

## DIAMOND DUST.

**The Barres Again.**  
The Barre Enterprise of this week says:  
"Efforts were made by the Barre management to arrange a series of games with the Brattleboro champions of Vermont. The management of the Brattleboro refused to meet the home team, therefore how can the Phoenix 'saw' at the Barre of 80 because they won the championship of Vermont and seek to defend their laurels. This trouble is hardly worthy of notice. The claims of the Enterprise in regard to the Barre being champions of Vermont in 80, were fully answered in the Phoenix of May 28, 1890, in an article headed 'Puff Blows of Concoit.' For the benefit of the Enterprise we will repeat that the Brattleboro management never refused to meet the Barre in 1889. Brattleboro issued a challenge to any club in the state to play a series of games for the championship. Below Falls, a team of all professional players, accepted, and in the championship series Brattleboro won five out of seven games. Last year the Enterprise told about how the Barre team was stronger than ever. Brattleboro made no such claim, as it would be difficult to get together a stronger aggregation in a place of this size than the team of 1889. Nevertheless, the Brattleboro without attempting to play good ball, had no difficulty last year in defeating the Barre 3 to 2, and this year the Barre 'champion' pitcher of '90 was in the box. Five of the Brattleboro of '90 are in league teams, ranging in strength from the American association to the New England league; none is the equal of any college player in the country, another is with the strongest club in Western Massachusetts, and two have retired from base ball.  
The Enterprise in the Enterprise is a victim of his own head. He should know his hat band and believe himself."

Hickey will not go to Quincy, Ill., as has been stated. He is now playing at short for Waterbury in the Connecticut state league. In the first game, last Saturday, he was at bat five times, and made three singles and a two-bagger, being the only player who made a hit. The game was won by the Waterbury, the Waterbury winning. Hickey would come to Brattleboro if a time was found here.

Henry Slater, the old Turner Falls and Millers Falls player, who was with Kansas City and Quincy last year, will join the Portlands. He has spent the winter at his home in Shelburne Falls.

Albert Schoff of the Mansion House is president of the new association at Greenfield. The team will be all home talent, with Forestal and Reed, formerly of Newburyport, who work at Greenfield, as the battery.

P. W. O'Rourke, the Brattleboro catcher for the past two seasons, has signed with the Northampton, and with Ensworth will form one of the batteries.

Claremont is to be very strong in pitchers. Henry Burns, the old Worcester twirler, who was in the last year in the 3 to 0 game which Brattleboro won, is to be the regular pitcher, with Al. Smith, who is to be the regular pitcher, as a reserve. It is expected that Barry of Dartmouth will catch for Claremont.

Next Wednesday will be a gala day at Amherst college, as the opening of the Pratt athletic field, the gift of Frederick B. Pratt of the city of \$50,000, will take place. At 1:15 p. m. there will be an exhibition of light gymnastics in the Pratt gymnasium by the junior, sophomore and freshman classes for the Lincoln prize and class cash; at 2:30 the athletic field will be dedicated, the placing of the home plate and raising of the championship pennant following the presentation of the field to the address of acceptance by the junior class. The Amherst will play a championship ball game, and in the evening there will be the Lester prize exhibition in oratory by the junior class.

The U. V. M. A. had no difficulty in downing the Morris at Brattleboro Wednesday, the score being 5 to 3. The Morris made only one hit off O'Connor.

There are no new developments in regard to a new game in Brattleboro this season.

In a Holy Cross-Worcester game last Friday, Danny O'Neill and one of the Worcester players indulged in a "scrapping match," but were separated before a knock-down had been scored.

Slater made a home run and a two-bagger in his first game at Portland.

Tom David made his first error on Tuesday, but until he had accepted over 80 chances without error, a record unparalleled by any other professional player in the country. In the first six games with the Washingtons he made 11 base hits with a total of 15.

The Brown University boys continue their good work, having recently won from Dartmouth. Yesterday in a 1 to 0 victory, the Browns have met with one defeat, however, Harvard winning from them a few days ago 8 to 1. A Providence paper is publishing portraits and sketches of the leading Brown players.

Slime is said to have pocketed \$20 advance money before he left Portland.

Colleton, the Holyoke manager, is anxious to come to Brattleboro and take charge of a team.

## A Word for the Thoughtless.

Mr. Editor:—I would like to say a few words regarding the importance of perfect quiet on the part of an audience in a concert room. Continued communication, except at the intervals between the numbers, is inexcusable. It disturbs and annoys the artists, to say nothing of the disrespect to them. It is also distracting to those who wish to give their undivided attention. The apparently thoughtless whispering of a few young people was quite disturbing at the concert of last evening. A little thoughtfulness on such occasions would not be amiss.

