

Health of Women

Health and beauty are the glories of perfect womanhood. Women who suffer constantly with weakness peculiar to their sex cannot retain their beauty. Preservation of pretty features and rounded form is a duty women owe to themselves.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound removes such troubles.

Case of this Prominent Chicago Woman Should Give Everyone Confidence in Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—It affords me great pleasure, indeed, to add my testimonial to the great number who are today praising Lydia E. Pinkham's Vegetable Compound. Three years ago I broke down from excessive physical and mental strain. I was unable to secure proper rest, also lost my appetite, and I became so nervous and irritable that my friends trembled, and I was unable to attend to my work. Our physician prescribed for me, but as it did not seem to improve, I was advised to go away. I could neither spare the time nor money, and was very much worried when, fortunately, one of my club friends called. She told me how she had been cured of ovarian troubles, and how like my symptoms were to hers, seven bottles of your medicine cured her, and she insisted that I take some.

"I did so, and am glad that I followed her advice. Within six weeks I was a different woman, strong and robust in health, and have been so ever since.

"A number of my friends who have been troubled with ailments peculiar to our sex have taken your compound, and have also been greatly benefited."—Miss ELIZABETH DALEY, President of the St. Ruth's Court, Order of Foresters, Catholic.

What is left for the women of America, after reading such letters as we publish, but to believe. Don't some of you who are sick and miserable feel how wicked you are to remain so, making life a burden for yourself and your friends, when a cure is easily and inexpensively obtained? Don't you think it would pay to drop some of your old prejudices and "Try Lydia E. Pinkham's Vegetable Compound, which is better than all the doctors for cures?" Surely the experience of hundreds of thousands of women, whom the Compound has cured, should convince all women.

Follow the record of this medicine, and remember that these cures of thousands of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound, the great Woman's Remedy for Woman's Ills.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—stick to the medicine that you know is the Best. Write to Mrs. Pinkham for advice.

\$5000 FORFEIT If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its genuineness, we will pay \$5000. Lydia E. Pinkham Medicine Co., Lynn, Mass.

A Mystery of the Season.

No one has ever clearly explained why, at this season of the year, a girl whose skin would be hopelessly ruined were she to roll up her sleeves and put her hands into a dishpan half full of water for a few minutes, can play golf or tennis, bare-armed, all day long, or go into the water bathing morning, noon and night, and be proud of the color she acquires in so doing. Why is it, girls? Don't all shout the answer at once.

Projectiles Used by the Navy.

Four classes of projectiles are used in the United States navy—armor piercing projectiles for use against armor, common shell for use against unarmored or very thinly armored parts, shrapnel for service against exposed detachments of men, and canister which is employed against detachments of men lacking protection with in close range.

Unique Spirit of Loyalty.

It is not all war in the industrial world. Here are 6,000 employees of the United States Express Company volunteering to furnish pieces of skin for the benefit of Assistant General Superintendent Frederick, who was scalded in a train wreck. There is still something left of the old human relations between captains and privates of industry.

India's Irrigation Works.

The irrigation works recommended by the Geological Survey give interest to the report on the irrigation works of India. The net revenue to the government was 7.35 per cent on an outlay of \$119,000,000. The value of the crops raised on the irrigated area during the year is estimated at \$135,000,000—a sum in excess of the capital outlay.

Life's Many Exits.

"I know death hath ten thousand several doors for men to take their exits," wrote John Webster three centuries ago. One of the most unused exits was that employed by the four persons who met death in Pittsburgh on the Fourth by stepping in a pool of water charged with electricity from a broken electric light wire.

Wireless Telegraph Service.

Since the great volcano disturbances in the Windward Islands it has been impossible to maintain unbroken cable connections between the islands of Martinique and Guadeloupe, and the French government has established a wireless telegraph service between the two. The distance exceeds 100 miles.

No Personality in Ears.

After studying and photographing more than 40,000 pairs of ears of persons, including those of 2,000 insane and 800 criminals, and those of 300 animals, an English criminologist is forced to conclude that the ear gives no clue to personal traits.

Capitulated.

A Philadelphia mother spanked her naughty 4 year old, and set off a bunch of pistol caps in his hip pocket. The young patriot was hoist by his own petard, and immediately acknowledged his dependence on the mother country.—Toledo Blade.

Expensive Alternative.

A firm whose shop blind spoilt the hat of a man nearly six feet in height was ordered in a London court to pay the damages. "We can not fix the blind higher," they pleaded. "Then go on paying for silk hats," said the judge.

New Wrinkle in Divorce.

Ellen Key, the Swedish woman suffragist, asks for a law which, in case of a couple that wants a divorce, compels them to live apart a year, and then, if the divorce is still desired, grants it without further proceedings.

Egypt Pays Tribute.

Egypt is really a dominion or province of Turkey. It pays a tribute of close on £700,000 to the Sultan, and has been nominally part of the Ottoman empire since the twelfth century.

Largest Elephant Known.

There has recently arrived in Germany the hide of an elephant that was 16 feet 9 inches high, this being over three feet above the largest elephant ever known hitherto.

Imports of Champagne.

The importation of champagne into the United States from Jan. 1 to May, 1903, was 137,742 cases, as against 112,961 for the same period of 1902.

Largest Plate Rolling Mill.

The new plate rolling mill in the works of the Carnegie-Steel Company is said to be the largest in the world.

THE LITTLE ONE'S REASONING.

Natural Deduction Made by Physician's Daughter.

