

WHOM SHALL I LOVE?
 Whom shall I call the dearest one,
 Of all my tender friends!
 Whom better love than all the rest!
 Whose goodness knows no end?
 I have a mother dear, whose love
 Is very sweet to me;
 But the grave may cover her,
 And whither shall I flee?
 I have a father, oh! how kind!
 And good he is to me;
 But still, should God take him away,
 I should an orphan be.
 But I'm told there is a Friend
 Unchanging in his love;
 His name is Jesus, and his home
 His name is Jesus, and his home
 Is fixed in heaven above.
 Though once he died, our souls to save
 From Satan's dreadful power,
 Standing beside His Father's throne,
 He lives for evermore.
 He lives to pardon all our sins,
 He lives to plead for me;
 Then let me, in my early days,
 Then, though my earthly friends remain,
 I'll go to Him for rest,
 And though the world would tempt my
 I'll love my Saviour best.

JEW DAVIDS,
 OR
HEBREW PLASTER.

THE peculiarities of this Chemical Compound are owing to its extraordinary effects, upon the animal fibres or nerves, ligaments, and muscles. Its virtues being carried by them to the immediate seat of disease or of pain and weakness.
 However good any internal remedy may be, this, as an external application, will prove a powerful auxiliary, in removing the disease and facilitating the cure, in cases of Local Inflammation, Scrofulous affections, King's Evil, Gout, Inflammation, and Chronic Rheumatism, and in all cases where seated pain or weakness exists.
 A gentleman travelling in the South of Europe and Palestine, in 1830, heard so much said in the latter place, in praise of Jew David's PLASTER; and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a Lung and Liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of what balmy and delicious climate.
 He accordingly applied a plaster on the right side of the chest, where the pain was seated, another between the shoulders, and one over the region of the liver. In the meantime, he drank freely of an herb tea of laxative qualities. He soon found his health improving; and in a few weeks his cough left him, the salowness of his skin disappeared, his pain was removed, and his health became permanently reinstated.
 It has likewise been very beneficial in cases of weakness, such as weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weakness, &c. No female subject to pain or weakness in the back or side, should be without it. Married ladies, in delicate situations, find great relief from constantly wearing this plaster.
 It has also great spread of certificates is intended. Those who wish to satisfy themselves of the efficacy of this plaster, can obtain sufficient to spread 6 or 8 plasters for 50 cents; a sum not half sufficient to pay for the insertion of a single certificate into any of our most common prints, a single time. This trifling price per box is placed upon it, in order that it may be within the means of every afflicted son or daughter of the community; that all, whether rich or poor, may obtain the treasure of health which results from its use. Price per box, 50 cents. Directions accompany each box.

"This is the noblest" Morgan "of them all!"

YOUNG SHERMAN MORGAN.

IT is well known throughout New England, that the cross of the true French Stallion, with the English Race Horse, in the person of "Old Sherman," has produced a breed of Horses, well known as the "Morgan Breed," unrivalled for beauty, speed, and bottom.
 Young Sherman Morgan combines in an eminent degree all the various excellencies of the Morgan breed, and is the most perfect specimen of his celebrated race of horses now alive. Having stood in this vicinity for two years past, his colts are well known and highly estimated. He is a sure foal-getter; and those who have once seen his stock, invariably prefer him to any other horse offered.
 Numerous certificates have been given, but his best recommendation is the stock itself, which is universally esteemed and preferred wherever known, and can be seen by calling on the subscriber. The Farmers in Windham County, are earnestly invited to call and see this Perfect Animal and his colts, before making bargains any where else, for the use of an inferior Horse.
 Young Sherman Morgan was raised in Littleton, N. H., out of an English Mare by "Old Sherman Morgan"—is eight years old this grass—fifteen hands high, color, a rich nut brown—his head small with an expanded forehead—eyes large, bold and prominent—a sure indication of blood, and a vigorous constitution—great thin, elastic, and well raised—his body round and ribbed well home to the stifle—his joints short and erect, especially at the pasterns—with fine flowing mane and tail—in short if any man has a desire to see a specimen of the famous Andalusian Horse, he has now an opportunity.
 Young Sherman Morgan will stand the ensuing, as follows:—on Mondays and Tuesdays, at Arad Burnett's Tavern, at New Fane Plant; on Wednesdays and Thursdays, at 4 o'clock, P. M. at James Taggart's, Townsend; on Fridays and Saturdays, at Col. Chase's, Brattleboro. Season to commence 8th May and close 1st August.

