A Bee In Your Bonnet

Not a Presidential bee, nor a political bee of any sort, but the bee in your bonnet should be the lesson taught by the little hustler, the bee itself. The bee is a worker. He is also a scrapper. Ever get acquainted with his business, and? He looks out for his own, stands up for his rights, but above all, he works and SAVES. He does not save in an individual pile, either. He goes in with others of kind and BANKS his earnings in the hive. The bee has in all ages been considered a wise old boy—and he is. Put his plan into your bonnet, bid, Panama, or whatever kind of headpiece you may happen to wear. It will beat a political bee in ten different ways. Use our bank for your hive.

BY TROLLEY TO DETROIT

New Time Table Will Go Into Effect May 24th.

Announcement is made by officials of the Detroit United Lines that commencing May 24th there will be a new schedule in effect on the Rapid Railway between Detroit and Port Huron. The limiteds will leave Port Huron at 6:30 a. m. and every two hours to 6:30 p. m. and will leave Detroit at 7:15 a. m. and every two hours to 7:15 p. m. The running time between the hearts of the two cities will be two hours and fifteen minutes with the round trip fare \$1.50 and tickets good on any car any day. In addition to the limiteds there will be hourly local service via Algonac.

While this summer schedule is especially designed for the accommodation of the thousands of resorters along the line it will be found extremely convenient for the people of this section who travel to and from Port Huron by steam roads, giving sufficient time to see the Tunnel City and spend the necessary amount of time there that business requires.

The corrected time table will be published in this paper next week.

Comrades, Attention!

Wm. H. Dunphy Post, No. 424, G. A. R. will convene at the Paisley Hotel on Sunday, May 28th, 1911, at 10 o'clock a. m., and will march to the Catholic church where Fr. P. J. Cullinane will deliver a memorial sermon. All comrades that are able should be there and acknowledge the Great Father of all by their presence and humbly bow our heads together to Him who so kindly cared for us and protected and preserved our lives in times of great peril on the weary march and battlefield.

THE MORTGAGE BURNED

And the Methodist Protestant Church is now Free of Debt.

Tuesday evening, May 16th, at about eleven o'clock will go down into history as a bright and happy hour for the pastor, Rev. J. W. Saxbee, the trustees, the members and the friends of Yale M. P. church, the occasion being the burning of the mortgage and freeing the church entirely from debt. Five years ago, during the pastorate of Rev. W. H. Cole, the old wooden building which stood on the present site and had stood there a quarter of a century serving as a place of worship, was torn down and the present modern edifice was built of brick. At that time thru the untiring efforts of the pastor Rev. Cole and the sacrifices of the members and adherents to the church, it was made possible to build the new building. Just five years to a day, so the Expositor is informed, from the time the present church building was dedicated the mortgage was burned. Rev. Saxbee is deserving of a whole lot of credit for the raising of the money with which to liquidate the debt.

Tuesday evening was certainly one of pleasure and profit. The ladies of the church furnished a splendid supper from 5:30 till 8:30, and the inner man was well provided for. Then came the "feast of reason and flow of soul" when those who had assembled listened to J. W. Gray, D. D., of Adrian college. The speaker took for his topic "Today, the Brightest and Best of all the World." We would be pleased to publish the lecture in full that all who did not attend might enjoy reading what was said of the primitive days and the present, showing by quotations from early history that crime was more prevalent then than now.

A choir of sixteen voices furnished fine music during the evening and short talks were given by Revs. Cole and Saxbee.

A rising vote of thanks was given Rev. Saxbee and the ladies of the church for their untiring efforts during the past year in raising money to pay off the mortgage. The proceeds of the supper and lecture amounted to about \$80.00.

Equalize Assessment Rolls.

Under the terms of the act creating a new state board of equalization the boards of supervisors of the several counties will have to hold a special session this year on the fourth Monday in June to equalize the assessment rolls of their respective counties and prepare a report for the state board of equalization, which must be completed before the second Monday in July.

The present tax commission is required to present to the board a statement showing the actual cash value of all real and personal property in the state, except that paying a specific tax or taxed under the ad valorem system. The state board of equalization will meet on the third Monday in August this year and every third and five consecutive years thereafter instead of every five years as the old law provided. At the conclusion of its session the board is required to notify the treasurer of each county of the action taken in equalizing between the several counties, and the treasurer must publish a copy of the statement in one or more newspapers in the county. The board is also authorized to publish a copy of its proceedings and the statements presented by and of the counties relative to the equalization.

A Hold-up In Yale Monday Night.

Last Monday night Mr. E. E. Smith had just got ready to close up his place of business and had just reached up and turned off the last light when some one rushed in the door and said, "Hold-up, hold-up." Smith grabbed at the switch and turned on the light and by the door stood a man, a lady and a young lady, who wanted to get in to get ice cream. They had just reached town in an automobile and had farther to go but just couldn't until they had refreshments. Some one in Avoca had told them to stop at Smith's while going through Yale for he generally was first to open and last to close up but it is a mighty good place to cool off.
