Homes in Yale. Vacant Building Sites. Vacant Business Sites. I have correct maps of the Village of Yale, and Counties of St. Clair and Sanilac. Abstracts of nearly all of Yale property.

News ads this week:-

Will Lennon. Fox & Rounds. Higer's Big Store. Leslie Silverthorn. Girl wanted. Enquire at Dr. Lacy's. Go to the Racket for good granite-ware. Reliable drugs can always be obtained at Will Lennon's. A few more of those men's \$3.00 shoes for \$1.98 at Parkinson's. To stick things use Major's Cement. Beware!! Don't take a substitute. John Wilson has moved into the house lately vacated by H. H. Holden. Leslie Silverthorn's pony gave up the ghost very suddenly last Sunday morning. Another large invoice of the famous J. Richardson shoes just arrived at Parkinson's. Come and see them. Albert Lutz has purchased the forty-four feet north of the Masonic block and will build a brick block within a year. Henry Welch has resigned his position in Ballentine's store, and will accompany the hunting party to the north woods. All parties entitled to premiums from the Yale Agricultural Association are requested by the Secretary, Norman Herbert to call at his residence and get their reward. Farm For Sale or Rent -100 acres good improved land, one mile north of Yale; well watered, securely fenced and first class buildings. Call on or address Wm. Williams, Yale. 18-4 Mr. and Mrs. Robert Paul returned to Marlette this week having closed out their bazaar stock. Mr. and Mrs. Paul have made many friends while among us, and we are sorry to see them go. Regular service of the Church of Christ in Brick Chapel Sunday morning at 11 o'clock. Subject, "The trees of the forest, said to the olive tree, come thou and reign over us." Every one invited. Members of the Bay View Reading Circle will meet with Mrs. E. R. Beecher Monday evening, October 17th, to reorganize. The work this year will be Franco-Spanish. Any person wishing to join the Circle will please be present on that evening. We want to keep you well reminded about the coming treat to be given by our young ladies in the near future. The White Minstrel's promises to be one of the best yet given by local talent and should receive liberal patronage. The Cake Walk will be worth the price of admission alone. Did you ever have the awful and heart dropping feeling of your breeches braces giving away and you know not what might happen. That's just how it feels to be a politician and dependent on office getting for a livelihood. You would never know just when the wind of public opinion might chop round and leave you naked and perched on a bare pole. Yale citizen are not anxious to enter a pumpkin-pie eating contest in which the one eating the greatest number of square yards of pie shall win the prize. But if any wants to get up a contest to determine who has the largest mouth and can take the biggest bite of pie, we are in it for a dead sure prize. We can put our finger on the man who has a mouth that's in it. The Union C. E. Society in Brick Chapel has been laying dormant for several months for causes unexplainable. However it has decided to come out of its shell, and start again on its mission, and will meet as formerly at 4 o'clock Sunday afternoon in Brick Chapel. A good program will be prepared. A song service will not be the least part of the exercises. All C. E.'s by whatever name they call themselves are urgently invited to be present. Should any one meet you on the street with a wide open and smiling countenance, carefully insert his fore finger in your second button-hole and commence to ask regarding your family's health, you can bet your last dime its a political candidate or a coupon fiend in quest of a thirty cent bicycle. Since the arrival of Frank Newell's wheel, the scheme is being pushed with the vim of a stub tailed dog after a woodchuck. Nevertheless Frank has a good wheel and we hope the others will be as successful.

All kinds of amunition at Fox & Rounds.

Shoe repair out-fit only 36 cents at the Racket. Parkinson's 35c tea is the best in Yale. Try it and see. Read L. Silverthorn's new ad on front page and see what he has to tell you. Quite a swarm of Macabees lit on William Strong's potato patch last Saturday and hived his potatoes for him. John Holden has purchased the apple evaporator. Farmers can now bring their apples to Yale and get the cash for them. "Free as the waters that flow," is a saying that will stand a little revision since our village dads have published the water rates. Old fashions in dress may be revived, but no old-fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Will Lennon. Kindly call and pay your village tax at once as the time has nearly expired for the payment of same. J. C. Holden, Village Treasurer.

Carpenters and painters are busy

renovating the building lately vacated by Robert Paul. The store will be filled within thirty days with a brand new stock of groceries by R. M. Lothian. House and Lot For Sale.—I desire to sell my house and lot on Jones street in the village of Yale. Good location. Well of pure water on lot. Will sell cheap. For particulars and terms call on Mrs. J. D. McKeith, Yale. 19

DeWitt's Witch Hazel Salve has

the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve the great pile cure. Grant Holden.

Just as Lute McDonald was starting

for home Sunday evening he was suddenly attacked with a tired feeling but it was the other fellow's wheels climbing into Lute's rig. Lute says "I saw 'er coming but couldn't get out of the way." The necessary repairs kept him in town until the following noon. Among the many queer things the queerest to us of all is a Sunday rain. A perfect torrent of the week-day kind don't keep people from making a train if going on a journey, or a business engagement. But a few drops of the Sunday kind will prevent the same people from attending Church services. After years of thought and careful observation we are unable to conclude whether Sunday rains are more wetting or dangerous than those of other days, or whether the great mass of church people have had the misfortune to get the wrong kind of religion.

As the following concerns the new M. P. pastor,

we gladly publish the clipping, knowing it will interest many of our readers:—At the close of conference we were sorry to learn that our pastor was assigned to another field. The two years Bro. Keith has been with us have been pleasant and profitable, and the preaching services well attended. The church, parsonage and barn have been repaired, most of the work being done by Bro. Keith. We are sorry to part with Brother and Sister Kieth, but congratulate the people of Yale on having secured a pastor and wife so uniting in labor.—B. M. WADLEY.

