Restore Fertility to the Soil.

The way to accomplish this is to use P. & P. HIGH GRADE Fertilizers

These Powerful and Productive Fertilizers

return to the land practically the same substances that have been taken from it by the crops. It is an animal fertilizer containing the organic matter necessary to the nourishment of all plant life. Many of these substances are in an easily soluble form making them quick acting, while others supply food for the plant in the later stages of maturity.

The right selection of fertilizers is an important factor in your success this year and in years to come.

NEW HOUSES

We have built during the past year, probably more new houses than have been built by any one party within a year, for a long time, and while they may be plain looking, they are built of first quality material all the way through, and built in first class shape.

We have used the best grade of shingles, clapboards, lath, pulp plaster and cement, the very best grades of birch and hard pine finish and maple flooring, also first class guaranteed plumbing. We invite and urge anyone, who wants to build or invest money in a new house, to go out to Fort Dummer Heights and look the 16 houses over which we have built out there. About one-half of these are occupied—the rest are open to inspection. As we expect to finish work out there in a very few days we would like to have all interested parties go very soon.

We are ready to contract with anyone for almost any kind of a building and feel that we can guarantee first class work.

We have taken the agency for the coming year for the Alpha Portland Cement and also for the United States Gypsum Company's Pulp Plaster, both of which we can guarantee to be as good as anything on the market, and will sell the same at a very low figure.

HOLDEN & MARTIN

WILMINGTON. The voters turned out in good numbers Tuesday and the meeting business of the annual town meeting passed off quietly, there being no contest for any of the officers. With the exception of road commissioner the officers were all filled by re-election. The warrant in detail was disposed of as follows:

Reports of town officers were read and accepted.

The list of officers is given elsewhere in this paper. Town tax voted, \$80; highway, \$20; schools, \$80. Miss Helen Buell was elected to succeed herself as library trustee.

The following appointments were made by the selectmen: Fence viewers, E. E. Courtemanche and J. H. Fox; surveyor of wood, K. P. Ames; weigher of coal, W. E. Howe; grand jurors, F. J. Corbett, J. Courtemanche and J. H. Fox; assessors, Roy Ware, F. E. Titus, E. F. Medbury, Forrest Boyd, M. E. Lyman, W. D. Carpenter and F. H. Alvord.

It was voted that the owners pay for the care of the town clock; voted to sustain 26 weeks of high school, 34 weeks in the grades; voted that the town defray expenses of a surety bond for town officers; \$50 was voted for the proper observance of Memorial day; \$200 was voted for the continuance of the Pettee free library; \$200 was voted in addition to the amount required by law to take advantage of the state aid law.

It was voted to pass over the article for the medical inspection in the schools; voted to pay the town officers 20 cents an hour and expenses for time spent in the service of the town; voted to select the state board of agriculture to the maintenance of a proper set of scales for the weighing of hay, etc.

The following committee was elected to confer with the state board of agriculture with reference to a farmers' meeting to be held in Wilmington the coming year: L. H. Adams, H. H. Fox and Cella A. Heather.

Relieved of Worry

How many homes have experienced the hardships resulting from the long drought the past two years, caused by the lack of refreshing rains? What a dire misfortune it was to have the well run dry! Then, indeed, we knew what good water meant, and a vital part it played in the family routine. And so it is with the family income. While the earner is alive and well the supply keeps coming in each week or month by month, but the time will surely arrive when the supply will cease, and then, in the very nature of things, there must be some substitute. The NEW YORK LIFE INSURANCE COMPANY'S MONTHLY INCOME checks are as sure as the tides of the ocean. It is a fixed and regular income for those dependent on you and is furnished by this great international company at the lowest annual cost. You may own your own home but secure to provide your wife or child with food or clothing, in case you were not there? The NEW YORK LIFE INCOME policy contains all the liberal features desired. It will pay off the mortgage and protect your beneficiaries. Inquire of New York Life Office.

Sea Shore Resorts About New London to Be Boomed the Coming Season.

Important announcement is made by the Grand Trunk-Central Vermont railway for tourists who wish to visit the seashore in the vicinity known as New London, Conn., and its environments, such as Grotto, Ocean Beach, Crescent Beach, Fishers Island, Watch Hill, Block Island, Sag Harbor, Shelter Island and Long Island resort.

These resorts have not been known very much to Vermonters and Canadians, but have appealed to American tourists and strollers for many years, and they are becoming more popular, particularly on account of the warm sea bathing and the excellent deep sea fishing.

In order to give people an opportunity to visit these charming seashore resorts, extremely low fares are to be made this year, and a new train will be inaugurated with the summer change of time, June 24. A fast, daily, electric lighted train, which will be known as the "Seashore train," will be equipped with the latest creations in Pullman cars and coaches will leave Montreal at 8 p. m., making only the principal stops between there and New London, reaching the latter point at 8 a. m. The same service will run northbound, leaving New London at 8 p. m., daily, arriving in Montreal at 8 a. m.

Passengers from the north will arrive in New London in season for breakfast and trolleys can be taken to the resorts in the vicinity of New London, or steamer to the nearby resorts, arriving early in the forenoon.

The day train, New England States Limited, will have parlor cars to New London at the numerous hotels and boarding houses in that locality.

A handsomely illustrated booklet, giving information in regard to the resorts in the above vicinity, which will include a list of hotels and boarding houses and the excursion fares, will be sent upon request by applying to any regular ticket agent of the company, or to the general passenger agent, St. Albans, Vt.

Nations of the world are showing tremendous interest in the aeroplane. Recently Great Britain's war department asked \$50,000 for its aviation corps. France has announced that she will purchase 100 aeroplanes from Germany, Germany is developing its aeroplane industry, and now American aviators, including Baldwin, Lee and Hammond, are on the verge of organizing a \$500,000 company for the manufacture of aeroplanes and instruction in their use.

Soldiers Mutiny in Pekin. About 2000 of the Chinese soldiers forming the personal bodyguard of President-elect Yuan Shih Kai of the new republic of China, suddenly mutinied after their pay had been reduced on Thursday and began looting in the Tartar part of the city of Pekin. These were soon joined by a large number of local police, coolies and unemployed men, all of whom indulged in rioting, looting and murder. Even the foreign residences were not spared, but the foreigners were able to escape injury by taking refuge on the Chinese compound, many being escorted thither by squads of foreign troops. Fires were set and soon a large area of the native city was in flames. Many of the natives were killed and many injured. Another version of the affair has it that the mutiny was due to an order for cutting off all queues. The mutineers left the city Friday morning, carrying much loot with them.

The Canadian forest yielded last year 4,900,000 cu ft of lumber, estimated to be worth \$75,000,000.

ASK MR. BROWN.

People who have taken our word for it that PARISH'S SAGE is the real hair grower, beautifier and dandruff cure have never been disappointed. Here's the word of a person who took our word. "I have been using PARISH'S SAGE about a year. When I began to use it I had only a light 'fuzz' on my head. Now I have a good thick growth, and it is growing thicker and longer right along. Many people don't believe it can be done, but I know from my own experience that PARISH'S SAGE is that it can; I recommend it in the fullest confidence.—(Gaines Brown, 708 North Street, St. Maryville, Mo.)

The above statement was made to Dr. C. C. Koch of the Koch Pharmacy, Maryville, Mo., April 29, 1911. Large bottle 50 cents at Wilfred F. Root's and druggists everywhere. It is guaranteed.