Dr. W. T. Bull tells this story about a country surgeon who once had three leg amputation cases in a week. The unusual number of serious and similar operations naturally caused talk in the surgeon's household and his little daughter was greatly interested. A few days after the last operation the surgeon's wife and daughter were rummaging in the attic. In a trunk was found a daguerrotype depicting a girl of about eight years of age. The portrait, through a peculiarity of pose, showed only one leg of the subject, the other being doubled up under her in a manner truly feminine. "Whose picture is that, mamma?" asked the surgeon's daughter. "Mine. It was taken when I was a child not much older than you are now." "Did you know papa then?" "No, dear. Why do you ask?" "I thought maybe you did, 'cause you're only got one leg."—New York Times.

Postal Convenience.

One of the latest applications of the penny-in-the-slot principle is reported from Australia. In the postoffices of the commonwealth, if time or opportunity does not permit the prompt purchase of a stamp, the person in a hurry is able to drop his letter into one orifice of the machine and his penny into the other, and when this process is completed, "One penny paid," will be found impressed on the envelope as an equivalent to the orthodox stamp.

What Was It?

Friarpoint, Miss., Aug. 3rd.—One of the strangest cases ever reported occurred here recently. The son of Mr. G. L. Butler was very ill. The doctor said he had some disease of the spinal cord, and treated him for two months, but he grew worse all the time, and finally the doctor told Mr. Butler that he did not know what was the trouble.

The boy would wake up in the night and say that he was dying. He would be nervous and trembling and want to run out of the house, saying he saw ugly things which frightened him.

His father was very much discouraged till one day he saw a new remedy called Dodd's Kidney Pills advertised, and he at once bought some and began to give them to his boy.

He used altogether eight boxes before he was entirely cured. He has not been troubled since. Mr. Butler says:

"I feel it my duty to tell what Dodd's Kidney Pills have done for my boy. All this remedy needs is a fair chance and it will speak for itself."

There are three who are especially beloved by God: he who is forbearing, he who is temperate and he who is courteous.

Fire and sword are but slow engines of destruction in comparison with the babbling.—Steele.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proportion has so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address F. J. A TREAT FOR YOUR FAMILY.

OUR DIAMOND SPRING BED

WILL SUSTAIN A WEIGHT OF 5,000 LBS.

Perhaps you toss about restlessly all night on a hard yielding spring bed, or lie double in a soft one of poor wire! When you get up from the former your back aches as if you had been beaten, the latter sags until your back is nearly broken.

Would you like to know what a night of perfect rest is? Is any member of your family sick and unable to sleep on an old fashioned spring bed? If so our Diamond Spring Bed will exactly and completely fill your want.

Invented and made for ease and comfort, the lightest persons find in it real enjoyment, yet the tension of the fabric is such that no weight can make it sag. It has a National Coppered Link chain support beneath a thinned, well woven fabric frame is of solid steel of such fine quality that it is lighter than a wooden frame.

We guarantee the Diamond Spring Bed neither to Sag nor Break for 20 Years. For one month only, as an advertisement, we will deliver this Spring Bed at your station for \$5.00, the price your local furniture dealer would have to pay. We want him to know about our Diamond Spring Bed is our own invention. The idea is only one year old, yet wherever introduced, people will have none but the Diamond Spring Bed. For instance, from Washington, D. C., where more than 10,000 Diamond Spring Beds are in use, orders for more are still coming in by the hundreds.

ORDER ONE NOW Send in \$5.00 by check, money order, or cash in registered letter and we will ship you one Diamond Spring Bed immediately, freight prepaid.

The Detroit United Bank Limited commenced business September 3, 1902, in the handsome new Banking building at 204-206 Griswold Street, which was erected for it. For convenience, light, solidity, security and artistic design, this building will compare favorably it is believed with any banking structure in this country.

The Detroit United Bank Limited is strictly a savings bank. No loans are made on commercial paper, nor under its charter can it take any commercial risks whatever. Its funds are invested only in first mortgages upon centrally located improved real estate not exceeding 50 per cent of present cash value of security in any case.

The favor with which the public regard this bank and the conservative system for which it stands is evidenced by the steady hundreds of depositors it already has both from Detroit and from outside towns.

It has been open but three-quarters of a year and at this time has upwards of a quarter of a million dollars of deposits. It has depositors in seventy-six cities and towns outside of Detroit, the aggregate of such deposits exceeding \$100,000.

It already has in its vaults over a third of a million dollars of first mortgages on real estate, worth at least double the amount of mortgage in each case.

It is seeking to interest savings depositors whether residing in Detroit or elsewhere. You are invited to open an account, and at all times are assured of courteous treatment and every facility which a first-class modern savings bank can provide. Send for booklet on **BANKING BY MAIL**, fully illustrating the system introduced by this bank, under which it is as easy for persons residing at a distance to carry their savings accounts with a strong metropolitan bank as for those residing in Detroit.

Sick Headache

Is the result of arrested physiology of the stomach, liver or bowels, and is one of the first symptoms of constipation. Those who suffer with sick headache frequently resort to the use of headache powders, irritating cathartics, which it is true do relieve headache by dulling the sensations of the sympathetic nerves, but such medicines never remove the cause, and to be candid, are really dangerous, death having been known to occur directly from their use.

Dr. Caldwell's Syrup Pepsin (A Laxative)

taken as directed when there is no headache will prevent it and put the organs of digestion in such a perfect condition as to forestall the suffering which attends this common and distressing affection.

Dr. Caldwell's Syrup Pepsin is a "corrective laxative" and not a "cathartic laxative." Throw away headache powders, pills and irritating purgatives. Buy a bottle of Dr. Caldwell's Syrup Pepsin today. It is pleasant to take and sure in effect.