## NORTHFIELD, MASS.

The Unity club held its annual supper and sociable at the Unitarian vestry on Friday evening last. It was a most enjoyable affair. After partaking of a delicious supper, a short program, consisting of songs, readings and music, was presented. The club will not meet again until next November.

Rev. S. P. Cook has been granted a leave of absence of two months. He intends to go abroad, and will start as soon as he can secure a passage. D. L. Moody will supply the pulpit during the month of June, while different ones will supply during May. Mrs. Cook and children will spend the time with their friends near Boston.

Dr. N. P. Wood is recovering from a severe attack of grip, which is prevailing here.

Joshua Gravett, a former student of Mt. Hermon, was ordained on Tuesday afternoon of this week at the Congregational church. Rev. Mr. Hyde of Greenfield and several other clergymen from near-by towns were present. Mr. Gravett goes directly from here to Denver, Col., where he has received a call. The good wishes of his many Northfield friends attend him in his career.

The body of Walter Willard was brought from New Haven to Northfield for burial recently. Mr. Willard was a nephew of R. K. Caldwell of this town. He was the only son of a widowed mother who looked to him for support in her declining years. Although only 24 years of age he was junior partner of a large, wholesale hardware and woodenware firm in New Haven. He was taken violently sick with the grip and lived but a short time.

Mrs. Horace Holton is moving into the office of the late Dr. Mead, which has been remodelled into a desirable tenement.

Mr. Cecil Bagnelle, editor of the Turners Falls Reporter, and wife, have moved to Turners Falls from Northfield, and begun keeping house.

C. A. Linsley and Mr. Wright Stratton will return from the Bon Air Hotel in Georgia next week, and will spend the summer here. Mrs. Stratton is already here.

The Mount Hermon students gave a patriotic drama at the town hall on Monday evening of this week. The proceeds are to be used for class expenses.

## MASSACHUSETTS NOTES.

The kindling wood factory of the Turners Falls lumber company was burned last Friday. Loss \$10,000; insurance \$3,250.

There was a \$20,000 fire at Holyoke Wednesday, W. B. Whitney & Co., and the Connecticut River Lumber company being the chief losers.

Seventy-five houses have been built at Orange this year, and 20 are already in process of erection. It is said that if 50 tenements were ready in the village they could be rented at once. New streets will be laid out and two miles of concrete and curbing laid.

More ancient bird tracks have been found in a stone quarry about a mile and a half north of Holyoke. They are each eleven inches in length, three claws to each foot. The tracks are four feet and ten inches apart. There are eleven tracks in consecutive order, leading up the hill. Each

track is imbedded in the stone ten inches. They are very perfect, even the toe-nails are distinct. Several Easthampton men offered to get them out in good shape and deliver them for \$1000. Other tracks were found near by, but they are not as perfect as these eleven.

Mrs. Isabella Smith Cooper, supposed to be the oldest gypsy in the country, died at South Hadley Falls last week, aged 95 years. She was born in England, but spent 75 years of her life in the United States. A few days ago she was carried to the ground where she had camped for 30 summers, and placed in the tent where she died.

A French boy 17 years old, tramped into Greenfield last week. He spent two nights in the lockup and one at a hotel. Sunday morning he was unable to get up and it was found that he was ill with small pox.

The third annual music festival of the Hampden County musical association will be held at Springfield next week Wednesday, Thursday and Friday. Among the artists engaged are Clementine DeVore, Myron W. Whitney, D. M. Babcock, Mrs. S. C. Ford, Mons. Gille, Mrs. Julie E. Wyman, Miss Kathinka Paulsen-White, Miss Rose Stewart, Wm. H. Kieger, Emil Moltenhauer, Victor Herbert, Giuseppe Del Puente, Felix Winteritz, Adele Ann Der Ohe, and Mrs. E. M. H. Hascall. G. W. Chadwick is the conductor.

At the Greenfield district meeting Monday evening it was voted to pay the firemen and officers the same as last year, and to place a tax of 50 cents on \$1000 for expenses, aside from the water rates.

A large iron truss bridge at Elm street, Pittsfield, collapsed Monday evening, carrying down three children. They clung to the railing and were rescued with some difficulty, all somewhat bruised. The bridge had been undermined by high water.

Four Holyoke merchants pleaded guilty to the charge of selling adulterated cream of tartar, and paid a fine of \$30 each. They were arrested on complaint of the state board of health.

Next year work will begin at Holyoke on a stone dam to take the place of the one now in use. It will be 100 feet below the present structure, 1005 feet long, and its estimated cost is \$500,000.

