A Multitude of Counsel.

The opinion is rapidly gaining ground that a remedy which has proved efficient in the hands of the skillful practitioner, a remedy prepared by him as the result of years of observation and experience, for the treatment of disease in individual cases, may if placed by the same practitioner within the reach of the reading public, be instrumental in curing many who otherwise have remained ignorant of it.

"True," you say, "but there are so many remedies, how are we to choose?" Let us suggest one remedy for your investigation, THE COMPOUND OXYGEN TREATMENT of

No life is a failure that leaves the world better for having lived in it, but the man who dying can look back on no acts of his own that have benefited his fellow men or help to uplift humanity, though he may count his wealth by millions, has wrecked his opportunities and leaves the world far worse for having lived in it. This world is a great battlefield on which is waged the conflict of right against wrong, and the men who live the truest lives are the men who are always ready at the call of duty. The great trouble with our world-to-day is that while the people believe in self sacrifice as a virtue they nearly always expect somebody else to practice it. When man can realize aright the nobility of doing good this world will be a paradise and men will vie with one another to see who will do the most in the interest of the common good.

"Body Rested, Mind at Ease."

That is what it is when traveling on the fast trains of the Chicago, Milwaukee & St. Paul Railway; besides there is no chance to "kick" for the accommodations are up to date, the trains keep moving right along and get there on time. These lines thoroughly cover the territory between Chicago, La Crosse, St. Paul, Minneapolis, Aberdeen, Mitchell, Sioux Falls, Sioux City, Yankton, Council Bluffs, Omaha and Northern Michigan. All the principal cities and towns in that territory are reached by the "St. Paul" lines, connecting at St. Paul, Council Bluffs and Omaha with all lines for points in the far west. Write to HARRY MARZEN, Michigan Pass' Agent, Detroit, Mich., for one of their new map time tables and a brochure giving a description of the compartment Sleeping Cars. Tickets furnished by any coupon ticket agent in the United States and Canada. The finest dining cars in the world are run on the solid vestibuled, electric-lighted and steam-heated trains of the Chicago, Milwaukee & St. Paul R'y. 33

The Columbia Desk Calendar.

For ten years the desk calendar issued by the Pope Manufacturing Company has held a unique place among business helpers. Each daily leaf during that time has taught its quiet lesson of the value of better roads and outdoor exercise, and especially the benefits of bicycling. The calendar for 1895, which is just issued, is even brighter than its predecessors in appearance, as clever artists have added dainty silhouette and sketch to the usual wise and witty contributions that have heretofore given this popular calendar its charm. It can be had for five 2-cent stamps from the Pope Manufacturing Company Hartford, Conn., or from any Columbia bicycle agency.

Teachers' Association Postponed.

As the State Superintendent of Public Instruction has informed us that he will be unable to attend the meetings if held on the 21st and 22d of December, and as several of the teachers who have been invited to take part have written us that they were so busy just before the close of their terms they feared they would hardly have time to prepare for it as thoroughly as they would like; and again, as we are informed that many wish to spend the holidays with friends living outside of the county and would find it inconvenient to attend the meetings on the dates named, we therefore deem it advisable to postpone the meetings for one month. The Rally will be held in the city of Port Huron on the evening of January 25th and the Association on January 26th. We hope that this will not only give all an opportunity to attend, but that all will embrace the opportunity.

R. B. FAIRMAN,
Sec. St. Clair Co. Teachers' Ass'n.

"The Simple Story of How to build a dynamo at Home" is the title of a serial which will commence in the Detroit Electrical Student of December 22. It tells in language a child can understand how a dynamo and battery which will run the sewing machine can be built by any boy. Give the boys a chance. Electricity will be the biggest breadwinner of the 20th century. Perhaps your boy, if he gets a start, will make it his life work. The Student is a crisp little weekly for amateur students of electricity. One dollar a year. Detroit Electrical Student, 33 Lafayette Ave., Detroit, Mich.
