Music by the lestion was interspersed throughout the legion was interspersed throughout the exercises, making the entire program a very enjoyable one. The general opinion seems to be that the merit of the speak-ers was so even that it could not have been an easy matter for the judges to make a decision.

The town meeting Tuesday for the state election showed the votes cast for governor as follows: Floyd 287, Jameson 85, scattering 14; for congressmen, Cur-rier 282, Ladoux 18, scattering 6; for state rier 232, Ladoux 123. Duncan 67; representatives. Henry W. Taylor, Wolfred N. Pike, Republicans. The interest centred largely in the question of license or no license, and considerable work was put in on both sides. Two automobiles, run by Brattleboro residents, were busy

bringing in the voters to carry the town for license, and not a few got their first ride in the horseless carriage on that day. The no license people did a good deal of quiet work with the result of a good gain over the vote of two years ago, but not enough to carry the day. The result of the ballot: Yes 206, no 193, as against the 1904 vote which stood, yes 210, no 131. As the license people got only 12 majority it would seem that so little more strenuous effort on the part of the other party might have resulted in a victory. The fact that all the surrounding towns with the exception of Chesterfield went no license makes it all the worse for Hinsdale, whose peace-loving and law-abiding citizens can only loving and law-abiding citizens can only look for worse conditions than have here-tofore existed, until a change can be brought about.

NEW HAMPSHIRE NOTES.

Condition of Miss Paine, Who Was Shot in Westmoreland.

The condition of Miss Lillian Paine, who as shot at Westmoreland Oct. 29, remains about the same. She is able to talk with her family to some extent and has stated, among other things, that she left the rifle inside the sugar house and came out, when she saw two men, and that was the last she remembered until she gained consciousness in her home. Mrs. Paine, the mother of the girl, said Saturday that an empty shell was found in the rifle and another of the same calibre was found just outside the sugar house. This second shell is not account-ed for, as the girl claims that she did not fire the rifle. Mrs. Paine also stated that when the searching party was looking for her daughter some members of the party went past the house and looked inside and did not see her and about half an hour later others passing the house found her lying on the ground just outside the door. Mrs. Paine says it is a mystery to her how her daughter was shot. Mr. Paine believes the girl was shot by someone other than herself. He stated last week that the searchers, while looking for her heard their shouts answered by voice, and that the voice reced drew nearer.—[Keene Sentinel
