

## FUNDS FOR THE BOER WAR.

Britain to Authorize an Immense Sum.

IT IS TO BE AVAILABLE AT ONCE

The Silence of Gen. Roberts Is Again Causing Comment—Boers Seem to Be Prepared for a Final Struggle—Great Battle Near at Hand.

London, March 5.—It is said on good authority that the government's budget proposals include a war loan of between £20,000,000 and £30,000,000, extending over a period of ten or twelve years.

It is also anticipated that the government will issue £6,000,000 or £7,000,000 in treasury bonds.

Lord Roberts is still reticent as to his possible line of action. Accounts from South Africa represent him as charming every one with his polished courtesy. On the other hand, Lord Kitchener is still the man of action and organization. It seems to have been greatly owing to his unequalled powers of organization that the rapid and surprising movements of the British were so successful at Paardeberg.

Apparently only a few Boers are left in British territory in South Africa. British troops made reconnaissance to the north of Ladysmith today, only to find that the Boers had retreated rapidly in every possible direction toward their own country. In the vicinity of Bulwana hill and along the railway there was evidence that the burghers had retreated in great haste. They had left behind them quantities of flour and a large number of saddles. The appearance of their former camps seemed to point to a general stampede of horses, probably frightened by the British shell fire.

Tampa, Fla., March 5.—Secretary Root and party are still at Port Tampa, the transport Sedgwick not yet having arrived at the mouth of the harbor.

**KNOX IS AFTER THE BOERS.**  
Reported to Be Pursuing the Forces Which Left Ladysmith.

London, March 5, a. m.—A dispatch to the Daily Graphic, sent from Ladysmith Thursday, says that on March 1 Gen. Knox with a brigade started in pursuit of the retreating enemy. There was no confusion apparent in their retreat. They sent off three trains and then blew up the bridges.

There is not the slightest indication of what Gen. Buller's next movement will be, his pursuit of the retreating enemy with cavalry and mounted infantry being nothing more than the completion of the relief of the town.

The only news of active operations comes from northern Cape Colony. Gen. Brabant, with the colonial mounted troops, expelled the Boers from Labuschagne's nek, but was not sufficiently strong to push ahead any farther. He occupied the Boer positions, and later repulsed an attempt of the enemy to retake them. The British losses were two killed and eight wounded.

Gen. Gatacre on Friday made a reconnaissance in force in the direction of Stormberg. He retired with no casualties, after locating the enemy's position, where they had two guns. His object probably was to prevent the Boers at Stormberg from interfering with Gen. Brabant's campaign.

The political situation in Cape Colony is still very much perturbed. At Graaf Reinet Saturday night a few loyalists who were celebrating the relief of Ladysmith were attacked by a large number of Dutch, and several persons, including a lady, were injured. The loyalists are asking for military protection.

A dispatch from Ofontein, dated March 3, says that Gen. French made a reconnaissance in force and encountered the enemy Saturday. The Boers occupied a table-shaped kopje. Shots were exchanged.

Reports from the Orange river and elsewhere describe the Boer prisoners taken at Paardeberg as cheerful while en route to Cape Town. They waved their hands to the British troops, and were anxious to get into the pictures that were being taken by the ubiquitous photographers. The British soldiers were ready and willing to perform services for them, and greeted them with smiles, which the Boers reciprocated.

The Standard's Cape Town correspondent, telegraphing under date of Saturday, says that the Griqualand rebels have been re-enforced by 600 Dutch in the Prieska district. They have occupied Kenhardt, 160 miles west of Prieska, after a sharp conflict with Bastard Kaffirs, who fought until the magistrate ordered them to disband. Four hundred refugees from Kenhardt have reached Carnarvon. The rebels with three guns, are now marching toward Upington, where the Bastard Kaffirs are preparing to resist them.

The queen has abandoned her proposed visit to Bordighera. It is reported that she will visit London Thursday. She will drive from Paddington station to Buckingham palace, when it is expected she will be given a great ovation.

**BRITISH CAUSE IS SCORED.**  
Enthusiastic Pro-Boer Meeting Is Held in New York City.

New York, March 6.—In honor of the 122d anniversary of the birth of Robert Emmet the United Clan-na-Gael held a pro-Boer and anti-British meeting at the Academy of Music Sunday night. The speakers, Recorder John W. Goff, who presided, and W. Bourke Cockran,

warmly espoused the cause of the Boers and denounced the British, to the vast delight of an audience that packed the academy from orchestra to roof. Not content with attacking England, Mr. Cockran made a bitter onslaught upon the administration, declaring that the president and his advisers had surrendered the interests of this country to Great Britain, and that if they had done their duty in the matter of the Alaskan boundary dispute England would have had her hands so full on this continent that she would not have been able to wage any war in South Africa. The only features of the program that did not concern themselves chiefly with the affairs of the Transvaal were the songs. Mr. Cockran was cheered when he came forward. After a brief introduction, in which he referred to the character of Robert Emmet, he said:

"Recent events in a distant part of the world seem to show that Providence is moving in a mysterious way to bring about its just ends. It is the duty of every Irishman, of every American, of every upholder of justice and civilization to condemn the ignominious course of England in this war. (Loud cheers.) Yet they tell us that the Boers must be defeated in the interests of civilization; that they are an uncivilized race. Why is this said of them? Is it because they carry on an effective government at the lowest rate of taxation known? Is it because in their country education is universal, drunkenness is unknown, divorce doesn't exist, and every man lives with his own wife? I can understand a country owning a smart set thinking that nation uncivilized which doesn't support a divorce court. I would not deny to that set the right to life, liberty and the pursuit of smartness, but I would have them see that though the Boers have not evening dress they have evening prayers, and though they fear God the fear of man is not in them. (Cheers.)

