TOWNSHEND.

South Londonderry 7, Townshend 6, The return game with the South Lon onderry team on their grounds last Saturday proved exciting. Townshend started in with five safe hits off Howard, the Dartmouth pitcher, which netted three runs but from then on they only found him for four safe ones and were only able to score three more runs, yet this would have been enough had Lincoin in the fifth stopped Clayton's drive. This error, with a general mix-up of wild throws, was responsible for three runs and the game. This was the first close and the game. This was the first close game Ober has ever pitched and to put him up against an experienced team of acknowledged heavy hitters was not only a test of his endurance but of his cool-headedness and he surely won his title of "Admirable," by his stendy work, striking out six men and allowing only four hits in the eight innings pitched by him, Lawrence going into the box in the ninth when Ober refused to pitch another ball. when Ober refused to pitch another ball which, under the circumstances, was very childish. It is a long hard drive from Townshend to South Londonderry, yet it is always a pleasure to meet and pla such a clean lot of fellows as make up th "Derry" team and it is hoped there wi be several more games with them.

The following clipping from the Brantford. Ont., Expositor, June 6, 1906, is one of interest to Townshend people: "A large audience was present last evening at Zlon Presbyterian church to witness the production of Mendelssohn's oratorio, 'St. Paul.' All entered most heartly into the work and from start to finish the oratorio was eagerly listened to and much enjoyed. The solo work particularly was done in a delightful manner. Miss Dale, formerly of this city, where she has won many distinct triumphs by her beautiful voice and manner, was the soprano soloist of the evening, and her rendering of the two great arias Jerusalem. Thou That Killest' and 'I will Sing of Thy Great Mercles, will long linger in the memory of each listener. Miss Dale's voice has gained in every way since her work and studies have been carried on in Chicago, and all predict for her a most brilliant future in her calling. The work of the chorus was grand, showing a round rich body of tone, while in attacks and shading they were well nigh perfect. This body of singers have done a great and lasting work here in Brantford while under Mr. Kenyon's direction and it is to be sincerely hoped that Mr. Kenyon's successor can continue this work. It was announced on the pro-gram that Mr. Kenyon will give a fare-well concert on the evening of June 26." CHILD OF TEN CURED BY DR. WILLIAMS' PINK PILLS.

Mrs. Ream's Daughter Began to Gain Flesh at Once and is Now Well and Happy.

Children are doubtless punished many times at school for not keeping still or for dropping things when the trouble is really chores, or St. Vitus' dance, as it is popularly called. So common is this nervous disease in childhood that in some schools one-fifth of all the pupils have been found suffering from it in one form or another. Before the presence of the disease is betrayed there is usually a disturbance of the general health. The child shows listlessness and inattention. Then it becomes restless and twitching of the muscles and jerking of the limbs

and body follow. Often the patient loses flesh and be-comes pale and bloodless. A remedy that cures St. Vitus' dance, and cures it so thoroughly that no trace of the disease remains, is Dr. Williams' Pink Pills. A recent cure is that of Georgia, the tenyear-old daughter of Mrs. D. M. Ream,

of Conemaugh, Pa. Mrs. Ream says: "When Georgia started to school last year she had stomach trouble and after-ward her mouth began to twitch. She would shake all over and could not be After a few months her mind became affected. She was under the care of two doctors for almost four months. When she had been sick for about seven months we heard of a case like Georgia's that had been cured by Dr. Williams' Pink Pills. It was in the latter part of February that she commenced to take the pills and they made the greatest change in her. They not only cured every trace of the St. Vitus' dance but helped her in every way. She never was very stout until after she took the pills, but now she has gained in weight. She goes to school every day and is well and happy. Dr. Williams' Pink Pills are

happy. Dr. Williams' Pink Pink are worth their weight in gold." Dr. Williams' Pink Pilk build up the blood to carry health and strength to every part of the body. They have cared severe cases of bloodlessness, indigestion, influenza, headaches, lum-bago, sciatica, neuralgia, nervousness, spinal weakness and the special ailments of girls and women whose blood supply becomes weak, scanty or irregular. They are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$8.50, by the Dr. Williams' Medicine Company, Schenectady, N.Y.
