ANNOUNCEMENT

For the past week the Glacier office has been upset by the installation of a new standard Mercantile Linotype machine. The disruption, attendant on the rearrangement of equipment and the placing of the new typesetting machine, will result in a somewhat more limited issue of the Glacier than has been our annual custom at the New Year's season.

On next Monday, January 1, Joe D. Thomson and Roger W. Moe will become associated with the latter's father, A. D. Moe, in the ownership of The Glacier. The former will on that date complete his twelfth year of service with the paper.

In the future as in the past, The Glacier will continue a progressive yet conservative policy, bending its efforts for a bigger, better Hood River Valley. Each owner and each member of the force extends wishes for a Happy New Year for the people of the Valley.

THE YEAR PAST AND THE YEAR COMING

The year 1922 has been one of marked activity in Hood River Valley. Although there has been little ostentation, the expenditures in this county for good roads, power development and general new building work was the largest of any year in the history of the Valley except for the years the Columbia River Highway was being pushed through.

Orchardists have worked on a solid basis the past year, taking the best of care of their fruit area. The expenditure in high class spray rigs has reached large sums.

By January 1, 1924, the Valley Trunk of the Hood River Loop Highway will have been surfaced all the way through.

We would advise that the sinking fund for the Loop Highway bond issue be left in the budget for the coming year. The money must be raised sooner or later.

We suggest that members of the Commercial, whose dues are delinquent, start the New Year right by paying up. We happen to know that the Club is in need of funds to meet various bills.

This past few days have been comforting to real Oregonians. All of us are thankful that the precipitation was not in the form of snow.

St. Mark's Cantata Pleasing A musical pageant depicting the Christmas story was presented at St. Mark's Episcopal church Sunday afternoon at a special Christmas service which was attended by children of the Sunday school and their parents.

Free Shavings Planer shavings for bedding, insulation or any other purpose may be obtained without cost at the new plant of the Emory Lumber & Fuel Company.

Riverside Pageant Inspiring The pageant given to a large audience at Riverside church Saturday evening was inspiring.
