"I have raised this year 1450 bushels of Gold Coin Potatoes on 11 acres of land, used five tons of your Superior Fertilizer. Last year we raised 2000 bushels on acres and used 1 ton of Superior per acre."—CORA E. VORE, Knox Centre, Me.

"I planted a field of corn, the land having previously been in grass for several years. I gave the land a high coat of manure and then used your Swift's Lowell Bone Fertilizer in the drill when planting. The corn was the White Southern Fodder corn and it averaged all over the piece at least 15 feet in height. The ears were about 6 to 7 feet from the ground, and I harvested between 60 to 70 tons of silage from these two acres. One man who has been working for three weeks in the neighborhood filling silos, stated that he did not see a piece of corn in the town that could touch this one."—Enw. T. Riley, Salem Depot, N.H.

His time, 1 hour, 18 minutes and 41 sec-onds, was nearly two minutes better than the old world's record. Billy Queal,

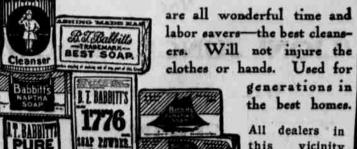

grows worse day by day. A fortnight ago there were 50,000 people homeless and destitute along the lower river. Now the number has increased to 115,-000 and the breaking of more levees Pri-Jay and the day before has opened still further areas to inundation, while rain and snow over the headwaters Friday gave promise of a fresh rise later in the month. It is a very great and wide-spread catastrophe which has reduced a spread catastrophe which has reduced a vast multitude of people to absolute destitution. Their lands are under water, their homes have in many cases, been destroyed, and they have saved no more than if they had been shipwrecked. The government is doing its best to supply shelter and rations, but when the emergency has bassed there will still be emergency has passed there will still be need of a great relief fund to help small farmers to make a fresh start, and the whole country should contribute gener-
