## Hood River Abstract and Investment Co.

J. W. CRITES, Pres.

K. W. SINCLAIR, Sec'y.

THE COTTAGE HOSPITAL ASSOCIATION, of Hood River, Oregon, offers its 6% interest bearing bonds, due in 15 years, to the amount of \$15,000, for the purpose of adding thirty beds to its present capacity of twenty beds. The new building to be of Concrete Fire Proof construction and so planned, that, when needed, it can be expanded by new construction, into a 100 bed hospital, for the least cost and most economical administration.

The new building will contain a passenger (patient) elevator to all floors and a Model Surgery with Obstetric conveniences on the top floor, removing all annoyances arising from this class of cases to patients on the other floors.

The proposed buildings, equipment and grounds will be fully worth \$25,000.00, on which we pay as in the past, interest, taxes and insurance as any other business does, never having had a dollar's worth of donation or charity offered or accepted. We propose, however, with the enlarged equipment, to devote such beds as may be needed in the male and female wards to any charity cases recommended by a legally organized local charity, such as the Red Cross, etc. Subscriptions may be made in multiples of \$100.00 at either Bank, for the next 30 days, when, if the total issue is subscribed, building will be rushed to completion at the earliest date possible.

Yours, in the interest of this community,

THE COTTAGE HOSPITAL ASSOCIATION, Inc.

Ordered by the Board of Directors.

### MOSIER.

F. R. Howard, of Hood River, was in Mosier last week.

While burning brush at his home southeast of Mosier, Thursday afternoon Geo. W. Mathews came near having a serious time with fire. The wind changed and whipped the fire into the timber bordering the orchard. At one time it appeared that more assistance would be needed to control the flames. A call was sent into Mosier, and just as the men arrived on the scene Mr. Mathews and F. A. Allington had succeeded in checking the spread of the fire.

F. A. Allington and family motored over Seven Mile hill Friday to spend a few hours with Mrs. Allington's brother, Geo. Ruscher, and family.

Mothers' Day was appropriately observed in Mosier churches Sunday morning with special services and music. Each mother was presented with a white carnation. We would like to say that life does not hold enough of years in which we can repay a mother's love, so we should do our best before she goes away.

E. M. Strauss, C. G. Nichol and Ernest Evans motored to Hood River Friday with a number of the high school students. The ride over the new Highway was delightful. After reaching town they all enjoyed the picture show and had a beautiful drive home in the moonlight.

Geo. Davenport was up from Portland recently. Also Mr. and Mrs. Rhodes and nephew, from The Dalles. All visited at the home of Mr. and Mrs. J. T. Davenport.

O. E. Wilson visited his son, Frank, in Corvallis last week.

G. L. Carroll and L. Minton were attending to business in The Dalles Tuesday of last week.

Mrs. Emma McClure and Mrs. Amanda Marsh were attending to business in The Dalles last week.

Frank Ginger and Chas. Bennett were business visitors in The Dalles last week Wednesday.

E. A. Race attended to business in Portland recently.

Misse May and Ann Shogren spent last week Wednesday afternoon with Mrs. Wm. Johnson.

L. J. Merrill, Chas. T. Bennett, Elmer W. Davidhizer, Frank Ginger and R. W. Simpson attended an important meeting of the Masonic order in Hood River last week Wednesday. They motored over the new Highway.

An important real estate deal has been recently settled in which Fred Evans becomes the owner of a 10 acre tract formerly belonging to Ed Wood. Mr. Evans has already made some changes and improvements and is now setting out 500 or more Italian prune trees, where he is removing old apple trees. There are a number of bearing cherry trees which Mr. Evans states are giving the best possible promise of a record yield.

Mrs. Catherine Holley left last week Wednesday for a week's visit with friends in Portland.

L. J. Merrill motored to Portland Tuesday afternoon to meet his father and mother, who are spending a few weeks in Portland.

The library has received some new books this week. The adult fiction includes the following: A Woman's Woman, by Bartley; Good Indian, by Bower; Desert Gold, by Grey; Voice of the Big Fish, an Oregon story the scene of which is laid around Hood River, by Loh; Wooden Spoil, by Rousseau. The children's books are as follows: Daniel Boone, Backwoodsman, by Forbes-Lindsay; Wonder Stories told for Children, by Andersen; Spanish Chest, by Brown; Dogs of Boytown, by Dyer; Eskimo Twins, by Perkins.

