### HERE AND THERE

Melvin voters are considering the question of adding two grades to the Melvin school.

The Macomb County Republican club will hold its annual meeting at Elliott hall, Richmond, on Friday, March 16.

Three hundred men are idle since the Romeo Foundry closed down on account of shortage of material to work with.

A bean warehouse has been erected at Roseburg and an elevator will be built in the spring by the Michigan Bean Company.

Clinton Cornwell, of Brown City, was found frozen to death in a wood lot near the home of John Youngs last week.

Work has begun on the Borden milk condensery at Sandusky, and within three months it is expected the factory will be operating.

A. J. Laidlaw, of Melvin, claims he put 322 bales of hay in one car, which totaled 21 tons and 10 pounds. This is the record to date.

A fine auto sales room and garage will be one of the new buildings put up in Brown City this spring. Alvin Shoemaker will be the proprietor.

Ex-President Taft passed through Port Huron last Saturday morning on his way east. Quite a number of persons recognized and spoke to him at the tunnel depot.

James Dale, of Mariette, sold 753 bushels and 3 pounds of beans the other day for \$4,539.92 and he had 130 bushels left for seed. The crop was raised on 52 acres.

Cass City finds its "Pleasant Home Hospital," of inestimable value to the town, and its name, given by the founder, the late Dr. Deming, proving just what it means.

At the first annual Family Gathering of the M. E. church at Brown City last week, a big banquet was given and afterwards \$700 was raised to apply on the \$3500 church indebtedness.

The N. G. Cronce house in Brown City burned to the ground last Thursday morning, all furniture and clothing being consumed. This is the second bad fire Mr. Cronce has had since coming to Brown City.

Brown City people interested in the organization of a band have so far held four meetings to get the expression and good will of the business men and citizens in their efforts. As yet not a business man has attended the meetings.

Dr. Jas. W. Inches, of St. Clair, has been appointed health officer of the city of Detroit, succeeding Dr. Wm. H. Price, who resigned the position. Dr. Inches is one of the best known physicians in the state. For several years he has not been practicing.

Capt. J. C. Kiah, of Harbor Beach, who was captain at Pte. Aux Barque since 1878 until two years ago and for his efficient and noble work was presented with the National gold medal, Life Saving Medal of the First-Class, died in California last week.

The Brown City Manufacturing Co., of Brown City, Sanilac county, are putting out a new auto trailer, designed especially for use by farmers in hauling produce to town. They have 50 trailers completed and ready for the paint. This promises to develop into a thriving industry.

At a recent meeting of the German-American Alliance of Minden City and Forestville it was voted to suspend all business of the society until peace is declared in Europe. The action of our government was endorsed and the members stand united to defend the U. S. flag whenever it is in danger.

A string of eight new Reo cars being driven from Lansing to Port Huron, were all more or less severely damaged, when the head one struck a big rut in the road near St. Clair, causing it to stop. The others were so close and going so fast, that to stop or get out of the way seemed impossible and one after another joined the pile.

### GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-Ka, astonishes Yale people. Because Adler-I-Ka acts on BOTH lower and upper bowel. ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. THE INSTANT, easy action of Adler-I-Ka is astonishing. Grant Holden, druggist.

TWO NEW MILCH COWS—7 and 9 years old for sale. Owned by Theo. Ulrich, 1 1/4 miles east of Yale. 49-2

### ROLL OF HONOR

**What A Change?**

The Brighton Mich. Argus began its 38th year last week when the editor presented this startling comparison between the time he assumed charge 30 years ago and the present.

Here is what it took to pay a year's subscription when we started: 3 1/2 bus. beans, or 1 1/4 bus. wheat, or 8 1/2 doz. eggs, or 10 lbs. butter or 16 lbs. of chickens. Note all that is required now: 10 lbs. beans, or 35 lbs. wheat, or 3 doz. eggs, or 3 lbs. of butter, or 5 1/2 lbs. of chickens.

### SOME GOOD ADVICE.

Strengthened by Yale Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Yale people rely on them. Here's one of the many statements from young people.

William Wilson, farmer, R. F. D. 5, Yale, says: "For a long time I was troubled by disordered kidneys. The kidney secretions were irregular in passage and accompanied by a scalding sensation. There was also sediment in them. Nothing benefited me until I got Doan's Kidney Pills at Grant Holden's Drug Store. They removed the trouble and restored me to much better health."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the kind that Mr. Wilson had. Foster-Milburn Co., Props., Buffalo, N. Y.

## DELCO-LIGHT

ELECTRICITY FOR EVERY FARM

DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to anyone—anywhere. Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities. Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light. It is furnishing power to operate pumps, washing machines, churns, cream separators, milking machines, vacuum cleaners, etc. It is lighting country churches, stores and public halls. It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.

It is lighting rural railway stations and construction camps. It is lighting the camps of United States troops on the Mexican border and it is disclosing heretofore undreamed-of beauties in the depths of Mammoth Cave, Kentucky. Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices are to be found in almost every part of the world.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit combined with a set of specially built and wonderfully efficient batteries for the storage of current. The plant is so simple a child can run it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.

Price \$275.00 and \$325.00
