

## NEWS FROM THE STATE CAPITOL

**ARR SHOES MADE OF LEATHER? MAKERS 'FESS UP BEFORE THE LEGISLATURE.**

**THE TEXT BOOK BILL WILL BE A SCRAP MAKER SURE.**

**Features of Legislative Work and Phases of Legislation as Developed Day by Day at the Capitol.**

[By Gurd M. Hayes.]

It came as a severe shock to the members of the senate committee on state affairs to learn that 99 per cent of all shoes which retail for less than \$5 and \$6 contain substitutes for leather and would be affected by a measure requiring the labeling of all footwear in which substitutes for leather are used. And yet this information was brought out when a number of shoe manufacturers appeared before the committee in opposition to Senator Woodworth's bill.

The shoe manufacturers insist that the so-called "horn fiber" counters are superior to leather and fiber boxes in the toes of the cheaper grades will outwear cheap leather and are not susceptible to water. They claim substitute inner soles are just as good and by their use better grade leather may be used in the outer sole.

They argue that although a leather shoe can be made cheap, it will not compare with the article containing scientific substitutes and that anything marked as containing imitations of substitutes would be ignored by the buying public in spite of the fact that it would be a much better wearing shoe than a cheap design complying with the pure leather provision.

The house committee on education reported out a uniform text book bill known as the Dunn-Young bill, which provides for establishing the uniform text book system in Michigan and making it compulsory on every district, except that districts may purchase the books prescribed and furnish them free to pupils. This action is in direct contravention to the wishes of a majority of the school boards of the state, their request being that cities having or establishing the free text book system, be exempted from the provisions of the bill.

A majority of the committee was not in favor of this exemption, however, a bitter fight will be made on the floor over this question and will be renewed in the senate if necessary. Rumors of scandal in connection with the school book question have been current since the first day of the session, but no definite hint of what is being done along this line has developed. Representatives of book companies are here and a mass of literature has been distributed among members at the expense of some one.

The substitute bill provides for a text book commission consisting of the governor, superintendent of public instruction, president of the agricultural college and two members to be appointed by the governor. This commission will select the so-called "basal books" which must be sold at 70 per cent of the price charged in the state at present for those books. The system covers all grades of the schools. School boards of districts or cities may furnish school books free, but must purchase the basal books although supplemental books not approved by the commission may be added. If passed the bill will take effect Sept. 1, 1914.

Although considerable opposition developed to the Odell bill providing that the dairy and food commissioner may combine the various funds appropriated for his department into one pot for use he considers in the best interests of the state, the house passed the measure by a vote of 53 to 34. It is explained that under the existing laws the commissioner often finds the fund for some particular department work exhausted, with the work uncompleted, while another department fund is pletoric with money for which there is no use. The bill has passed the senate and is now up to Governor Ferris for approval or veto, and it is expected that the bill will receive the seal of approval from the chief executive.

Under the provisions of the Lee bill which has passed the house, conductors on railway trains are given police powers to handle drunks, as well as to confiscate liquors. The bill provides that the conductor may arrest drunken passengers and turn them over to police officers at the next convenient station, and any liquor confiscated must be turned over to the station agent to whom the owner may apply for his wet goods. The minimum penalty provided is a fine of \$25 or 30 days in jail for those convicted of drunkenness under this measure.

According to statistics prepared by State Accountant F. Z. Hamilton, there will be a good decrease in the general purpose tax this year. Two years ago, the general purpose tax necessary to care for expenses not provided for specifically in appropriation measures and including a million dollars deficit, totalled actually \$3,233,000. This year the estimate of the general purpose tax is but \$1,788,570, a decrease of \$1,444,430 from the figures of two years ago.

The million dollar deficit must be deducted from this, but even with this left out, the decrease still is nearly half a million. Friends of former Governor Osborn claim this is a vindication of his policies of economy.

Under the estimate of State Accountant Hamilton, the legislative session will cost in the neighborhood of \$1,750,000. This makes the estimate for 1913 somewhat heavier than in 1914. The actual expense for 1913 will be about \$1,792,160 and for 1914, \$1,506,160. These totals are reduced by the credit of certain tax incomes such as the automobile tax, federal fund for care of old soldiers, etc., which aggregate some \$750,000 annually. The actual amount necessary for the general purpose fund for 1913 will be \$1,093,785, while for 1914 it will be \$748,785.