ATTENTION BALD HEADS.
 OF all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald three months ago, can now exhibit luxuriant heads of hair.
 Copy of a letter from Dr. S. S. Fitch, Philadelphia, May 10, 1838.
 Dr. Jayne.—Dear Sir—I feel that I can hardly say enough to you in favor of Albert's Oleaginous Hair Tonic, sold by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.
 I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's Oil, Vegetable Hair Oil, &c. &c., without experiencing much, if any benefit.
 Respectfully yours, S. S. FITCH, No. 172 Chestnut street.

DR. JAYNE'S EXPECTORANT.

THIS invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for ASTHMA, COUGH, BRITTING OF BLOOD, HOOPING COUGH, CROUP OF HIVES, CONSUMPTION, CHRONIC BRONCHITIS, Hoarseness, Pain and Soreness of the breast, Difficulty of breathing, and every other disease attested to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, ASTHMA, Hectic Fever, a spitting up of Phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected.
 It always cures ASTHMA—two or three large doses will cure the CROUP or HIVES of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of HOOPING COUGH, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "CONSUMPTION," have been restored to perfect health by it.
 Jonathan Goring, D.D. President of Granville College, Ohio, (late of New York,) in a letter to the proprietor, dated New York, December, 1836, says—"I was labouring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant."—Mrs. Deiks, of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine.—Mrs. Ward, also of Salem, was cured of the same complaint by one bottle.—A young lady, also of Salem, who was believed by her friends to be far gone with Consumption, was perfectly restored by three bottles.—Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.
 Extract of a Certificate from Rev. Dr. Babcock, late President of Waterville College, Maine.—"From intimate personal acquaintance with Dr. D. Jayne a regular student of the Medical University of Pennsylvania, and an experienced, successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are extensively circulated. On trial of them in my own family, and some of them personally, I have more than realized their favorable anticipations. They are what they profess to be—not quack nostrums—but skillfully prepared antidotes for some of the most afflictive of human diseases. I know that they are highly esteemed, and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe, as well as eminently useful remedy for the diseased."
 RUFUS BABCOCK, Jr. Philadelphia, 7th June, 1838.
 The following Certificate is from a practising Physician, and a much respected Clergyman of the Methodist society.—Dated Modest Town, Va. Aug. 27, 1838.
 Dr. JAYNE.—Dear Sir—I have been using your Expectorant extensively in my practice for the last three months, and for all attacks of Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried. Very respectfully yours,
 R. W. WILLIAMS, M.D.

A certain Cure for the PILES,

HAYS' LINIMENT has been used by thousands for the above distressing complaint, and in no case has it failed to effect a cure. It was the last death bed bequest of the celebrated Dr. Gridley to his friend and attendant, Solomon Hays. Hundreds can testify to the wonderful effects of this Liniment, who have used it in New York, and who say it works like a charm. The following are some which have been handed to the proprietors, in addition to which many respectable citizens have voluntarily called and left their addresses with permission to refer to them.
 SALEM, JUNE 11, 1832.
 Mr. Hays—Esteemed Friend, I am happy to inform you that my wife has used those two boxes of Liniment which you sent her, and is now entirely well of the Pile, and it is to the astonishment of all her friends and attendants. I shall be in town in a few days with my wife, and shall amply compensate you, and shall not forget to recommend it to all my friends who may be so unfortunate as to be troubled with so desperate a disease.
 JOSHUA DODGE. This certifies, that I have been many years afflicted with the Piles; and have in vain paid out considerable money for various remedies. Having heard of your Liniment, I purchased a box, and soon after using it according to directions, was entirely cured of the complaint. I recommend it as a safe and effectual remedy.
 SAMUEL WIMAN. New York, Dec. 1, 1832.
 I do hereby certify, that for a number of months I was severely afflicted with the Erysipelas, and tried a number of remedies to little purpose, until I purchased a box of your Liniment, from which I found immediate relief and a perfect cure.
 JAMES JACKSON. This will certify, that I have been troubled with the Piles most of the time during seven voyages to Europe; I have applied to both European and American physicians without success—have used part of one box of Mr. Hays' Liniment, which has effectually cured me.
 GEORGE EMERSON. Mr. Perley Sibley, of Athol, Mass. has been greatly afflicted with the Piles for 30 years past. He stated to one of the proprietors of Hays' Liniment, that he tried almost every thing that had been recommended to him, and had followed the advice of many physicians, but obtained no relief. Having seen Hays' Liniment recommended in one of the papers, he was induced to try it, although he had little faith in advertised nostrums. He has used one bottle, which has given him great relief and almost entirely cured him; he thinks one bottle more will cure his complaint, and he recommends all who may be troubled with the piles to try this remedy. October 4, 1839.
