

number of State Banks already existing, and to the vast amount of paper issued by these banks—considering that, in the very nature of things, this paper must be limited to the local and its circulation, I confess I see nothing but a well conducted National Bank which is likely to afford an guard against excessive paper issues, and can furnish a sound and uniform currency to every part of the United States. This is not only a question of finance—not only respects the operations of the Treasury, but it rises to the character of a high political question. It respects the currency, the actual money, the measure of value of all property and all labor in the United States. I hardly know any thing less consistent with our public duty and our high trust, nor any thing more likely to disturb the harmonious relations of the States, in all affairs of business and life, than for Congress to abandon all care and control over the Currency, and to throw the whole money system of the country into the hands of four and twenty State Legislatures."

### HIGHLY IMPORTANT FROM MEXICO.

#### American Citizens declared Pirates!

We learn from a slip from the office of the New Orleans Picayune, dated the 21st May, that the schooner Lady Hope had arrived there from Matamoros with the important intelligence that the crews and passengers of the *Julius Caesar* and *Champion* had been tried for piracy, condemned and imprisoned. The Texan schooner *Independence* had been captured and carried into Vera Cruz. Capt. Wheelwright was killed. The U. S. sloop of war *Boston* was off the Brazos on the 14th, and had repeatedly demanded the release of the American vessels *Cora*, *Leonidas*, *Mechanic*, *Rob Roy*, *Porpoise*, *Champion* and *Julius Caesar*, from the Mexican authorities, captured by their fleet. As her commander was unable to obtain any satisfaction he had sailed for Pensacola. In addition to the above, we learn from the Mobile Commercial Register, that in consequence of the capture of the Gen. *Urrea* a number of American trading vessels had been captured in the Gulf. The whole of our naval force under Com. Dallas was under sailing orders from Pensacola. The *Independence* was captured after a fight of four hours. Col. Wharton, the Texan Minister to this country was on board, and is, of course, a prisoner.

\* Other accounts say that he was wounded in the abdomen by a splinter, and was alive at the date of the last letter. Other accounts state very positively, that Capt. W. was but slightly wounded.

#### LATEST FROM MEXICO.

The New Orleans Bee furnishes Tampico papers to May 6.

The Mexican cabinet was organized on the 24th of April, and the following were sworn in as Ministers of departments; General Mariano Michelena as minister of war; Manuel de la Penya Pena, of the interior, and Joaquin Libria, of finances. Angel Maria Morales was also sworn in as counsellor of state.

Gen. Gaudaloupe Victoria has been appointed military commandant of the department of Vera Cruz.

General Vincente Filisola arrived at Matamoros on the 5th ult., and will have a command in the expedition against Texas.

The Mercurio of Matamoros of the 5th of May, states:

"That a body of Texans had suddenly fallen upon the town of Bexar, in order to carry off the Mexican families residing there, and the latter having made resistance, several persons were killed. On retiring, the Texans set fire to the town and embarked in their vessels."

The Gazette of Tampico of April 29th contains the following, which is the Mexican account of the naval battle:—"Last evening arrived and anchored off the Brasses St. Jago, the brig of war *Libertador* and *Vencedor* de Alaman, under the orders of the commander of the squadron, with their prize the Texan schooner of war *Independence*, which was bravely defended before she was taken, and her captain severely wounded by a ball in the abdomen. In this vessel was made prisoner Mr. William H. Wharton, who was proceeding to the United States as minister plenipotentiary. Among the cannon found on board the Texan schooner, was one eight pounder, lost some time since at San Jacinto. It was considered by the Texans as one of the chief trophies. The prisoners have been treated with generosity by the express order of his excellency the commander in chief, who directed the wounded captain and Mr. Wharton, should be carried to head quarters."

A stage proprietor in Northampton is now keeping his horses on wheat, which he finds more profitable and cheaper than corn.

### Frederick Franks

WOULD inform his friends and patrons that he is constantly in the receipt of the newest fashions from Europe; that in procuring these, he cheerfully incurs very considerable expense; and that those he has recently received, enable him confidently to assure his customers that he can please them, whether they prefer a greater or less compliance with fashion.

He will add, that in any case he fails in giving the satisfaction which he has promised above, he will restore the value of the materials.

Mr Franks will continue, as heretofore, to cut garments to be made by others, and will do it on the shortest notice, and in the most tasteful manner.