Chairman Hinkley, of the ways and means committee, of the house, had allowed some \$300,000 too much for the general purpose fund, so despite the fact that some \$500,000 of additional requests for appropriations came into the committee during the past week, the total of appropriations asked for up to the present time is a trifle more than \$17,000,000. More appropriation bills are being drawn and the grand total is apt to reach \$19,000,000 before the close of the session.

With practically no opposition the house passed the Catlin re-apportionment bill changing the congressional districts, but it is reported on good authority that the measure will have rough sledding in the senate. The bill as it was sent to the senate provides the following districts:

First district—First, third, fifth, seventh, ninth, eleventh, thirteenth and seventeenth wards of Detroit.

Second district—Oakland, Monroe and Lenawee, and the county of Wayne, outside of Detroit.

Third district—Eaton, Calhoun, Kalamazoo, Branch and Hillsdale.

Fourth district—Ottawa, Allegan, Van Buren, Berrien, Cass and St. Joseph.

Fifth district—Kent, Ionia and Barry.

Sixth district—Shiawassee, Ingham, Livingston, Jackson and Washtenaw.

Seventh district—Huron, Tuscola, Sanilac, Lapeer, St. Clair and McComb.

Eighth district—Grafton, Saginaw, Clinton and Genesee.

Ninth district—Leelanau, Benzie, Grand Traverse, Manistee, Wexford, Mason, Lake, Oceana, Newaygo, Muskegon and Montcalm.

Tenth district—Kalamazoo, Crawford, Oscoda, Alcona, Missaukee, Roscommon, Ogemaw, Isosco, Ocoola, Clare, Gladwin, Arenac, Mecosta, Isabella, Midland, Bay.

Eleventh district—Alger, Delta, Menominee, Schoolcraft, Luce, Mackinac, Chippewa, Emmet, Cheboygan, Presque Isle, Charlevoix, Antrim, Ontonagon, Montmorency and Alpena.

Twelfth district—Keweenaw, Houghton, Ontonagon, Gogebie, Baraga, Iron, Marquette and Dickinson.

Thirteenth district—Second, fourth, sixth, eighth, tenth, twelfth, fourteenth, sixteenth and eighteenth wards of Detroit.

By a vote of 26 to 5 the senate passed the concurrent resolution providing for the submission of the equal suffrage amendment at the spring election. Senator Winograd, of Iron Mountain, was the only progressive in the upper house to vote against the resolution. Senator Fitzgibbon, of Port Huron; Hanley, Murtha and George G. Scott, of Detroit, cast negative votes. The resolution was amended so that foreign born women will not be eligible to vote until they have remained in the state for a period of five years. As the resolution originally read, the wife of any naturalized citizen would be eligible to the ballot in case the amendment is adopted at the spring election. Efforts to amend the resolution so as to prevent women from holding office or serving on juries failed.

Thus far bills have been introduced covering every subject known to man, and Rep. Martz, of Detroit, has prepared a measure that will be presented soon making a closed season for anglerworms. Every organization that is interested in legislation has its representatives in Lansing to work for or against some particular bill.

Death entered the house of representatives for the second time during the present session when Rep. Joseph G. Unsold, of Detroit, expired suddenly while sitting at his desk. By a peculiar coincidence Rep. Unsold occupied a desk next to the one used by Rep. Joseph Greusel, who died a few days ago. Both men came from Detroit and both were republicans. Rep. Unsold was serving his third term and was 68 years of age. Apoplexy was the cause of his death.

## COAL MEN MULCT PUBLIC \$10,000,000

**WAGE INCREASES FOR 1912 TOTALLED \$4,000,000, BUT CONSUMERS PAID \$13,450,000.**

**SOME SALES WERE MADE AT BIG PREMIUMS.**

**Operators, Dealers and Miners All Gained, But Consumers Paid Higher Prices Without Compensation.**

Hard coal companies increased the wages of their employees \$4,000,000 a year by the strike agreement of last May and increased the price of anthracite to consumers \$13,450,000, according to a report based on an investigation by the bureau of labor submitted to the house.

