A large number of warm friends deeply sympathize with the parents in their extreme bereavement.

That Evangelist Roy L. Brown thinks there is a chance for improvement even among Christians is evident from the following clipping from the Lima, Ohio, Times. The evangelist said, "There are two kinds of Christians. The 'Have' kind and the 'Do' kind. Many are more concerned about what they are to receive from the Christian faith than what they are to add to the cause." During the meeting which was held last winter there were fifty-five conversions one day, Sunday, January 3, 1909.

The Seattle Post-Intelligencer has the following to say of one of our Yale boys:—"Gough, the Portland pitcher, who has been playing an outfield position for the last few days, has climbed into a batting notch a few holes above big Buck Connors, the real premier of the Northwestern League. Gough has been at the bat often enough to make his average a most creditable one, and he shows all the earmarks of a real highclass batsman."

Just For Fun.

Statistics tell us that America pays more for employment than most of the countries of Europe combined. Hence our next issue's leading article is timely. "Twenty Million Dollars a Season for Fun" by Howard E. Sexton. This story will deal more especially with the theatrical angle of the fun-loving American's nature. Every phase of this subject is dealt with thoroughly. The story is interesting and will please you.

A farewell reception was given Mrs. George Burt on Saturday evening by the ladies of the Benevolent Society of the Presbyterian church. About twenty-five gathered at the church and proceeded to have a social time, serving ice cream and cake in the midst of a pleasant evening, and although all feel very sorry to have Mrs. Burt leave town as she is one who took a great deal of interest in the church work and with her quiet presence accomplished much, her many friends here wish her and her family great happiness and prosperity in their new home. In behalf of the society Mrs. Joseph Yuill presented Mrs. Burt a silver cake fork as a small token of its appreciation and respect.

Tell Some Sick One

It Is Free If It Falls.

Will you do an act of Humanity?
Will you tell some sick friend of this, my remarkable offer?
Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it falls."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity.

For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the cause of these ailments—the falling, laboring, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

Time is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My advice and the best I have are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal bill brings the opportunity. I will have an honest and trustworthy drug-gist to whom you can conveniently go for the day test.

But first, ask me for the order, for all drug-gists are not authorized to give the 30 day test. So write me now and save all delays. Remember that tomorrow never comes. Address Dr. Shoop, Box 12, Racine, Wis.

Which Shall I Send You?
No. 1 On Dyspepsia No. 4 For Women
No. 2 On Heart No. 7 For Men
No. 3 On the Kidneys No. 8 On Rheumatism.
