A GREAT NEWSPAPER COMBINATION. For the past 52 years, over half a century The Michigan Farmer has been published, and it is the oldest regular agricultural journal under one name on this continent. With largely increased capital and under new management that has had 23 years successful experience in agricultural journalism, this great paper is making rapid strides towards the top in the galaxy of agricultural literature of America. It is most beautifully printed on high grade paper, and employs the most eminent writers on the science and practice of agriculture, horticulture, live stock, dairying, apiculture and poultry. Has a standard veterinary department for free treatment of all diseases of farm animals. A legal and medical department; contains all the agricultural news of the country and an invaluable literary and household department every week. Admits no swindling nor immoral advertisements and is in fact in every way a great, sound, practical, agricultural, live stock and family journal, that the agriculturalists of Michigan may justly feel proud of, and subscribe for with satisfaction and profit. We are pleased to be able to announce that we can furnish to our subscribers The Michigan Farmer and THE YALE EXPOSITOR, both one year, making a total of 104 papers, for the low price of \$1.50, certainly a bargain that should be liberally patronized. A Multitude of Counsel. The opinion is rapidly gaining ground that a remedy which has proved efficient in the hands of the skillful practitioner, a remedy prepared by him as the result of years of observation and experience, for the treatment of disease in individual cases, may if placed by the same practitioner within the reach of the reading public, be instrumental in curing many who otherwise have remained ignorant of it.
