## Sterling Range!

NEW PATTERN. HAS NO EQUAL.

FOR HARD OR SOFT COAL OR WOOD.

NOTHING succeeds like success, and the very name of STERLING has endeared itself to thousands of homes. We are proud of the range and proud of its success and our assertion, that the STERLING RANGE was really better in every way than any other range, is backed by hundreds of unprecedented records made by public bread-baking exhibits, together with the unanimous praise of thousands of users.

We believe that the STERLING FEATURES, (patented) and exclusively sold in Yale by us, are of inestimable value. We know that without them this range would be no better than others and we would no more consider it possible to "bake a barrel of flour into better baked loaves of bread (12 lbs. each) in less time and with less fuel than can be done with any other range in the world," than one could think of giving the play of "Hamlet" with Hamlet left out.

This may sound like boasting, but we speak thus earnestly from the courage of our convictions, backed by years of unparalleled success.

#### OUR GUARANTEE:

After one year's trial of The New Range it does not prove satisfactory, your money back and a prize valued at \$5.00.

#### OUR CLAIM:

The New Sterling Range will bake a barrel of flour into better bread with less fuel and in less time than any other range in the world.

The STERLING RANGE comes in all styles and sizes. It will pay you to examine them at our store.

We have a charming little story book, profusely illustrated, entitled "Why Mchitable Sang Again," which will interest you. Ask for one.
