is in essence of pure coffee to the pound. Who knows how much coffee and how much stale eggs and glass—called glazing—there is in most coffee? Lion Coffee is all coffee—never glazed. The sealed packages keep it fresh and pure.

Painters have been busy this week giving Grant Holden's dwelling house a fresh coat of paint.

A special train passed through Yale early Monday morning on its way to Manistee, carrying the Port Huron Guards to camp.

George Wilcox, better known as Coxy, was last week convicted of burglary and sentenced to two and a half years at Lousis house of correction.

Keep in mind the ice cream and watermelon social to be given at the West Brockway church by the Junior Aid Society next Tuesday evening. All cordially invited.

F. A. Griswold has greatly improved the appearance of his residence property on Kennittick street by giving his house a neat coat of paint and otherwise repairing the premises.

If it wasn't popular, if it wasn't loved by the people, why do dealers say? "We have something just as good as the Madison Medicine Co's Rocky Mountain Tea." Think it over. 35 cents. Grant Holden.

By the Armada Graphic we learn that Jas. S. O'Rourke has gone to New Baltimore to take charge of S. B. Kidder's jewelry department. While he is becoming settled his wife will visit her parents at Yale.

Forty teachers who completed their studies with the close of the summer term at the normal school, Ypsilanti, have been granted teachers' certificates. Among others we notice Mabelle Skenelbury, the young lady who is engaged as assistant in the high school here, received a life certificate.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. The old dilapidated platform in front of Shaw & Johnson's blacksmith shop has been torn down. Although the front looks rather bare an improvement is made to the building by the removal.

R. H. Ellar has built a neat barn on his lot, corner Kennebec and Bettes streets. Dick's little son, only about 11 years of age, did the work of painting the exterior of the barn, showing himself to be an expert for one so young.

Charley Richardson is a whole-souled fellow and always willing to divide what he has of this world's goods with a friend in need. We found this to be true on his donating the publisher of The Expositor a basket of fine red as-trachan apples.

A grand harvest ball and supper will be given at the Dewey House, Emmet, on Monday evening, August 18th. Cassello's orchestra, of Port Huron will furnish music. Everybody invited to attend. A good time may be expected. Bill only \$1.00.

George LeGear, of Saginaw, representing the U. S. Fire Extinguisher Co., of Bay City, gave a demonstration on Main street Tuesday night, at which time he extinguished in less than a minute a rousing bon fire made up of one tur and kerosene oil. A dry powder contained in a tube is thrown over the blaze and works like magic. Mr. LeGear has sold several in the village.

Dr. Clyne was driving out in the country the other day to see a patient. He was alone, or supposed he was, and driving along at a good rate of speed, was thoroughly astonished to hear a severe spell of coughing seemingly coming from near quarters in the rear. Looking around he found his young hopeful riding with him, and but for the nasty whooping cough with which Arthur is afflicted, his father would have been in ignorance of his whereabouts until at his destination. As it was, it was too far to turn back so the two happily drove on, but now Doc looks in the back of his buggy when ever he drives out.

A Good Place To Trade.

Ballentine's liners show their goodness.

Don't miss getting one of those full nickel-plated tea or coffee pots at the Racket for 60c.

The excursion to Detroit Sunday was largely attended, two trains of seven and nine coaches each being necessary to accommodate the passengers along this division of the Pere Marquette. Eighty-five tickets were sold from Yale.

A good picture of Senator James McMillan will be found on the inside pages of the Expositor, and an account of his life and death. The remains arrived in Detroit on Thursday and Rev. A. H. Barr, pastor of the Jefferson Avenue Presbyterian church, conducted the funeral services on Friday, but no sermon will be preached nor songs sung.

Dr. Warner Cornell, Eye, Ear, Nose and Throat Specialist, of 229 Huron ave., over Knill's drug store, Port Huron, will be at "The Paisley" Hotel Yale, the second Friday of each month where he can be consulted on diseases of above organs only. Glasses fitted. His next visit will be Friday, Sept. 12th. He will be in his Port Huron office every day in the month except Fridays.

For a short vacation Rev. Chas. Ellis is spending a few days at Winona Lake, Indiana. The Winona Assembly is held here, this being the 8th annual session. The Bible conference, which Mr. Ellis will attend, convenes between August 17 and 27. From the pamphlet containing the program of the Assembly, we gather that Winona is an ideal place for a summer outing, having much natural beauty further enhanced by handsome buildings. Many noted men are on the program and the daily sessions will certainly be attended with much profit and pleasure.

The Expositor was misinformed as to Fred McConnell's late sickness, and we are pleased to make the correction. Mr. McConnell did not have erysipelas until the beginning of his recent sickness, the last of March. When nearly over this malady his knee commenced to swell and he has since had a very bad limb and been a very sick man. Under the careful treatment of Dr. Wright he is improving and is now able to sit up in his chair an hour or two at a time and wheel out on the porch. His friends have great hopes of seeing him around again in a short time.

The American country doctor is the best all-around practitioner in the world. We do not mean to say there are no good general practitioners in the cities, for there are, but taking the whole number of doctors into consideration, they are much scarcer than in the country. The country doctor has learned the invaluable lesson of self reliance which no external advantages can offset. He does not fear responsibility and he strives to prepare for it. He is more of a man than most—strong and brave; devoid of egotism and self consciousness. His active sphere may seem small, his surroundings homely, his manner wanting in polish, but for greatness of heart, for plain, hard sense, for ability to make the most of everything at his disposal, and to wring victory from the very jaws of defeat, for genuine sympathy and simple tenderness for the weak and distressed, give us the country doctor.

There is a pretty girl in an alpine hat, a sweeter girl in a sailor brim, but the handsomest girl you'll ever see is the sensible girl who uses Rocky Mountain Tea. Grant Holden.

Lost—Somewhere on Main street near Beavis & Hutchinson's store, Yale, on Saturday evening, August 9th, a pocket book containing two rings, one with Anna Murray's name engraved on the inside. Finder will be rewarded by leaving at Expositor office.

Cut this out and take it to Grant Holden's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c per box.

It is said that a well-known preacher announced that he would deliver a sermon on "Hell, and who would get there." Before the week was over he received letters from three hotel men, two barbers, six bankers, two editors, and eighteen lawyers, threatening to sue him for slander if he dared to mention them in his sermon.

Acresage lots in Drake's Subdivision for sale cheap and on easy terms. These lots are all laid out along fine 60 foot streets and are the only acresage lands for sale within the village limits. They are in close proximity to the Canning factory where all garden products may be disposed of in the easiest manner and to the best advantage. Call at office of E. H. Drake to get terms and see plats.

A merchant over at Rolla states that his advertising costs him forty cents for every \$100 worth of goods sold. He used a half page for his business announcements each week and says that as long as the people read newspapers he will advertise. There's a man possessed of a good head. Just as soon as merchants begin to look upon advertising as a branch of their business which requires as much care as any other part of it, then will advertising commence to pay. Honestly, for originality and persistency in advertising make it a paying business.