**PLANS TO AID BOERS.**

Princess Salm Salm Tells of Her Ambulance Corps Project.

Chicago, March 6.—Princess Salm Salm of Carlsruhe, Germany, famous for her services as a nurse in the civil war, in the war against the Maximilian government in Mexico and in the Franco-Prussian war, arrived in Chicago Sunday with the purpose of organizing a hospital corps for the Boer army. The princess expects to procure the funds for the hospital corps by appeals to the people of Chicago alone. It is said that individuals have offered to contribute the money necessary for the enterprise, but that their offers have been refused, because the princess preferred to have the corps supported by the people of Chicago as a whole, and to this end she expects to call a public meeting for the latter part of the week, when she will make a personal appeal for funds and volunteers for the work. To help along the movement an admission fee of \$1 will probably be charged.

**Says Kaiser Did Not Cable.**

Berlin, March 6.—The Lokal Anzeiger states authoritatively that Emperor William has neither congratulated Queen Victoria nor any one else on the British successes in South Africa.

**Offensive Cartoons Seized.**

Vienna, March 6.—The procurator has ordered the seizure of offensive anti-English cartoons, especially the numerous post cards of this character, which are made in Germany.

**To Ship Horses for British.**

Vienna, March 6.—Over a thousand horses purchased in Hungary for the use of the British army will be shipped to South Africa during this week.

**RISE IN PRICE OF DRUGS.**

Result of Monopolies and the South African War.

New York, March 6.—To the alleged monopoly of the chemical trusts and in part to the conflict in South Africa is attributed the pronounced increase in the price of many standard drugs which have shown such a decided tendency to bound upward during the last few weeks that sickness has become a luxury in New York, and a similar condition of affairs is reported from other parts of the country. Cocaine, quinine, aqua ammonia, fluid extract of ergot and iodide of potassium, for all of which there is a large and constant demand, have all advanced in price since Feb. 1.

**Twenty Men Hurt.**

Chicago, March 6.—Twenty men were injured in a collision between two freight trains of the Illinois Central railroad at Junction "C," a side station near Broadview, Ill., at 6 o'clock. Two of the injured may die. The collision was the result of the breaking of a coupling pin in the middle of one of the trains, which was running about a mile ahead of the other.

**Kills Convict-Labor Bill.**

Des Moines, Iowa, March 6.—The senate has defeated the Titus bill to prohibit convict contract labor. There was a bitter fight over the bill, the river counties being extremely hostile to convict labor that competes in any way with free labor.

**Waukegan Has a \$10,000 Fire.**

Waukegan, Ill., March 6.—The five-story frame stores and flats building at Nos. 220 and 222 South Genesee street, known as the CHH House building, was destroyed by fire Sunday night, with a loss of about \$10,000.

**Mrs. Leland Stanford Better.**

New York, March 6.—Mrs. Leland Stanford, who has been ill at the Fifth Avenue hotel with symptoms of pneumonia, is somewhat better. She was able to sit up for a short time last night.

## A NOTED JUDGE SAVED BY PERUNA.

Had Catarrh Nine Years—All Doctors Failed.

HON. GEORGE KERSTEN, OF CHICAGO.

Hon. Geo. Kersten, a well-known Justice of the Peace, of Chicago, says: "I was afflicted with Catarrh for nine years. My catarrh was located chiefly in my head. I tried many remedies without avail. I applied to several doctors, but they were not able to cure me. I learned of the remedy, Peruna, through the daily newspapers. After taking the remedy for 18 weeks I was entirely cured. I consider my cure permanent, as it has been two and a half years since I was cured."

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Peruna not only cures catarrh, but prevents it.

First Impressions usually determine. Strive to make yours a good one.

The happiest persons are those who have forgotten how to worry.

Pink's Cure for Consumption is the best of all cough cures.—George W. Lotz, Fabuher, La., August 20, 1895.

When a little man is lifted up, everybody finds out that he is little.

Brown's Teething Cordial keeps babies healthy, and makes mothers happy.

Live to do good, and you will never tire of your employment.

**MAN'S MECHANISM**

**Delicate Machinery That Needs Constant Care.**

Absolute Cleanliness and Regulation as Necessary for Any Other Kind of Machinery. How to Keep It in Working Order.

There's a screw loose somewhere! One little screw in the big machine gets a little loose and the whole apparatus goes to pieces and refuses to work properly. A skillful engineer can tell by the feel of his engine when there's a screw loose, and can set it like a piece of candy, which you can eat like a piece of candy, are the most agreeable, natural and effective of all laxatives.

Cascarets are the only antiseptic cathartic, and not only make the liver lively, remove obstructions in the bowels, strengthen the intestines, but kill all germs of disease in the body. Therefore prevent as well as cure.

Buy and try Cascarets to-day. You'll find that what they do, not what we say they'll do, that will please you. All druggists, 10c, 25c and 50c, or will mail for price. Send for booklet and free sample. Address Sterling Remedy Co., Chicago; Montreal, Can.; New York.

Let Every tablet of the only genuine Cascarets bear the magic letters "C. C. C." on the tablet before you buy, and beware of frauds, imitations and substitutes.

**From the Factory to USER.**

**ONE Profit.** Our HONE ABE MELBA Sewing Machine has all the Up-to-date Improvements, accessories and Attachments, with choice of oak or walnut finish. It is the most perfect, reliable, and durable machine ever made. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest. It is the only machine that will sew every kind of seam, from the simplest to the most complicated. It is the only machine that will sew every kind of garment, from the simplest to the most elaborate. It is the only machine that will sew every kind of fabric, from the finest to the coarsest. It is the only machine that will sew every kind of button, from the smallest to the largest.