John Edmonds, a Brown City monument

dealer, ran up against a newspaper man, and, like all such encounters, came out of the scrap somewhat peeled, a sadder but a wiser man. It seems Mr. Edmonds had, for some reason or other, lost faith in the Brown City Banner and ordered the paper stopped. But editor Howse, careless perhaps, neglected to scratch his name off the list and had the paper mailed as usual. Edmonds, on taking it out of the office saw what it was, and endorsed on the paper, to say the least, a not very flattering testimonial of the editor in words like these, "I have no use for a liar or the product of a liar," and fired it back into the postoffice. Uncle Sam was duly notified, and took a hand in the scrap and had Mr. Edmonds arrested for improper use of the mails. It cost Mr. Edmonds quite a few dollars to learn this moral lesson:—It's not safe to monkey with a newspaper unless you have a hand on the throttle.

Nice line of crockery just received

at the Racket. Three fine show cases for sale, at a bargain. See R. G. McLaughlin. Grant Holden is placing some very tasty bulletins this week on the roads leading into the village. \$50,000 to loan on Real Estate mortgages at reasonable interest. J. A. Rapley, Atty.

Elder Reunie will hold a street meeting

Saturday evening, the weather being favorable. Will Lennon has started the ball rolling by having his store wired this week for electric lights.

Harry VanVleet now occupies the

house that has sheltered our village marshall for the past few years. E. B. Fuller & Co., of this place have put in a stock of general merchandise at Peck with A. E. Leavitt as manager.

Wm. V. Andreae appointed E. R. Beecher, Rudolph Andreae and J. B. Stevens to serve as members of the water board. The Presbyterian congregation has rented Central Hall for the coming year, and will hold the first service Sunday evening at 7 o'clock. Every one buys wall paper and window shades at Will Lennon's drug store. The reason—Large assortment, pretty patterns and low prices.

Dr. Gowan, of Berville, and Dr. Berry

of Romeo, performed an operation on Miss Nellie DePeel Tuesday. Everything looks favorable for her speedy recovery. The foundations for the dynamo and engine are being laid this week at the power house. The men are having considerable trouble with quick sand and will have to curb both trenches. There have been no further cases of diphtheria in Mr. Menzies' family and those who were down with it are better. The condition of the family now is such that the board of health have considered them out of danger, and the work of disinfection has been commenced.

Mrs. Barabara wishes to be set right

before the public. Some wretch, with an utter disregard of what constitutes truth, sent an item to The Expositor announcing her marriage. She denies the truth of that statement and says she still remains a widow, and wants it so understood. Wellington Newell and Maude Keyes were united in marriage at the home of the bride's parents in Greenwood on the 13th inst. Elder Rowe officiated. The young couple were the recipients of many beautiful tokens of love and esteem. After the ceremony they left on a wedding trip to Bay City.

A family reunion was held at the

home of Thomas Rapley last Sunday in honor of the departure of Carrie Rapley for Denver, Colorado, where she will spend the winter. Mrs. G. M. Warner, of St. Catherine's, Ont., will accompany her. Miss Rapley hopes to improve her health by the trip. Tom Percival, of Port Huron, was in town Tuesday perfecting a business men's organization for this place: Chas. Rounds, Pres.; W. H. Ballentine, Vice Pres.; F. H. Parkinson, Treas.; Frank Putney, Sec. The organization has been a success in Port Huron and the promoters expect it to be so here.

Brown City as well as James Livingston

& Co. has met with a very serious loss in the total destruction by fire of the flax plant at that place. Everything, buildings, stock of every description were wiped out. Brown City has a good many idle men and the Company is out \$10,000 with about \$3,000 insurance. The fire fiend got in his work well!

If you have never witnessed the

un-corking of bottled up energy and would like to hear it pop, just visit our village school grounds when the days session closes. The rush of many feet upon the pavement, the wild shouts of the boys, the girlish giggling, and the general buzz of the whole swarm as they issue from the hive, are sounds when mingled together make a most joyful melody. An old man hearing it would feel young again. But its all right and we rejoice to hear the noise. Its the safety valve of that mighty force which insures the future of the human race.

The inspiration induced by donning

a nobby new suit, or an elegant dress is a good and noble impulse and probably is experienced by the majority of men and women under such circumstances. But its a kind of inspiration that ought never to show on the outside. Let a lady or gentleman pass down the street wearing a new-clothes-air, and they immediately cease to command the respect of others. It is plain that such are seeking the admiration, not the respect of others. Dressing to command the respect of our associates is a duty we all owe to ourselves and others; but doing so to attract attention and arouse admiration has its motive force in pride, and is no higher or more elevating than the instinct which causes the pea-fowl to show its feathers.

Those "Electricity Lamps."

"Say Bill, what's that scintillating hangin' for up there, an' all them poles an' wires runnin' 'em up the street so far." Says Bill, with chest protruding—his knowledge carries weight—"That's where they light the village with their new fancy 'lectric light!"

And Reuben also comes to town and notes

a fog wheel high. Its use he cannot fathom and does not care to try. But a native from his district strolls along and sees his plant, and carefully explains to him about the "electric light."

On other streets where others meet a brick

bat soars in air, which causes wonder to our friends who see it hanging here. And knowing others come along their ardor you can't damp, and promptly tell them all about the new "electricity lamp."

But should one happen to accept a possible

idea in town, and question him regarding all the poles lined up and down. His answer would come quickly from his teeth closed tight. "Them there's their tarnation fixtures for their cursed 'lectric light!"

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. For sale by Grant Holden.

A stubborn cough or tickling in the

throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once. Grant Holden.

Royal makes the food pure,

wholesome and delicious.
