Flynn informs us that he has purchased the north-end hotel and will assume possession May 1st. He will build a two story brick addition to the south side of the hotel to be used for an office and the bar which may be entered from Main street. Other decided changes will be made on the interior and before it is completed Mr. Flynn will have an up-to-date and modern hotel as can be found in the Thumb of Michigan. In so many towns and cities around us the "Go-to-Church" movement has been inaugurated and a special Sabbath day named, when everyone is expected to attend the services. No step has been taken in that direction by any of the churches of Yale, so far as we have heard, but we have heard that every Sunday in the Presbyterian Sunday school for several weeks is "Go-to-Church" (or Sunday school) Sunday. The number of attendants has increased each Sunday until last week two hundred and thirty-five was the total. A pleasant sort of a contest is on between three of the older classes, with a banquet to the one having the most points at the end.
