## Efficiency In Banking

*We take pride in the way our bank is run. Our depositors include the biggest men in town.*

*Each individual account is given special attention.*

*We are opening new accounts daily. Come in and talk over your banking with us. Our officers will be glad to meet you.*

*It is the man with cash in bank whose voice is heard.*

*Checking and savings accounts.*

### Remember:

It is usually the unexpected that happens. You can never know when your home may require the services of the fire department. Friends can carry out your furniture, but only you can save your papers of value. If you keep them in a safe deposit box in our fire-proof vaults you can know they are safe, not only from fire, but also from theft or loss.

## Cochrane

A smooth, rich massage cream that cleanses and beautifies. It may be rubbed completely in to the pores of the skin and rubbed out again, leaving none of the shiny appearance which follows the use of ordinary creams. Exquisitely dainty and fragrant. A trial will convince you of its superiority. Put up in two sizes. If not perfectly satisfied you get your money back.

### The High School Tattler

Lawrence Skiffington, Editor.  
GRADE NOTES  
Laura Thomas is absent from the second grade on account of sickness.  
The Shoefelt girls have returned to the fourth grade.  
Marion Curtis has returned to the eighth grade.  
Eighth grade Arithmetic class is studying stocks and bonds.  
HIGH SCHOOL NOTES  
Mr. Boyer, of the Allyre and Bacon Company, visited school Thursday morning.  
Since Mr. Drouyer was detained in the office Thursday morning, we missed his talk; although we enjoyed several selections on the victrola.

The Freshmen were royally entertained at the new auditorium Monday evening. Each Senior, Junior, and Sophomore pledged himself to see that at least one Freshie had a good time, and each one carried out his pledge nobly. After the grand march, in which everyone joined, many games were played. Last, but not least, in the minds of Seniors, and Juniors as well as of Freshmen, ice cream cones were passed. Hurrah for the Freshmen and their entertainers, and three cheers for Mr. Barr, who made the pleasant evening possible!

English X classes have been doing some very interesting work in dramatizing this week. They had organized a banquet last Friday, Ray Alexander ably fulfilling the office of toastmaster; the members of the class responded with a joke. Poor Ray got most of the jokes though, and concludes its too much responsibility to be toastmaster.

An interesting teacher's meeting was held Tuesday evening.

The Physics class has started laboratory work.

The local high school foot ball team will make their first appearance at the city park with Brown City Friday, September 28th. It has been agreed upon by Brown City that they play three outside men, since our coach Mr. Menerey has had a hard time to rake up enough men for the team. Everyone come; a fast game is assured.

### ROSEBURG SCHOOL NOTES

Mary Dafoe and Helen Garrison are editors.  
Charlie Herbert has returned from his trip to Canada.

There was no school Wednesday on account of Miss Wood going to the fair.

Examinations next week.

The eighth graders are studying bones in Physiology.

The little folks are busy making chains.

The fourth grade is studying about ants.

Tom, George and Edward Guilliat were absent on Thursday.

Laurine Kappler has been absent two weeks on account of chicken pox.

Ruth Dafoe was absent Thursday and Friday on account of sickness.

Dear, Dear, what can the matter be parents don't visit the school?

Wilford Gingrich has been absent for two weeks on account of chicken pox.

### HORSE RACES IN YALE

Tuesday and Wednesday, Oct. 9th and 10th will bring to Yale one of the largest strings of race horses ever seen in our city, and if the weather is fine there will be a large crowd here for the event.  
The Driving Park Association is putting forth every effort to make this two days of real sport—the kind that's worth coming miles to see.

There will be some good special attractions for each day, details of which are now lacking. Watch next week's Expressor for complete program.

### POULTRY WANTED.

I am in the market for poultry of all kinds and will pay the highest market prices for same. Bring in your poultry on Wednesday of every week. Inquire at residence, opposite feed barn, Yale, 35—Henry P. Ohmer.

### LAST CALL TO SUBSCRIBERS

This is positively the last week in which you can take advantage of the \$1.00 per year rate for the Expressor. Starting Monday next, Oct. 1st, the price of a year's subscription will be \$1.50 in the United States and \$2.00 per year to Canadian subscribers. A great many of our friends have taken advantage of our offer and some have paid two, three and five years in advance. But there are quite a number who have not as yet been in to see us and we would be pleased to have them call this week and pay up. They can also renew for as many years as they wish at the \$1.00 per year rate.

This is strictly a business proposition. Everything that goes into the make-up of a newspaper has advanced, the same as prices on every commodity. What the farmer or anyone else has to sell brings a lot more money than it did a few years ago, and we can't see any reason why our paper should not.

Try and pay up this week and extend your subscription for one or two years.

## A Good Recommendation

The business man has confidence in the boy or other employee with a bank account. He knows that any one who can save for himself can save for him, and that money saved stands for character.

It does not mean how much you have saved, but the fact that you have shown a determination to do a certain thing; that a savings bank book is in itself a good recommendation.

You can have this kind of a recommendation by coming to the First National Bank and opening an account. One dollar will do to start and you can add more whenever you have it.