The report submitted by Secretary Nagel is the result of an investigation conducted in response to a house resolution asking for the "elements of cost and profit included in the present high price of anthracite."

An average increase of 26 cents a ton in wholesale coal prices was discovered to have been made since the strike agreement of last May.

In spite of the fact that the workers benefited about \$4,000,000 in increased wages during the year, the report adds that "the recent increases in prices have been more than sufficient to compensate fully those companies whose costs of production have increased more rapidly during recent years, and at the same time have very greatly increased the profits of those companies, of whom there are several whose costs of production either decreased or remained stationary during the same period."

**U. S. Troops Kill Mexicans in Border Battle.**

For nearly half an hour in Douglas, Ariz., a force of 60 Mexican soldiers engaged 16 United States troopers of the Ninth cavalry under Lieut. Michaelson, on the international boundary line, until probably six of the Mexicans had been killed, several wounded and troops E and F of the Ninth cavalry arrived to reinforce the handful of Americans.

Reports of the casualties differ, some running as high as six Mexicans killed and others giving only four as the definite number of dead. City officials of Douglas in communication with state officials in Phoenix immediately after the fight declared the negro troopers had killed six of their opponents, and urged the state department to use every effort to protect the lives of Americans on this side of the border.

**Mexico Warned Not to Kill Hostile Leaders.**

A warning has been served on the Mexican government that the wholesale execution of anti-government leaders will not be tolerated.

The warning which was friendly in tone and couched in diplomatic language made plain the principle of the state department that the United States does not wish to interfere in the affairs of another nation. At the same time, however, it was pointed out that the laws of humanity must be obeyed no matter how serious the stress of conditions confronting a government.

The note was handed to Senor de la Barra, Mexican secretary of state for foreign affairs, by United States Ambassador Henry Lane Wilson. It was received in a spirit of friendship and copies were later taken to President Huerta and the cabinet.

**Turks Are Ready for Peace Pact.**

The Turkish government definitely abandoned its prohibitive stipulations in connection with peace and placed the Ottoman cause unreservedly in the hands of the European powers, with a request to conclude peace as advantageously as possible for Turkish interests.

Unless, as has been the case before, Turkey changes her mind before terms can be concluded, it is believed her direct peace negotiations will be resumed speedily, with every prospect of an early settlement.

All unimproved church property in Muskegon will be taxed following a decision of the city council.

To insure the residents of Hastings a square deal in weights of coal, hay and other commodities sold by weight in large quantities in Hastings, citizens are liberally signing a petition asking the city council to establish a municipal scale.

Suit has been begun by the Rogers Iron Manufacturing Co., in Muskegon, against Mrs. Esther Rand, daughter of the late William F. Chrystal and administratrix of his estate, for an accounting. For 30 years Chrystal was secretary of the company, and it is alleged that by false entries during that time he defrauded the company out of about \$29,000.

In a determined effort to stamp out the drunk habit, Chief of Police Strobel, of Jackson, has issued orders to send to jail every man whose past record will permit it.

## 15 KILLED IN HOTEL FIRE

**Many Guests Are Caught as Roof Collapses in Omaha Fire.**

Fire, believed to have been caused by a gas explosion, cost 15 or more lives in Omaha, Neb., and caused a loss of \$250,000. The Dewey hotel, a second class hostelry at Thirteenth and Farnam streets, was destroyed by fire which swept the three-story building with a speed that precluded attempts at rescue. Some of the guests had time to reach the stairway, but others were caught by the collapsing roof of the structure before they could be rescued from window sills on which they had taken refuge.

Several victims jumped or fell from windows and met either instant death or mortal injury.

**\$80,000,000 Syrup "Trust" Sued.**

Dissolution of the Corn Products Refining Co.—an alleged starch, glucose and syrup "trust"—is sought by the federal government in a civil anti-trust suit filed in New York, charging the \$80,000,000 combination with entering conspiracies and contracts to destroy competition in violation of the Sherman law.

Illinois men have been in Petoskey endeavoring to interest local men in the proposition of building a canning factory.
