

## Hollywood Farm Holsteins

We have several young bulls for sale that will develop into excellent herd sires. Our herd contains the choicest strains of the Holstein-Friesian breed, and we are breeding the most approved type of this great Dairy Cattle.

We also breed Duroc-Jersey Hogs of the most profitable type, and offer breeding stock of both sexes and of all ages.

## Your Bull May Be Losing \$6,000 Every Year

A record kept by a careful breeder recently showed that one of his bulls produced stock that was worth \$6,000 more than the get of another bull supposed to have been of equal value.

You do not want to take a chance on a \$6,000 loss every year. The only way to insure yourself against it is to buy a herd bull of the best blood lines, but one whose ancestors are proven producers.

We have some young bulls that will develop into money-earning sires. Let us tell you more about them.

## Registered Stock Earns Profits

No farmer or stock raiser was ever able to make money with poor stock. The higher production and the greater value of the young stock from a purebred herd all makes for larger profits.

We will be glad to show you how purebred Holsteins have paid us. Our herd bull, Sir George Fayne, 83626, has sired some excellent young stock and every purebred cow we have has demonstrated her superiority over poor stock.

Write us or come and see us, if you are interested in Holsteins.
