Some mothers' children are always well dressed and other observant mothers wonder how it can be afforded on a small income. We'll let you into the secret hoping you will profit by it. These managing mothers have the knack of making over garments and odds and ends, which are made to look new by coloring over with Magic Dyes, at expense of only a few cents and a little easy work, for it is easy to dye with Magic Dyes. Use a darker dye than the goods you wish to color over, follow the simple directions faithfully and you cannot fail to be pleased with the result. Large 10 cent packages of Grand Holden, Yale.

The frost is on the leaves at dawn,
The fields are bare where daisies grew;
What matters it? The flies are gone,
Yes, and the blained mosquitoes, too.

Do not fail to hear the eloquent Dr. Gardner.

Mrs. Nelson, of Sharpville, is making arrangements to take her little grand daughter, Dora Sharp of Yale, to Ann Arbor, for treatment. The poor little girl is sadly crippled and Mr. Sharp's many friends hope the undertaking of a cure for "Little Dora" may prove beneficial.

Any gentleman thinking of getting a suit, overcoat, or pants will do well to call at Windsor's tailor shop upstairs over Ballentine's double store and see the latest in fall and winter wear. It is impossible to dress well and not have your clothing made to order by our popular tailor Steve Windsor.

A whist party was given at the residence of Harvey Tappan last Friday evening by Kate Hayes in honor of her guests from Port Huron, Misses Thorn and Cannally. All the young people of the Whist Club were present and six tables were filled. An enjoyable evening was spent and a dainty repast was served about midnight.

The Port Huron Sunday Herald in a write-up of Prof. Sturgis' concert has this to say about one of Yale's former young ladies:—"Miss Gertrude Bearss also gave a solo entitled 'Brightly the Sunlight.' Miss Bearss seems to improve with every attempt. On this occasion her voice was sweeter than ever before and filled the audience with raptures."

A man may die very rich, but when he does he reaches the condition of the poorest beggar the world knows. He doesn't carry with him enough pocket money for ferrage over the first river. There is no blinder man upon the earth than he who looks abroad upon all the poverty and distress and ignorance of the world, then counts the millions to his credit, and lies down and dies.

A gasoline stove exploded last Saturday in the kitchen of S. J. Welch's dwelling. Miss Nutt who lighted the stove was knocked insensible. The flames were quickly extinguished by other members of the household after the young lady's hair was badly scorched and the house getting a shock such as a small earthquake would make. Had the fire got beyond control, owing to two invalids being in the house, the matter would have been very serious.

M. P. Allen's new store is now completed and Mr. Allen is in Detroit purchasing goods. He expects to open up next week. The building is a 22x40, two story high, with a plate glass front. The upper story will be used by Mr. and Mrs. Allen as a residence for a time. The store is finished after the latest city style; pure white throughout and will hereafter be known as the "White Store." Mr. Allen has taken great pains to have it made of the very best material and has a building that is a credit to himself and to the town.—County Journal.

When the cushion tires for bicycles came out it was thought to be perfection, but when the pneumatic tire appeared the cushion was found to be superfluous; and now there seems likely to be another change which it is said will even eclipse the pneumatic. It is a paper tire which is likely to surpass all others and soon take their place on the up to date wheel on account of being much cheaper than the rubber. In fact it is asserted that two paper tires on a machine will cost only two-thirds or one-half what a pair of rubber tires cost, and being less yielding, the new material may last much longer. Its champions claim it will not so easily be cut or punctured by glass or sharp stones, and will not break from constant squeezing and inflation as soon as rubber.

And now the hunter hies him forth
On search of game and fun,
But spoils his chance for either
By blowing down his gun.

Dedication of the new M. E. church next Sunday.

A change of time card appears in this issue for the C. & G. T. and G. T. R.'s.

John Sexton and wife are both sick with typhoid fever. Yale is threatened with a scourge of this disease.

However great the attendance a perfect system of ventilation secures comfort to all at new M. E. church.

A. W. Ferguson & Co. present a change of adv. for the perusal of Expositor readers. Read what it contains.

There will be no services in the other churches of Yale on account of the dedication of the new M. E. Church, next Sunday.

It does not pay anybody to antagonize the newspapers. Many a man has found that out to his cost, and more will find it out.

A brother to William Secor, who lives in Goodland, Lapeer county, is insane and it is thought by attending physicians that it will be necessary to take him to the asylum.