### New Arrival.

**Just received by Boat,**  
SALT Pork, No. 1 Mackerel, Salmon, Cod Fish, Halibut Napes, Tongues & Sounds, New Orleans and P. B. Sugars, Leaf do, Molasses, Young Hyson, Hyson Skin and Souchong TEAS, Cinnamon, Spice, Pepper, Ginger, (real root), Rice, Old Java COFFEE, Sal. Soda, Citron, Mace, &c. &c.  
JUNE 1.  
DUTTON & CLARK.

**One Good Effect of the Pressure.**—"It is an ill wind that blows nobody any good," quoth the adage, and accordingly we find that the pecuniary distress prevailing in Mississippi, has caused, or is about to cause, the passage of a law prohibiting the introduction of slaves into that State from other States. The ready demand for slaves in the South West, and the high price paid for them, frequently \$1200 per man, has had a powerful tendency, of late, to check emancipation in Maryland, Virginia, &c.—*Journal of Com.*

**Extract of a letter dated**  
JACKSON, Miss. April 26.  
The bill to prohibit the introduction of slaves into this State as merchandise, or for hire, having passed the House, is now before the Committee of the Senate on the Judiciary. The bill will no doubt pass the Senate without any material amendments. Most of the members believe that the clause of our State Constitution, prescribing that "The introduction of slaves into this State as merchandise or for sale, shall be prohibited from and after the 1st May, 1833," compels them to vote for the bill.

**Harrisburg, Pa., May 21st.**—An extraordinary and ominous change of feeling has our Reform Convention undergone within the last week. Party lines have disappeared. It is doubted whether another party vote will be taken during the session. The Reformers having blown off their steam, during the first week or two, have even ceased to talk, much less to enact, radicalism. There is a striking unanimity of feeling in opposition to tinkering the Judiciary; and as to "charter breaking," it is not thought of or dreamt of. There is scarcely an individual in the Convention who is now willing to bring forward any proposition in accordance with the doctrine of Mr. Dallas' famous letter-Charter, and vested rights are likely to remain just as secure in this State, as if the national administration had taken no corrupt and tyrannical measures for their subversion. Although this body came together, divided by a strict party line, into two nearly equal parties, and elected its officers by close party votes, after party caucusing, yet it is now almost certain that there will not be another party vote on any question whatever. I say this is ominous;—it is an omen of defeat and disgrace to "the party" whose leaders, or rather drivers, have so long misruled the country.—*Cor. of the N. Y. Jour. of Com.*

**TREASURY CIRCULAR.**—Mr. Secretary Woodbury has addressed a circular to the cashiers of the suspending banks, asking an explanation of the causes, &c. and notifying them that no farther deposits of public money can be made with them, if they have actually suspended. The Secretary informs them that he will draw out the funds deposited with them, by warrants and transfers, reasonable amount and time of payment—which it is expected that the banks will meet in a satisfactory manner—among other reasons, to "exonerate themselves from injurious, inevitable, and unpleasant consequences." The following queries are propounded for an early answer:

1st. Whether you expect to resume specie payments soon, and what mode you propose to take fully and seasonably to indemnify, secure, and satisfy the government and the public creditors for any breach of your agreement and bond?

2d. Whether, if you do not expect to resume specie payments soon, any particular time for it hereafter has yet been decided on, and what special efforts or arrangements you intend to make for that very important object?  
N. Y. Com. Adv.

**Great Rise in the Ohio River.**—The Ohio river, the 19th, had risen rapidly to the height of 20 feet; all the tributaries being much swollen and bringing down on their flood immense quantities of drift wood, trees with green foliage, and much valuable timber which had broken loose. At Kesawha Salines, the river had risen 30 feet in 24 hours; and the consequence was, that property to the amount of \$150,000 was destroyed, consisting principally of salt.

**The Sea Serpent again.**—The Bristol R. I. Gazette of Saturday last, has the following:

**No Hoax.**—Capt. Blye, of the brig *Clyde*, which arrived at this port yesterday from Matanzas, says on Sunday last in lat. 38, lon. 73, about 10 o'clock A. M. a queer looking fish in the shape of a snake, under the lee of the vessel, of a greyish color, and about the size of a ship's mainmast; his head passed under the vessel's bottom; about 100 feet was on the surface of the water. Capt. B. thinks he must have been at least 200 feet long. The body was perfectly smooth, without the appearance of any hump or prominences. As he passed very near the vessel, he was distinctly seen by all on board for a very considerable time. No doubt one of the Sea Serpents so often seen on our coast.

