DON'T LET THE CALF RUN AWAY WITH YOUR MONEY

Don't let a \$15.00 calf eat up \$40.00 to \$60.00 worth of cream.
 The cream from the average cow will sell for \$40.00 to \$60.00 a year and just as good calves can be raised on sweet separator skimmed milk as with the cow. Don't waste Time, Labor and Cream by trying to skim your milk by hand. It is like trying to care for a 40-acre patch of corn with a hoe.

Buy a U. S. Separator and Save your Calves and Money.
 The U. S. skims the cleanest, cleans the easiest, wears the longest, is the most profitable, etc., etc.

Write for catalogues
 For Western customers, we transfer our separators from Chicago, LaCrosse, Minneapolis, Sioux City and Omaha. Address all letters to Bellows Falls, Vt.

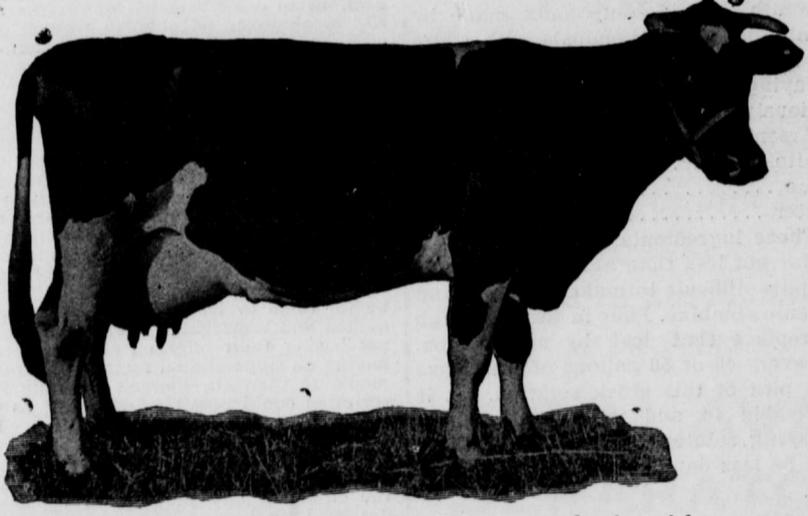

Vermont Farm Machine Co., Bellows Falls, Vt.

Invaluable to the Poultry Raiser. Order a copy at once, 20c.

The Ranch, Seattle

At a recent meeting of farmers and creamery men, the discussion of hand machines was taken up, and the fact was brought out that the farmers wanted the following especial features in the hand machine:

**LIGHT RUNNING,
 EASY TO CLEAN,
 A CLOSE SKIMMER,
 SIMPLE AND DURABLE.**

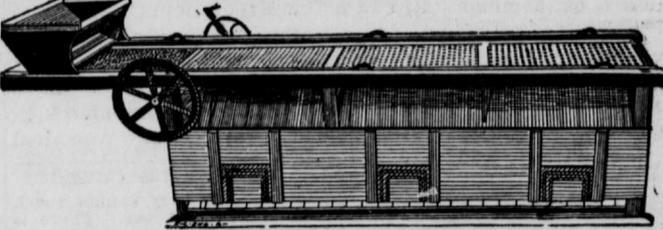

In the easy running EMPIRE may be found each and every one of these five essential features. Every farmer has a chance to prove it to his own satisfaction, see your local agent or write us and you will see how this may be brought about.

Empire No. 0 . . . \$60. Empire No. 2 . . . \$100
 Empire No. 1A . . . \$75. Empire No. 4 . . . \$125
