## BACKACHE

### And Its Relief.

A sharp pain across the small of your back, a sensation as if your back was breaking, a feeling that you can't stand on your feet another minute—these are all symptoms of kidney trouble. Don't fail to give prompt attention to these symptoms. Kidney disorders, if treated at the time, are easily cured but when neglected serious and sometimes fatal developments result.

### Mathews' Kidney and Backache Pills

Are a guaranteed cure for kidney trouble in any of its various forms. They relieve the back breaking pain and general misery which accompany derangements of the kidneys.

THEY ARE QUICK TO ACT, no weary waiting for relief. Mathews' Kidney and Backache Pills are a specific remedy for the kidneys. They are not intended for anything but disorders of the kidneys and the results of these disorders. But for these special purposes you cannot secure any other remedy which will give you such thorough satisfaction as will Mathews' Kidney and Backache Pills. Price 50c.

### Attend the Theatre.

I. R. Puleifer and Norman Manual, of Detroit, have instituted a five cent theatre in Central Hall, and have been favored by good houses since opening.

Yale people enjoy entertainments and always liberally patronize shows of merit. The program at the five cent theatre is changed nightly giving the best that can be procured in moving pictures and illustrated songs. John Colwell, the singer, was employed in the Unique theatre, Detroit, for a long time. He has a fine baritone voice.

George Windsor is employed to furnish instrumental music. Those who have attended the shows speak in high terms of the entertainment.

## LINCOLN CENTENARY CELEBRATION.

Appropriate Program Given in Central Hall This Evening by Pupils of Our Schools and Others.

Judge E. F. Law, of Port Huron, at one time principal of the Yale Schools, will be present at the Lincoln Centenary Celebration held in Central Hall this (Friday) evening. Judge Law has made a thorough study of the life and character of Abraham Lincoln and our citizens may expect to hear an able address. The wooden chair occupied by Lincoln in his law office at Springfield, Ill., and presented to one of his clerks on the 11th, day of February, 1861, when he went to Washington as president of the United States, and which afterwards came into the possession of W. F. Botsford who lately gave it to the ladies of the Congregational church, Port Huron, may be seen by those who attend the exercises in Central hall to-night. Another interesting part to the program will be the singing of Carl Wagner of Port Huron.

### SCHOOL NOTES.

Faye Welch, Editor.

This week the Kindergarten is studying Lincoln and making soldier caps.

Bernice Evans is absent from the second grade on account of sickness.

The second graders are reading the "Tree Dwellers."

Bessie Nims of the fourth grade is back in school again.

The third grade has the flag this week. Their attendance was one hundred per cent, having neither absent nor tardy marks.

The third grade will give a Lincoln Program.

The seventh grade geography class is completing the study of Spain.

The Civics Class is progressing nicely under the care of Shirley Owens.

Verne Bell and Fred Paxton are absent from the sixth grade.

Leah Todd is back to school again after a week's absence.

The lecture Friday night was not as well attended as it should be. But those who heard Mr. Chaffee were perfectly delighted with his subject "Lean Folks."

The lecture was full of good things, spiced with wit, and gave everyone in the audience an abundance to think upon.

### Yale Darymen's Association.

About twenty milk dealers and owners of cows met in the council rooms in this city Wednesday evening, Feb. 10, 1909, and organized for their mutual benefit and protection. The following officers were elected.

President—John Monerey  
Sec.—Treas.—Jas. H. Moore

Committee on Membership—J. H. Moore, S. Simmons and A. E. Oatman.

Committee on By-Laws—H. Holcomb, H. Stableford and W. D. Sayles.

It was the sense of the meeting that the milk ordinance recently passed by the Yale city council was a step in the right direction and that as early as possible something should be done towards preventing the sale of dairy butter unless it is properly pasteurized and inspected.

Another meeting will be held Wednesday evening next.

### For Sale.

House and three acres of land for sale, located in north part of city of Yale. Good well and orchard. For terms and particulars apply to Mrs. M. M. Bowles, Yale.

### BIG RAILROAD DEAL.

The C. P. R. to Acquire P. M. System  
Would Give Canadian Road Short  
Cut Through United States.

Montreal, Que., Feb. 6.—That the acquiring of the Wisconsin Central R. R. was the first step in the procuring of a straight line in every sense of the word between Montreal and St. Paul by the Canadian Pacific railway, leaked out here when it was more or less officially handed around the street that negotiations had been pending and were still under consideration for the purchase of the Pere Marquette railway to connect Montreal with St. Paul.

The rumor is believed, and if the deal is consummated it is stated that the C. P. R. will then have one of the quickest roads between St. Paul and the granary of the great Northwest to the Atlantic Ocean.

The scheme is outlined as follows:

From St. Paul to Manitowac, on the shore of Lake Michigan, is the fast line of Wisconsin Central, the one that really taps the State of Minnesota and the Province of Manitoba.

From Manitowac to Ludington straight across Lake Michigan is the ferry line of the Pere Marquette which connects with the Pere Marquette railway at Ludington. Then straight down to Sarnia through Saginaw and Port Huron.

From Sarnia to London the C. P. R. will build a new line and if the undertaking is successful the C. P. R. will then have the greatest wheat route in the world.

This route is almost straight as the crow flies.

In addition to this the C. P. R. would come into possession of a line from Detroit to Chicago which would give a straight connection from Montreal to Chicago and to Winnipeg by the W. C. and Soo connections.

### Obituaries in Eaton County.

We are told that over in Eaton county no man dies contented unless he has paid up all newspapers arrears, for the editors there are said to have a way of squaring up things in the obituaries they write that are a holy terror to delinquents. Here is a specimen brick of a late date: "The deceased was a mild mannered man, with a mouth for whiskey. He came here in the night with another man's wife, and became a leading light in the church. He loved a warm stove of a cold day, and we hope he is enjoying plenty of fire in that other world. He owed us \$7.00.