**Seduction and Murder.**—The Indianian, published at Charleston, Indiana, states that an individual named Cole, formerly a resident of that county, succeeded in obtaining a promise from a young girl, whose parents live near New Lexington, in that State, to elope with him. They proceeded on their way to Vernon, where he became very much intoxicated, and seating himself and his victim on a log by the wayside, he deliberately drew a knife from his bosom, and plunged it in her breast. Thus basely, and in a cold blooded manner, he had stained putting a period to an existence he had lost with dishonor, and destroyed one who had lost her reputation, and abandoned all her hopes of heaven and the countenance of her friends, for her seducer. With one scream, that brought the neighbors to the spot, she expired. The murderer instantly fled.

**EXECUTIVE USURPATIONS.**—Congress passed Mr. Clay's Land Bill—but the Executive destroyed it. Congress re-chartered the National Bank; the Executive destroyed it. Congress said that the Deposites were safe in the Bank of the United States; the Executive removed them. Congress issued the Specie Circular; it was issued by the Executive. Congress rescinded the Specie Circular; and the Executive defeated the rescission.

**The Cincinnati Whig** under the head of a "True fish story" says a catfish was lately caught in the Ohio, a hundred miles above Louisville, which weighed ninety-eight pounds, and had in his maw a negro child of considerable size.

The Anti Masonic Convention held last week at Harrisburg, Penn. appointed delegates to a National Convention, to be held at Washington in September next, for the nomination of a candidate for the Presidency.

**Residents and non-Residents.**—The Legislature of Michigan have taxed the lands of non-resident as well as resident proprietors. All land improvements of less value than \$500, and of buildings under \$250, are to be exempt. No land is to be assessed less than \$3 an acre.

**On Dit.** We have heard on good authority that Major Abraham Van Buren, (son of the President), will shortly lead to the hymenal altar, one of the accomplished daughters of General Duncan L. Clinch, of Camden County, Georgia. Thus will the son of President Van Buren become a Southern and a slaveholder.—*Darien Tel.*

In China, in October last, a serious theatrical accident occurred, which is thus stated in the Philadelphia Inquirer:—"During the performance some fireworks were let off, and the bamboo shed in which the singing was took fire. The spectators, too eager to save themselves, rushed out over a narrow bridge constructed for the occasion to lead to the theatre, but over a river, which gave way under the too great pressure, and all those at the time upon it were precipitated into the water, and upwards of 120 women and 30 men drowned. Of the actors none lost their lives."

Gen. Jackson has contradicted the report, under his own hand, that he had failed. He asserts that he has lost nothing—owed but a few hundred dollars—and for twenty years past has not drawn a draft upon any person whatever.

**Practical Amalgamation.**—Married on Thursday the 7th ult. by R. Doty, Esq. Andrew Armstrong, a colored man of Derry township, Westmoreland to Miss Lydia Ann Wooding, a white girl of Blairville, and lately from the State of New York.—*Blairville Record.*

**THE BEN SHERROD.**—The Providence Journal in speaking of the dreadful sacrifice of life caused by the loss of this steamer, says that the most awful part of the whole is, that the horrid affair was the result of ARDENT SPIRITS and RACING. To induce the men to strain their utmost, a barrel of WHISKY was placed on deck, and free access was allowed to it; they became maddened by the liquor, and heated the boilers so high as to set fire to the boat.

**More of the Experiment.**—The last Dover Equivocal says that the Cocheo Manufacture have stopped another mill. The hands—two hundred in number, were paid off and discharged on Monday.—The Great Falls and New Market Companies "are stopping their mills and discharging their hands."

**ORDINATION.**—The ordination of the Rev. Osgood Smith took place on Wednesday the 17th of May, 1 o'clock, P. M. in Wilmington, Vt. Reading of the Scriptures by Rev. C. Tottman—Ordaining prayer by Rev. M. Bruce—Sermon by Rev. J. M. Purinton—Charge by Rev. P. Howe—Fellowship of the Council by Rev. J. Vincent—Concluding Prayer by Rev. Mr. Farrar—Benediction by the candidate.

Bills of the following Banks are not received at the Suffolk Bank, Boston. All others in New England are received at par.

**Massachusetts.** Nahant, at Lynn, and Chelsea, at Chelsea, broken; Adams, at North Adams.

**Maine.** City, at Portland; Old Town, at Old Town.

**Vermont.** St. Albans, at St. Albans; Manchester, at Manchester; Essex, at Guildford.

**Connecticut.** City, at New Haven; Stamford, at Stamford; Bridgeport, at Bridgeport; Fairfield County, at Fairfield; and Southbury, at Southbury.

