

**OUR
DAINTY
SODA SERVICE**

Several things make our soda service distinctive, but one feature that seems to especially impress both the chance visitor and our regular soda patrons is the great cleanliness everywhere visible at our soda counter.

The fountain and all the accessories are spotlessly clean. Glasses are thoroughly washed and rinsed in clear water and polished with a dry towel. Note the dainty way in which all drinks are served.

These and many other features are making this the favorite drinking place of people of taste.

You will like both our Soda and Service.

Yale Lumber & Coal Co., Ltd

This Store

Doesn't "blat its tongue out" trying to convince by "talk" that its service is reliable. It invites you to prove this for yourself. It invites you to come here and see for yourself why so many people keep on trading with us year after year—and cannot be persuaded to drug trade elsewhere. It's easy, if you'll just go about to learn the facts. No need of our shouting, or screaming or "proving." You prove it yourself. Then you'll know it to a certainty.
