Alex Adams, who has been assisting in the First National Bank in this city for the past two years, has accepted a position in the First National Exchange Bank at Port Huron and began work Wednesday morning. In the bank he was always pleasant and accommodating and it is with regret that we learn of his leaving Yale. The best of good wishes go with him.

The boys who are hauling logs to Yale have had all kinds of trouble the past week. On account of the middle of the streets in this city being bare along Kennebec street it has been necessary to take to the ditch until near John Holden's corner where in attempting to get on top of the grade again an upset of logs, bobbleis and all is the result. A few such mixups was enough therefore snow was hauled and placed in the streets and now everything slips along smoothly.

UP-TO-DATE & NOVEL

Advertising Methods Adopted by An Enterprising Firm.

That Yale is fast becoming metropolitan in the methods of advertising used by our merchants to call the buying attention to the many splendid values which they are offering, also that the wide-awake firm of Mathews & Wight are keeping up with and just a little ahead of the times in an advertising respect is again practically demonstrated by what is perhaps the most elaborate system of advertising ever attempted by any business house in this section, namely: the giving away of a beautiful Grafonola and a Colonial Queen Sewing Machine which will soon be on exhibition at their store.

In a recent interview with Mr. Mathews regarding this decided innovation in advertising he stated: "We have been enjoying the patronage and confidence of the buyers of this community for some time now and by always trying to keep our stock complete the saying that 'you can get it at Mathews & Wight's' has become a household expression. In giving away these presents we are actuated by a double purpose, to show our appreciation of the patronage of our friends during the past, also to encourage new trade and to bring the many splendid values we are now showing in all lines to the attention of every buyer in this territory. The plan we are using in giving away in equitable and fair to all, simply this, every person buying one dollar's worth of anything in our store will receive a coupon good for 100 votes. The person having on the closing day the largest number of votes will be given the Grafonola absolutely free of all cost. Next highest the Sewing Machine. No favors will be shown. Our reputation for 'square dealing' assures our customers of that fact."

These premiums are surely presents worth having, and we predict a very "merry race" for votes during the next few months.

Mathews & Wight are surely to be congratulated upon their broad-minded methods and "Trade Getter" advertising system.

FIRST PRESBYTERIAN CHURCH.

Dr. Hunter asks special attention of church goers to the subjects to be discussed next Sabbath, March 8th. Please read them and see if you are not interested.

Morning 10 "The Story of a Missing Child—A Special Sermon to Parents." (This will be one of the most interesting sermons he has given since coming to Yale. Let every father and mother be present who can.)

Evening (6:30) "Pathfinders Through The Soul Country." Pathfinders are always interesting characters—come and hear about these.

Bible School will meet promptly at 11:25. Last Sabbath was a "jubilee" day. It broke all record with an attendance of 181 and a collection of between eleven and twelve dollars. Next Sabbath the prophets foretell a round two hundred. It's a fine illustration of what a devoted people can do when they want to.

The new chorus choir is doing a splendid work. Come and hear it next Sabbath, especially in the evening hour.

There's a comfortable pew. And a welcome for you.