**Rhode Island.** Line Rock, at Smithfield; Warren, at Warren; New England Pacific, at North Providence; Kent, at Coventry; Rhode Island Central, at East Greenwich.

**Ch. Eagle, Exchange, Providence, Roger Williams, Union, Bank of North America, Mechanics, Mechanics and Manufacturers, High Street, Manufacturers, Blackstone Canal, Globe, Arcade, Weybossett, Commercial, at Providence, are at par in Providence.**

**PRICES.**—Beef Cattle—Sales were quick at an advance of about 25c per hundred, and we advance our quotations viz: a very few extra at \$12; first quality at 7 75 a 85; second quality 7 25 a 7 50; and third quality at 6 50 a 6 75.

**Cows and Calves.**—Sales were made at \$25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

**Swine.**—No lots were sold to peddle. At retail, 8 and 10 for Sows, and 9 to 11 for Barrows.

**N. YORK CATTLE MARKET, May 29.**  
Reported for the Jour. of Commerce.

At market 500 head of Beef Cattle; 100 Milch Cows, and 70 Sheep. Lambs arrive in small lots and are taken from the boats.

There was a pretty good demand for Beef, and all taken at full prices; and for good and extra cattle higher prices were obtained, viz: at from 7 to 10; extra 10 to 12; average price, \$8 75 the 100 lbs.

**Milch Cows** were in fair demand, 60 sold at from \$25, \$30, \$40, and \$45, each.

**Sheep.**—The few sales at market were inferior and sold at from \$2.50 to \$3.50 each.

Townshend, May 17, 1837.

The following valuable Vegetable Medicines stand at the head of all other medicine for the complaints to which it is recommended. If resorted to in season it is said to cure nine times out of ten. "A stick in time saves nine."

DR. CHAS. HOLMAN'S  
VEGETABLE ELIXIR.

TAKEN INWARDLY IN SWEETENED WATER.

This Elixir is useful in all cases of pain, if taken inwardly or applied externally.

In cases of common Head-ache, bathe the head and snuff it up the nose; it will generally relieve in a few minutes. Hold some in the mouth for the Tooth-ache, then wet cotton and put it on the tooth; it will generally relieve the pain in a short time.

In cases of pain in the stomach or bowels, by taking from 1 to 2 tea spoonfuls, or by bathing the parts affected, the pain will soon be removed.

When the joints are swelled or pained with rheumatism, rubbing them with this Elixir will relieve pain and bring down the swelling. When a joint is strained, by bathing with this the pain will be removed, the swelling taken down, and the strength restored.

In cases of cramp in the limbs, stomach or bowels, this Elixir will remove it immediately. Applied to cuts, bruises, slight burns, or other wounds, it effects a speedy and easy cure.

Blood warts are cured by applying this Elixir. "Weeping Sinews" are cured by bathing the part affected several times a day, and wearing a flannel over the same.

People troubled with RHEUMATISM, or pain in their backs, may rub their shoulders with this Elixir two or three times a day. A recent relax is generally cured by taking from 1 to 2 tea spoonfuls two or three times a day for a few days.

Swellings in any part are removed by taking it, and bathing the part affected.

### Vegetable Phthisic Drops.

This is a most valuable medicine for the phthisic, and has never failed to help and generally cure, and is good for loosening a hard dry cough, and for those who are inclined to consumptive habits; and is highly valuable in cases of whooping and chin cough, shortness of breath, diseased liver, &c. Diet should be light and nourishing, omitting everything hard of digestion. Dose for an adult, from 1 to 3 tea spoonfuls in a little water—more or less as the case may require.

### Bilious Regulating Drops.

These drops will regulate the stomach, turn sickness, cure the common and sick head-ache. For those that are troubled with their food digesting them, may take, after eating, two tea spoonfuls in a little water. Children that are troubled with worms, (age 2 years) may take from 4 to a whole tea spoonful in a little water, sweetened.

**Dr. Holman's Nature's Grand Restorative.**  
For dropsy, coughs of long standing, shortness of breath, nervous complaints, St. Vitus' Dance, &c. &c.

### Evening Bilious Pills.

These pills have been long used with great effect, and had in much highly deserved estimation. Adult may take at bed-time from 3 to 6 pills. They will break up colds and throw off fevers, and cure the jaundice, &c.

### Indian Eye Water.

This is very valuable for weak and inflamed sore eyes. Add half soft water the first of using it.
