

Free Medical Advice to Women.

All Letters

Are Strictly Confidential

Every sick and ailing woman,
 Every young girl who suffers monthly,
 Every woman who is approaching maternity,
 Every woman who feels that life is a burden,
 Every woman who has tried all other means to regain health without success,
 Every woman who is going through that critical time—the change of life—is invited to write to Mrs. Pinkham, Lynn, Mass., in regard to her trouble, and the most expert advice telling exactly how to obtain a CURE will be sent absolutely free of cost.

The one thing that qualifies a person to give advice on any subject is experience—experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for twenty years, day after day, and day after day.

Twenty years of constant success—think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

Mrs. Hayes, of Boston, wrote to Mrs. Pinkham when she was in great trouble. Her letter shows the result. There are actually thousands of such letters in Mrs. Pinkham's possession.

"DEAR MRS. PINKHAM:—I have been under doctors' treatment for female troubles for some time, but without any relief. They now tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing down pains both back and front. My abdomen is swollen, and I cannot wear my clothes with any comfort. Womb is dreadfully swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

"The symptoms of Fibroid Tumor, given in your little book, accurately describe my case, so I write to you for advice."—Mrs. E. F. HAYES, 232 Dudley St. (Boston), Roxbury, Mass.

"DEAR MRS. PINKHAM:—I wrote to you describing my symptoms, and asked your advice. You replied, and I followed all your directions carefully for several months, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound, together with your advice, carefully followed, entirely expelled the tumor, and strengthened the whole system. I can walk miles now.

"Your Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors, or any female trouble, to write you for advice, and give it a faithful trial."—Mrs. E. F. HAYES, 232 Dudley St. (Boston), Roxbury, Mass.

Mrs. Hayes will gladly answer any and all letters that may be addressed to her asking about her illness, and how Mrs. Pinkham helped her.

\$5000 FORFEIT If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness.

NEWS OF VERMONT

Ex-Governor Groat of Derby is president of the Nevada Consolidated Copper and Gold Mining and Milling company.

The license commissioners in Rutland are Dr. J. E. Thompson, Charles W. Pennington and James P. Sawyer. They have fixed the rate for first class licenses at \$1200.

Loretta, 4, a daughter of Patrick Collins of Fairhaven, fell from a second story window Friday, striking 15 feet below squarely on her head on the slate sidewalk. She will recover.

Deputy Marshal Lake Parish of Randolph arrested J. A. Hutton of Newbury on the charge of using the mails for fraudulent purposes. It is alleged that his record is similar to that of C. W. Norton of South Wallingford.

Michael Norton, 10, of Montpelier, found a dynamite cartridge, carried it around in his pocket a week, and then attempted to pick it to pieces. It exploded, and the thumb and two fingers were blown from his left hand.

The horsemen of Barre, St. Johnsbury, Morrisville and Barton have formed a circuit and will hold three stake races this season. They will be as follows: 2:30 pace, purse \$500; 2:25 trot, \$500; free for all, \$500. They will also hold several class races in addition to the stake races.

B. F. Bowman of Randolph will go to California in the near future to make arrangements for the entertainment of the Vermont delegation to the national Grand Army encampment to be held in San Francisco August 1. It is expected that 100 Vermonters will make the journey.

Charles Cook, 23, a mechanical engineer in charge of machinery at the Vermont Marble company's plants in Center Rutland and West Rutland, was struck by a locomotive on the Delaware & Hudson railroad Friday and fatally injured. His skull was fractured, shoulder blade and several ribs broken, and he was injured internally. In walking across the tracks he stepped from the rear of a freight car upon the main line directly in front of the on-coming engine.

The Rev Dr J. Isham Bliss, 72, died Tuesday in Burlington, as the result of a surgical operation. Born in Burlington, he graduated in 1852 from the University of Vermont, and in 1880 was ordained a priest of the Protestant Episcopal church. He later became rector of St Peter's church in Bennington. In 1877 he was elected to the chair of rhetoric and English literature in the University of Vermont, retiring in 1885 to become rector of St Paul's church in Burlington. He gave up his charge four years ago on account of ill health.

Mrs. Elizabeth Hosley of Arlington Brings Suit Against Hoosick Valley Railroad.

Mrs. Elizabeth Hosley of Arlington last week brought a suit against the Hoosick Valley Street Railway company of North Adams, the advertisement being \$5000.

The accident in which Mrs. Hosley received her injuries, which it is alleged are of a permanent nature, occurred last December, and it did not become public at the time. A work car of the company crashed into the rear of a passenger car and several of the passengers were thrown from their seats and more or less injured.

Mrs. Hosley, who had been the guest of relatives in Zylonite, was on her way to North Adams to take a train for her home, and was one of the passengers on this car. She was thrown heavily from her seat and several of her ribs were crushed. She was also otherwise injured.

Martin H. Hanlon, president of the Montpelier Electric Lighting plant, aged 45, married, was instantly killed at Northfield Thursday. He was at work on an electric light pole, and the cutting of the wires on either side so weakened the support that the pole fell and Mr. Hanlon with it, his ribs and chest being crushed, death probably being instantaneous. Mr. Hanlon leaves a wife and daughter. His home was in Northfield.

