Governor Walker's Letter of Resignation.

Kansas has been jealously called the graveyard of Governors. Reader, and Shannon, and Geary were all sent out there in rapid succession by President Pierce.

Governor Walker has tendered his resignation of the office of Chief Executive of Kansas, in a letter to the Secretary of State.

The whole tenor of the letter is mainly firm and explicit. It is a model of clear, concise and forcible reasoning, and will not fail to excite conviction to all northern minds that are open to fair argument and undoubted facts.

It is accepted, however, on the express condition that I should advocate the submission of the Territory to a vote of the people for ratification or rejection.
