Dr. Walker will not Treat any unless there is a possibility of a Cure, and will so inform you.

Examination By Reflection

By the latest scientific researches both by improved instruments and methods, the Doctor is enabled to discover the true nature of the disease and locate the organ or part affected and many diseases and complications which have heretofore proven most obstinate to the medical profession, yield like magic under his skill and system of treatment. The Doctor is endowed with the wonderful gift of being able to diagnose without questioning, and will describe with the greatest accuracy your aches and pains wherever located, tells better how a person feels than they can tell themselves. There is no need to live in constant misery. It costs nothing to see him. The fullest examinations are free, and his prices for treatment are within the reach of all. He is a friend to the afflicted and will turn none away unaided. The merchant angles with the artisan while seeking relief at his hands, and hundreds are cured every year.

READ WHAT THE PEOPLE SAY.

One of the most respected ladies in this vicinity, after being treated by all the best physicians and pronounced incurable, was advised by a former patient of Dr. Walker's to call and consult him. She says: "For the past 15 years I have been a great sufferer with heart trouble and nervous prostration; the least exertion would cause my heart to flutter and become very irregular and so weak, causing complete exhaustion. I felt as though each day would be my last, and were it not for my little ones death would have been a relief. After three months treatment with the Doctor I felt as well as I ever did. My heart beats regularly and strong, and that tired feeling has entirely left me. What joy and sunshine with health restored."
MRS. E. J. B.

Mrs. S. W. Rose, also rejoices being cured of catarrh of the stomach of 15 years standing.

Mrs. A. G. Stankala, a well known and respected lady who has lived in Pontiac for the past 10 years, makes the following remarkable statement. She says: "For 22 long years I had been a constant sufferer, have been treated by several noted physicians, each one differing in opinion as to what ailed me. I took their medicine faithfully but received no permanent benefit. I was completely discouraged and thought many times that I must die. In reading the Pontiac papers I saw that Dr. Walker, of Detroit, would be at the Hotel Hedges. I decided to call and see him. The doctor made a thorough examination and told me I could be cured, and I am most happy to say that such proved to be the case, for in one month's time under Dr. Walker's care I was completely cured and have been well ever since. I feel that I thank the doctor enough for this remarkable restoration to health."
Signed, Mrs. A. G. Stankala.

Remember Date of Visit.

Mr. Charles J. Preston cured of catarrh of the stomach and blood poisoning, says he would not be in his former condition again for \$5,000.