Kidney-Wort Tablets

Only Known Specific for Dreaded Disease.

Dangerous Kidney Ills Cured by Few Doses.

Every case of chronic kidney trouble tells the story of a pitiable disregard of preliminary symptoms.

Bright's disease can be cured but it can easily be avoided.

Diabetes can be checked before it grows dangerous.

Every form of kidney weakness can be overcome, and the health of these two vital organs soundly restored by Dr Pettigrew's Kidney-Wort Tablets.

That Kidney-Wort Tablets will cure kidney diseases is absolutely beyond question. Many people, the moment they are free from the rheumatism caused by defective kidney action, and from headache and backache, quit the remedy a bit too soon, and at the first cold they are likely to be back again sick. The Tablets should be conscientiously used for a few days after these symptoms disappear, until the circulation in the kidneys has become normal.

There are many varieties and complications of kidney disorders: Albuminuria, inflammation of the kidneys, and Bright's disease. Diabetes is another dangerous form of this disease, attended by great thirst, enormous appetite, emaciation and loss of strength, harsh, dry skin, and often with swelling of the limbs and great physical weakness.

After Kidney-Wort has taken away the poisons in the small of the back, painful passages of urine, inflammation of the bladder, torpid liver, cloudy urine, uncomfortable feeling of the head and neck, rheumatic pains and swellings all over the body, it should be given a chance of a few days to fully restore the kidneys to sound health before discontinuing its use.

Men as often as women suffer from kidney disease, but it should be particularly noted that women of all ages who experience back-aches, headaches, dizziness, tired feelings, exhaustion, nervousness and general weakness find in Kidney-Wort an unfailing cure.

There is One Rational Way To treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Eli's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost sense of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 56 Warren St., New York, will mail it.

DIED POOR.

Gen Groat Lost His Fortune of \$750,000 in Stock Speculation.

Gen W. W. Groat had a long and honorable career as Congressman, but that he drank deep of the dregs of disappointment in his last two years there is no doubt. His political ambition was to succeed Justin S. Morrill in the United States Senate, but this was denied to him. He developed near the end of his career another ambition—to be worth a million dollars.

Four years ago this month the Burlington Free Press announced editorially that Gen Groat had cleared \$200,000 through fortunate investments in copper. A little later, by a method which was nothing short of a plunge, but acting on what he had every reason to believe was a "sure tip," he risked a fortune in buying Atchison stock on margin. He won again, and according to his own statement he realized \$400,000 on this deal. With a fortune of \$750,000 he determined to increase the amount to \$1,000,000.

With his political hopes blasted he turned his attention assiduously to the "market," and was seen frequently in Boston and New York. Friends warned him that he had been lucky before and that he could not always expect to win in stocks, but the advice was unheeded.

The statement is now sent out from St Johnsbury that he bought largely of mining stocks and that his belief in dollar wheat which did not come was the main factor in causing his financial downfall. Conservative estimates place the amount which his creditors will receive at 40 cents on the dollar, and many political and personal friends are said to be on the General's paper in sums of \$1000 to \$10,000. It is a mighty sad story, especially considering all that Gen Groat stood for for so many years. It is again a reminder of the difficulty of standing prosperity, and also emphasizes the foolishness of bucking the stock market.

Almost everybody thinks he knows something about stocks, and when a man is foolish enough to play on margins and win he almost invariably considers himself a Napoleon of finance, a sort of mite, inglorious J. Pierpont Morgan. His money has come easy and he plunges deeper than before. There are men in every community who have seen through the same mill. Gen Groat's case being exceptional only in the extent to which he rose and fell.—Burlington Phoenix.

A Woman's Wealth.

Paine's Celery Compound

GIVES VIGOR AND STRENGTH TO DEBILITATED AND RUN DOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those that do not imply a rapid and unequal exhaustion of those powers by which life is maintained. While we assert that the women of our land stand peerless for beauty and the virtues that make them lovable, we cannot hide the fact that there are thousands in our midst who, owing to overwork, worry, household cares, and an unequal exhaustion of life power, have become weak, nervous, sleepless, and debilitated.

We bring to the attention of all weary, dependent, hopeless, and sickly women, earth's great restorer and health builder, Paine's Celery Compound. Thousands of healthy women around us owe their present vigor, activity, and robustness to Paine's Celery Compound. Mrs. Stephen Smith, St. Paul, Minn., tells how she was snatched from the grave: she says:—

"I had a bad attack of grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that as soon as they brought me out of one faint I was in another. I could not take my nourishment, and doctors' medicines did me no good. A friend advised my husband to get me a bottle of Paine's Celery Compound, which he did, but had no faith in it. The second day after taking the Compound, I began to get real hungry and took an interest in things. I had everything that money and loving care could supply, and with that and Paine's Celery Compound, I am now doing my own work, while three months ago I was almost in the grave. I know that I owe my health and strength to Paine's Celery Compound, and shall always recommend it."