It is cheap but it is one of nature's own remedies for all the ailments of the horse, cattle, sheep and swine this Royal Stock Food can be found at Ferguson's hardware store.

It is a good time now to plant fruit, forest and shade trees all about your land. Let the forest trees be nut trees of improved varieties if possible. There is more time now to plant porphyry these choice gifts of nature than there will be in the spring. They will have chance to strike their roots into the soil before winter freezes it up. Plant hardy orchard trees, too, which will bear fruit so luscious that your grandchildren will eat of them and bless the old man.

Our nerves are to our life, what the foundation is to a building—our life prop and support. When a foundation becomes weak, no sane man would use frozen earth to strengthen it, but it would be just as wise as to try to restore the nerves with morphine, alcohol, opium or other pernicious drugs. Dr. Wheeler's Nerve Vitalizer is the solid masonry of medicine, absolutely free from injurious drugs, a permanent restorer of nerve force and health. A symptom blank with each bottle for advice and free treatment by the Doctor if desired. Ask Grant Holden, Yale.

"The Simple Story of How to build a dynamo at home" is the title of a serial which will commence in the Detroit Electrical Student of December 22. It tells in language a child can understand how a dynamo and battery which will run the sewing machine can be built by any boy. Give the boys a chance. Electricity will be the biggest breadwinner of the 20th century. Perhaps your boy, if he gets a start, will make it his life work. The student is a crisp little weekly for amateur students of electricity. One dollar a year. Detroit Electrical Student, 35 Lafayette Ave., Detroit, Mich.

Are you going to hear "Uncle Sam" to-night? This is what everybody asks in Hardin and everybody answers, yes. "Uncle Sam" is the Rev. Sam Bettes, of Chicago, who tried to knock the bottom out of Light chute last week but owing to a shortage of canvases stopped very suddenly and viewed the beautiful scenery for a few days. "Uncle Sam" is the same man who came into town last week and announced that he would deliver a lecture in the Presbyterian church on a certain evening and about twenty people went to hear him. The next night there were probably twice that number and now you can't get standing room in the church unless you are ahead of time. "Uncle Sam" has the English language at his command and can picture the sublimity of heaven as you desire it and the torture of hell as you deserve it. By his humorous and logical talk and magnetic possessions he has filled the church to its utmost; and the people are wrapped up with his eloquence. He will remain here the remainder of this week. Go out and hear him and if he hits you rightly, don't say anything until you get home, then "Take it to the Lord in prayer."—From The Leader, Hardin, Ill., Nov. 26th, 1894.

VanCamp-McDonald.

Married, at the residence of Mr. and Mrs. N. W. Holmes, of Peck, on Monday, November 26th, 1894, John S. McDonald, of Sanilac Centre, and Minnie VanCamp, of Peck. Walla Reynolds of Amador acted as groomsmen and Edie Boice, a bridesmaid. About fifty near relatives and friends witnessed the ceremony and gave their congratulations to the newly wedded. After a delightful repast had been served Mr. and Mrs. McDonald took the train for Chicago where they will spend their honeymoon, afterwards returning to Sanilac Centre to make their future home. We extend hearty good wishes for the health, happiness and prosperity of these two made one.

Holder-Akers.

Miss Lydia A. Holder, one of Port Huron's well-known young ladies, and Ernest N. Akers, a prosperous young business man of the Tunnel City, were married at the home of the former, 219 Thirteenth street, at 5 o'clock Wednesday afternoon. The wedding was practically private, only about twenty-five of the immediate friends of the contracting parties being present. The ceremony was performed by Rev. Joshua Stansfield, of the Lapeer Avenue M. E. church. Miss Celia Leckie acting as bridesmaid and Frank Yokom as best man. Mendelssohn's beautiful wedding march was exquisitely rendered by Miss Lillian Welch. Mr. and Mrs. Akers left on the 8:40 o'clock train in the evening for trip to Chicago and St. Paul, and will be absent a week or ten days. On their return they will for the winter board at 748 Water street. Both Mr. and Mrs. Akers have a large circle of warm friends in Port Huron who will wish them a long and happy married life.—Port Huron Daily Times of Friday, November 30th.

The many friends of Miss Holder in Yale unite in wishing her happiness and prosperity through life.
