The Enreka Fence Post

Indestructible.

They are manufactured from Portland cement, sand and gravel, and are supported inside by heavy wire cables which render them perfectly practical in every particular. Can be manufactured where used cheaper than iron or steel, and will last forever. County and farm rights and posts for sale by

S. E. BARR, Yale.

NOT A LUXURY.

[From the Salem, Oregon, Sentinel.]
About twenty years ago persons who were privileged to hear Edison's first crude phonograph thought it a wonderful thing, but little did they dream that these machines in improved and perfected form would within a few years be available to every home. Then the records were made on tin foil and it was impossible to preserve them. Later the recording was done on wax and by delicate handling the records were good for considerable service. Today the records are perfect, being molded from hard wax. With proper handling they will last for years. The Columbia Phonograph Co. is turning out first-class graphophones so cheap that no family can afford to do without the pleasure and satisfaction of owning one. The writer has had one in his family three years and looks upon it as a necessity rather than a luxury.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled.

A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me."

Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Grant Holden, druggist. Trial bottles free, regular sizes 50 cents and \$1.00.

LYNN.

A delightful surprise was given Mrs. Andrew Currie at her home in Lynn last week Wednesday, June 10th, by her five sons, three with their wives, remembering that the day was their mother's fifty-fourth birthday, and coming to help her celebrate the event.

Mrs. Walsh, of Capac, sister of Mr. Currie, was also present. The family party was a happy one and the day enjoyed exceedingly. Mrs. Currie was the recipient of a beautiful set of dishes from her guests.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by Grant Holden.

If you, dear reader, should receive a statement of your indebtedness for subscription to The Expositor, don't get wrathful, but either call or send the amount due. Money is a great factor in business and in order to conduct any enterprise successfully this necessary adjunct must be employed.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boecher's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe coughs, bronchitis, croup, and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Grant Holden's.
