Uncle Sam Knows a Good Thing

When he sees it, which is the reason he takes so much pride in the

U. S. CREAM SEPARATOR

The U. S. has many points of superiority, but the following three are sufficient to make it

The most desirable to own :

Clean Skimming.—Holds the World's Record.

Safety.—All gears entirely enclosed in iron case.

Durability.—Most thoroughly and substantially made.

For further information, write for illustrated catalogues.

For Western Customers, we transfer our separators from Chicago, La Crosse, Minneapolis, Sioux City, and Omaha. Address all letters to Bellows Falls, Vt.

Vermont Farm Machine Co., Bellows Falls, Vt.

IT PAYS TO BUY THE EASY RUNNING EMPIRE

When a party makes a purchase of an article, real, genuine satisfaction in after years means a whole lot to them. It is so with a cream separator. If you buy an EMPIRE you have the satisfaction of knowing you could do no better at the time, and in years to come the satisfaction that the easy-running EMPIRE gives to all.

REAL SATISFACTION.

Arlington, Wash., May 3, 1903.

Empire Cream Separator Co., Portland, Ore.

Gentlemen:—

I bought an EMPIRE Cream Separator, 300 pounds capacity, in the spring of '98; have used it every day since, with very little repairs. The first year I used it I milked seven cows; since then I have milked twenty-three cows. I run the machine about two hours a day in summer. I am well pleased with the Empire. It turns easily, skims clean, and is easily washed.