The Mosier branch library circulated 575 books, which was the largest circulation of any branch library in the county.

Miss Flora F. Carr, acting librarian of the Wasco county library, spent Friday afternoon at the Mosier library.

The essay contest on Thrift closes June 1. The library has some material that will help you in writing your essay. Come to the branch library, and if you need more than is there, send to the main library in The Dalles.

Mr. and Mrs. B. W. Veatch were in Hood River Monday.

Mr. and Mrs. W. E. Chown, accompanied by Mrs. J. R. Wilcox, motored to Hood River Monday afternoon.

C. C. Brooks was in Hood River Monday morning. He returned home over the new Highway.

H. H. Nielson attended to business in Hood River Monday.

Mrs. A. K. Wilson, of Oswego, and Mrs. Bramford, of Portland, spent Sunday in Mosier with James M. Wilson, who is Mrs. Wilson's nephew.

Representing District No. 52, of Mosier, Mr. and Mrs. Geo. Chamberlain, accompanied by Mrs. C. G. Nichol and Mrs. W. A. Husbands, attended the county convention for school directors held in The Dalles Saturday. There were also Mrs. May Parsley and Clarence Dunsmore, from District No. 64, and W. E. Huskey, of District No. 41.

C. J. E. Carlson was attending to business in Portland during the week, returning home Saturday evening.

Mr. and Mrs. Ray Bailey, Mr. and Mrs. Clare Bailey, Mr. and Mrs. Ralph Davall, Miss Grace Bailey, Clyde Bailey and some invited guests motored over on the Deschutes river for an outing and to try their luck fishing Saturday, returning Sunday evening. They report a delightful trip, but very few fish.

### THE DALLES OFFERS TRAINING FOR NURSES

The Dalles Hospital Training School for nurses is enlarging its classes. Owing to the great increase in the number of patients during the last two years, together with a class which is soon to graduate, will make room for more young women who wish to take up the training. All the nurses graduated from this hospital who have desired to secure lucrative hospital positions have done so and are now holding very responsible positions at an excellent salary. The training the student nurses receive is such that it enables them to become so proficient in this profession that they never have been any trouble to secure any position they desire.

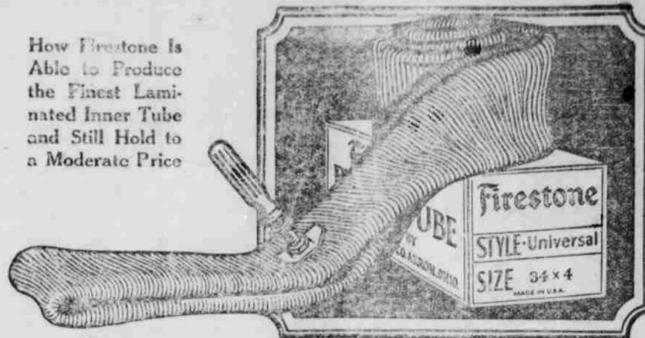

The hospital has on file continually applications for nurses who are graduates of this institution, owing to the fact that all the graduates have made good in the special or general branches they have elected to serve.

The training school is one of the oldest on the Pacific coast and is known for personal instruction and teaching of detail work so important to a successful career.

Any information in regard to the new classes will be furnished upon request by addressing The Dalles Hospital.

# The Tube

How Firestone is Able to Produce the Finest Laminated Inner Tube and Still Hold to a Moderate Price

**Firestone Man Power:** Firestone has gathered together a remarkable body of workers, 17,000 strong — many of them stockholders in the Company. Men financially interested in the success of their product do better work.

**Firestone Buying Power:** Firestone has established purchasing headquarters at Singapore in the Straits Settlement where 85% of the world's rubber is produced. Thus Firestone gets first choice

of the raw product at quantity prices. And this saving is turned back to car owners.

**Firestone Selling Power:** Firestone's immense production requires a widespread distribution system. Sixty-five branches and 46,000 dealers throughout the United States selling Firestone Tubes assure a fast-moving product, which means fresh stock at all times—most miles per dollar in tubes as well as tires.