## NEW HAMPSHIRE NOTES.

The Methodist conference has made appointments for Cheshire county as follows: Hesterfield, supplied by Mark Tisdale; Fitzwilliam, by Frederick L. Rounds; Hinsdale, by C. W. Williams; Keene, W. E. Bennett; Marlboro, George W. Russell; Marlow, H. G. Hoisington; Munsonville, supplied by William Merrill; West Bindle, J. Mowry Bean; Winchester and Westport, M. T. Cilley.

Edward A. Winters, landlord of the Winchester House, and J. Eugene Powers, a druggist of the same place, had papers served upon them Saturday for selling liquor. The hearing was at Keene and both were held in the sum of \$200.

Salmon H. Fox, 20 years postmaster at West Swazey, and the leading merchant of the place, died Monday. He was a man of high standing in the community, and had taken a prominent part in the affairs of the town, and had been ill for a long time with consumption. He was a native of Barnardston, Mass.

The Walpole Gazette, published by the proprietor of the Advocate at Claremont, makes its appearance last week. The Walpole department is in charge of Edward A. Knowlton.

Walter A. Tuttle was ordained to the ministry and installed pastor of the Universalist church at Winchester on Thursday evening of last week. The sermon was by Rev. C. H. Leonard of Tufts college, and the charge by Rev. E. W. Sprague of Brattleboro.

The Concord Monitor says that during 48 years that the Concord railroad has been in operation it has not had a single passenger killed in transit. This is a remarkable and probably unparalleled record. Lightning often plays curious pranks, but it did something out of the ordinary at Walpole on the 11th, when it entered a hen-house and clipped off the tail feathers of a rooster, but did not injure the bird.

A strange fatality occurred at Lebanon last week. Frank Emerson, a manufacturer, was out riding with his wife and child, when the horse took fright and jumped over a railing into the high and rapid Mascoma river. Mrs. Emerson threw the child on the rocky bank, but could not save herself, went whirling down stream and was drowned. Mr. Emerson was carried down stream 30 rods but escaped.

## La Grippe Again.

During the epidemic of La Grippe, last season Dr. King's New Discovery for Consumption, Coughs and Colds proved to be the best remedy. Reports from the many who used it confirm this statement. They are not only quickly relieved, but the disease is cured. We ask you to give this remedy a fair trial and we guarantee that you will be satisfied with results, or the purchase money will be refunded. It has been equal in La Grippe or any Throat, Chest or Lung trouble. Trial bottles free at F. H. Holden & Co.'s drug store. Large size 25 cents and \$1.

## Resolutions on the Death of Mrs. A. N. Howe.

Whereas, In the ways of Providence, our worthy and much esteemed sister, Mrs. A. N. Howe, has been called from our midst, as we believe to higher and larger usefulness, and

Whereas, The W. C. T. U. has lost an earnest, faithful worker, one who ever took a deep and heartfelt interest in the cause, therefore be it Resolved, That while we mourn her loss, we bow in submission to the holy will, and would extend our sympathy to the bereaved husband and children in this hour of affliction.

Resolved, That these resolutions be spread upon our records, a copy be sent to the husband of our late sister, and they be published in our local papers.

MRS. J. A. ORTON, Secretary, Committee.

MRS. C. W. WYMAN, Secretary.

MRS. A. G. ALLEN, Secretary.

Having sold our Grocery business to Henry W. Simonds, we desire to thank our many customers, both whom we have having done for the past six years, for their favors, and we trust that Mr. Simonds will have a continuation of them. S. TUCKER BROS.

## She Whispered in Her Sleep.

AND through her rosy lips she said: "Lace curtains must be washed this week. Of course you know it is no small job to wash and dry lace curtains nicely. Excuse the string when I say 'we are in it' at the Flat Street Laundry. Lace curtains are coming in rapidly, and just now is the time to attend to such things. My desire is to please each customer every time so far as possible. L. A. FALES.

## March April May

At no other season does the human system so much need the aid of a reliable medicine like Hood's Sarsaparilla, as now. The impoverished condition of the blood, the weakening effects of the long, cold winter, the lost appetite, and that tired feeling, all make a good spring medicine absolutely necessary. Hood's Sarsaparilla is peculiarly adapted for this purpose, and increases in popularity every year. It is the ideal spring medicine.

"I must say Hood's Sarsaparilla is the best medicine I ever used. Last spring I had no appetite, and the least work I did fatigued me ever so much. I began to take Hood's Sarsaparilla, and soon felt that I could do as much in a day as I had formerly done in a week. My appetite is voracious." Mrs. M. V. BAYARD, Atlantic City, N. J.
