Up.

Miss Kitty Wilmot was down from Lexington last Saturday and spent the day with her mother.

Rufus Cochran was a passenger to Heppner Thursday night of last week, returning the following day.

Charles Chick went to Pendleton with some of the Buschke children last week for a few days' fun.

Mrs. Vester Carr went down to The Dalles on Monday's train to visit with her mother for some time.

E. D. Godfrey and wife left on Monday's train for Washington. We did not learn what part they went to.

Ed Brown from Madras came in on last Thursday's train to visit with his sister, Mrs. Beech Haines.

Lute Jordan, one of Portland's merchants, came in on Monday's train and is renewing old acquaintances.

Louis Padberg and family and Mrs. J. H. Bryson went to Pendleton one day last week in the Padberg car.

Joe Knappenberg and wife, who have been in Portland for the past few days, returned home Wednesday evening.

R. F. Wilmot left on Monday's train for Milton, where he was called to the bedside of his brother who is very sick.

Joe Mason, who has been running a barber shop at Lyle, Wash., has sold his business and will help Bert in the store.

Arthur Reed and family of Goldendale were over for a few days last week to visit with his sister, Mrs. Della Corson.

Mrs. Albert Petteys, who has been visiting with her mother at Weston for the past six weeks, returned to Ione last Friday.

Harry Warren was in The Dalles last week to make proof on his homestead. He took J. L. Kincaid and A. B. Grover down as witnesses.

Mrs. George Henry, who has been visiting with her folks in and about Ione for the past month, returned to her home in Washington, Tuesday of last week.

George Gidden has the skating rink running full blast once more. The young people have all their time taken now as basket ball is again the rage, and they are going it fast and furious.

L. t. De, who has been rolling pills at the Chick Pharmacy for some time, went up to Heppner last Friday night, going thro on Saturday's train for Chehalis, Wash., where he has accepted a position.

Chas. Read, who has been farming in the vicinity of Lexington, has moved to what was formerly known as the old Sperry ranch. Charlie and Gus are stayers and we wish them every success on their new venture.

L. P. Davidson came in on last Wednesday's train. He went down to Corvallis with his daughter.

Mrs. Della Corson, who has been feeding the hungry harvesters out at Bill Palmateer's, returned home last week.

We learned last Sunday evening that D. S. Barlow lost his separator that day by fire. Smut is supposed to have been the cause.

Ross Shaver, who has been visiting with his brother Albert for some time, came in on last Tuesday's train, going on up to Pendleton the day following.

The "Let 'er Buck" crowd came in on the Sunday special some the worse for dirt and dust, but all seemed to be in good spirits. Of course, those who had to sleep out in some one's auto, or on top of a picket fence some place were more tired than the rest, but they all seemed to think that Pendleton put up a pretty good show.

A. C. Carle and wife returned home Wednesday night of last week. We said A. C. and wife, but A. C. did not get here until noon next day. He got so interested in talking to some of the Ione people Pendleton bound that when he came around the corner of the Junction depot to get on the Ione train it was hot there, so he came home on Shank's mare.

Quite a large crowd went to the Round-Up last Wednesday. Among them were J. A. Waters and wife; Art Rice; R. A. Farnens and wife, and Miss Blackwell; Walter Beckett and wife; Gerald Rice and Chas. Pennington; F. Engelman and two daughters, and O. D. Forbes. This is a partial list. A large number went from here that we did not get tab on, so Ione was very well represented.

The citizens of Ione were aroused from their daily routine of work last Friday by the loud cries of "Fire! Fire!" and the firebell joined in the cry also. In a very short time the boys had the hose cart and a good stream of water playing on the flames. The fire originated in the building adjoining Rufus Cochran's ice house. The day being calm helped what might have been a serious fire, but the boys had it out in a very few seconds.

The Ladies' Union Aid Society will give an oyster supper, Friday evening, October 11th, in the Odd Fellows building. They will also hold their regular yearly bazaar the same evening. Now this supper will not consist of oysters only, so whet up your appetite in good shape, as there will be plenty of other good stuff to hold the oysters down. Everybody is invited; everybody is welcome, so try and come out and spend a good, jolly evening together.

HARDMAN BRIEFS.

Ed Merrill is on the sick list this week.

May Severance was a Hardman visitor this week.

Rev. McAllister preached at the church, Sunday.

G. W. McDuffy, who has been out on Whitby Island, returned Tuesday.

Break downs is the topic of the day and yet the grain is not threshed.

Claud Adkins attended cupid's court at Justice Bates' Sunday afternoon.

The young people gave an interesting entertainment, "The Pink Rose," Sunday night, to a large audience.

Mrs. John McAllister, of Heppner, gave a lecture on "Woman's Rights" Saturday night. A large audience was present.

The Harrison & Wyland horsepower thresher outfit suffered a general tearup Saturday. It being operated by ten horses, they became frightened and ran off with the machine. Ernest Wyland, the driver, mysteriously escaped injury.

Hardman was aroused by the cry of fire Friday evening about eight o'clock when it was discovered that the school house was aflame. A number of citizens quickly responded, forcing their way through the dense smoke, soon gained control of the fire. Luckily, a large water tank full of water belonging to a nearby thresher company, was in town and hastily rushed to the scene. Considerable damage was the result.

GUY.

Delicious sodas and ice cream sodas at The Palm.

M. S. CORRIGALL, President J. H. McHALEY, Vice Pres. T. J. MAHONEY, Cashier CLYDE BROCK, Asst. Cashier

Address the Registrar for catalogues descriptive of the College of Engineering, the College of Liberal Arts, the Schools of Education, Commerce, Law, Medicine, and Music.

A NEW INSTRUMENT

An attachment for hoe drills as illustrated here has two very valuable and important features which every progressive farmer will appreciate. Once they are made to fit any hoe, are easily adjusted and answer the double purpose of regulating the depth of sowing and at the same time presses the soil firmly around the grain thus insuring immediate germination. Splendid results are obtained from their use. Manufactured by

Pendleton Iron Works,

PENDLETON, OREGON
