### Standard Bred Colt Mutilated, Probably by Dogs

Animal Died Two Days After Being Taken from the Pasture by Henry Crawford, the Owner.

A standard-bred colt, sired by Bay Aristos, owned by Henry Crawford, was mutilated in the pasture last week, probably by dogs, so that it died on Monday of this week. On Friday night Mr. Crawford received a telephone message from of his neighbors stating that the colt one of his neighbors statung that the coit, had been seen in his pasture and that it appeared to be very weak. Mr. Crawford went to the pasture the following morning and found that the coit, which was about 10 days old, had been bitten, its legs being badly mangled. The colt was taken to the barn and an effort was made to preserve its life, but without avail. Mr. Crawford feels sure that the wounds were caused by dogs, as he thinks any other animal which would attack so small a colt would kill it.

The cause of her death was a stroke of apoplexy Mrs. Lyman's health had been such as to cause her family some anxiety the past two or three years, but no new symptoms had developed and there was no apparent cause for uneasiness of late. Repeating the exclamation, she asked to be helped mained until the end came.

"In the lead mines I was at work on my knees with my elbows pressed against rock walls, in dampuess and extremes of cold," said Mr. J. G. Meukel, of 2975 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Wil-liams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to use the pills, was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Both my sons use them.

consider them a household remedy that we are sure about." What Dr. Williams' Pink Pills did for Mr. Meukel they are doing for hundreds of others. Every dose sends galloping through the veins, pure, strong, rich, red blood that strikes straight at the cause of all ill health. The new blood restores regularity, and braces all the organs for their special tasks. Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels or bother with mere symptoms of disease. They root out the cause of disease from the blood itself. It is through the blood that Dr. Williams' Pink Pills cure paleness, answig indigestion headaches, neuralgis. mia, indigestion, headaches, neuralgia, rheumatism, lumbago, sciatica, partial paralysis, locomotor ataxia, failing powers and the irregularities in the health of growing girls and women.
