Relief For Rupture

Without Operation

We Allow A 60-Day Test—
Entirely At Our Own Risk—To Prove It

No longer any need to drag through life at the mercy of leg strap and spring trusses. No reason in the world for letting them force you to undergo a dangerous operation.

Away With Leg-Strap and Spring Trusses

So far as we know, our guaranteed rupture holder is the only thing of any kind for rupture that you can get on 60 days trial—the only thing we know of good enough to stand such a long and thorough test. It's the famous Cluthe Automatic Massaging Truss—made on an absolutely new principle—has 18 patented features. Self-adjusting. Does away with the misery of wearing belts, leg-straps and springs. Guaranteed to hold at all times—including when you are working, taking a bath, etc. Has cured in case after case that seemed hopeless.

Write for Free Book of Advice—Cloth bound, 104 pages. Explaining the dangers of operation. Shows just what's wrong with elastic and spring trusses, and why drugstores should no more be allowed to fit trusses than to perform operations. Exposes the humbugs—shows how old-fashioned worthless trusses are sold under false and misleading names. Tells all about the care and attention we give you. Endorsements from over 5000 people, including physicians. Write today—find out how you can prove every word we say by making a 60 day test without risking a penny.

Box 995—Cluthe Co., 125 E. 23rd St., New York City.

The above shows the Reierson Machinery Co.'s Portland, Ore., new factory where the King of the Woods Drag Saw; Portable Circular Wood Saws; Improved Standard and Double Walking Beam Well Drilling and Prospecting Drills; Reierson and Pippin Portable Fruit Sprayers; Union Portable Automatic Derricks; etc. etc. are manufactured.
