The relatives of the late Henry Reid desire through the columns of THE EXPOSITOR to express their sincere thanks to the friends who so kindly assisted them in their late bereavement. They would also thank those who conducted the singing at the funeral services.

The custom of holding funerals at night is a growing one in many cities, for several reasons, and pall-bearers are also dispensed with. The night funeral meets the demand of a much larger number of people, especially those belonging to societies, as a loss of half a day is often a serious tax upon them.

The Junior League and Sewing Circle met at the residence of their leader, Mrs. F. A. The following from an exchange may interest some of our readers: "There is no use walking the floor with a felon," says a gentleman who has had some experience in that direction. Some mothers' children are always well dressed and other observant mothers wonder how it can be afforded on a small income. We'll let you into the secret hoping you will profit by it. These managing mothers have the knack of making over garments and odds and ends, which are made to look new by coloring over with Magic Dyes, at expense of only a few cents and a little easy work, for it is easy to dye with Magic Dyes. Use a darker dye than the goods you wish to color over, follow the simple directions faithfully and you cannot fail to be pleased with the result. Large 10 cent packages of Grant Holden, Yale.

Hood's Sarsaparilla Calendar for 1895 is out and may be obtained at the drug stores. It is one of the most beautiful that the firm has ever issued and the edition was the largest ever printed by any one concern, being over ten millions of copies. There are two faces on the calendar, both of children, representing "Summer" and "Winter." The design was by one of the most gifted artists in the country, and the coloring is most exquisite. The calendar is not only beautiful, but it is also useful, as it presents all the desired information concerning astronomical events during the year. If your druggist does not have Hood's Sarsaparilla Calendar it may be obtained by sending six cents in stamps to C. I. Hood & Co., Lowell, Mass.

There are a number of our subscribers who want the Expositor and would feel annoyed were this office to cease sending it to them, but they don't think of paying for the paper when payment is due. The expense of running a paper like the Expositor runs over \$25 a week, and the employees must be paid weekly and the material connected with the running of the concern must be paid for. For this reason we expect every subscriber, who is inadvertently in arrear, to pay all arrearsages on or before the 15th of January. We need the money at this time or otherwise would not request you to be so prompt. A few dollars now will be very acceptable. Who will bring us the first?

STRAVED.—Came to the enclosure of the undersigned, 2 miles west and 2 miles south of Yale, sometime last summer, 4 lambs. Owner will please call, prove property, pay charges and take away. Thomas Manley. 34-4

Our nerves are to our life, what the foundation is to a building—our life prop and support. When a foundation becomes weak, no sane man would use frozen earth to strengthen it, but it would be just as wise as to try to restore the nerves with morphia, alcohol, opium or other pernicious drugs. Dr. Wheeler's Nerve Vitalizer is the solid masonry of medicine, absolutely free from injurious drugs, a permanent restorer of nerve force and health. A symptom blank with each bottle for advice and free treatment by the Doctor if desired. Ask Grant Holden, Yale.
