SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to Neglect

W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

We have the exclusive selling rights for this great laxative.

*** The Belmont Plan ***

In placing the BELMONT METALLIC CASKET on the market, we select in each City of any importance the LEADING FUNERAL DIRECTOR, to whom we give the exclusive right to handle our product, he to use his judgment in the matter of publicity.

We know from his standing that this matter will be handled in strictly a professional manner and that when so placed before a thinking community a demand will be created for what we know to be the highest grade METALLIC CASKET that is manufactured.

When such a demand is created we protect the man who has created it by making it impossible for anyone else to obtain the BELMONT METALLIC CASKET.

After careful consideration, we selected the firm of

Davis & Son, Yale,

whose professional standing is of the highest, believing them to be a representative firm of Funeral Directors.

We know from the service they have always given that the BELMONT METALLIC CASKET could not be presented to the community in a more professional and satisfactory way.
