Some mothers' children are always well dressed and other observant mothers wonder how it can be afforded on a small income. We'll let you into the secret hoping you will profit by it.

These managing mothers have the knack of making over garments and odds and ends, which are made to look new by coloring over with Magic Dyes, at expense of only a few cents and a little easy work, for it is easy to dye with Magic Dyes. Use a darker dye than the goods you wish to color over, follow the simple directions faithfully and you cannot fail to be pleased with the result. Large 10 cent packages of Grant Holden, Yale.

You saw the same mark on the first page of THE EXPOSITOR and you are looking here to see what it means. Well, it's this:—A large number of those who take this paper—you may not be one of them—owe for one or more years' subscription. It's our money you have, and we need it. Can you say why you should not hand it over? Is it fair that we should print and send the paper to you week after week, and not receive pay for it? Some of you live out West and some in the East, while others live in this town, county and state. Don't let the sun set tonight before you have made things square between you and THE EXPOSITOR.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper a well known druggist, of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Will Lennon.

Our nerves are to our life, what the foundation is to a building—our life prop and support. When a foundation becomes weak, no sane man would use frozen earth to strengthen it, but it would be just as wise as to try to restore the nerves with morphia, alcohol, opium or other pernicious drugs. Dr. Wheeler's Nerve Vitalizer is the solid masonry of medicine, absolutely free from injurious drugs, a permanent restorer of nerve force and health. A symptom blank with each bottle for advice and free treatment by the Doctor if desired. Ask Grant Holden, Yale.

The Yale Whist Club was entertained for the last time this season by Mr. and Mrs. E. R. Beecher and Mr. and Mrs. H. Tappan at the residence of Mr. Beecher Tuesday evening. Nine-teen games were played after a delicious lunch was served by the ladies. After supper the cards were collected and figured for the prizes. Miss Bertha Beecher won the ladies prize—a "just for fun" pen,—by a percentage of .683 and Wallace Adams the gentlemen's prize—a "just for fun" pencil—by a score of .642. These articles are for keeping future scores we hope with a still larger percentage. The "Booby" prize—a box of jack stones—for the ladies, was awarded to Mrs. Steve Windram, while Harvey Tappan's magnificent score of .492 entitled him to the box of marbles reserved for the gentlemen. The two last prizes were accompanied by cards admonishing them not to "play for keeps" as they might lose them. After the distribution of the prizes the club adjourned until next winter, all feeling that they had thoroughly enjoyed themselves during the past winter with the fascinating game of Whist.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle, and as a seller leads all other preparations in this market. I recommend it because it is the best medicine I ever handled for coughs, colds and croup. A. W. BALDWIN, Millersville, Ill. For sale by Will Lennon.

With "unbridled reign" and without a "bit" of courtesy the "grip" entered James Wallace's harness shop "colored" the proprietor, "tugged" him home and "strapped" and "riveted" him to a bed. Although being nearly "blanketed"—5-A, of course,—and now best citizens of the county, the "lines" in his own hands, and now he is still in the "ring". He says he can feel slight "traces" of the "stitches" yet. That's "awl."

Advertising, as the means of prosperity, is not as well understood as it should be. Nothing can take its place. It is a fact that no one who has advertised liberally and systematically has felt like disputing that it was the best spent money he put into his business. As a horse was never made fat by a single bushel of oats, so a single advertisement is never a good test of the benefits of the advertising art. The man with genuine goods to sell who advertises them in the right way without success would be a curiosity. The EXPOSITOR reaches the homes of all the best citizens of the county. The classes who take pride in reading their home paper are the best among whom to circulate your advertising.

"Perhaps you would not think so, but a large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not tell you how to cure a cold but we will, Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by Will Lennon.
