THURSDAY, October 11, 1917

HERE AND THERE.

John E. Ross is the first man in Brown City to own a Ford truck. He uses it on his milk route.

After much effort, the 116 schools of Macomb county have been supplied with teachers.

Norman Wahla, assistant cashier of the Ruth bank, is another American going to war with the National army.

St. Clair people are jubilant over the decision of the A. T. Harrow Tractor Company to locate its plant in St. Clair.

Henry Miller of Lexington was severely kicked by his horses in a stall one day last week. It is feared he is badly injured.

Each of the Port Sanilac boys now at Camp Custer was presented with a wrist watch by their townsman James P. Mugan.

Two St. Clair residents, Mrs. Lydia Butlin and Michael Schwartz passed their 80th birthday anniversaries on September 29th.

The Richmond Review would like to see a restaurant in its town that will cater to the traveling public and also to the farmers and wives.

Mike Cully fell off a land roller while working on the farm of Mr. Wrubel of Minden City, and crushed his foot so badly that amputation was necessary.

They say good old Romeo is becoming sadly worldly. The statement is made that a theatre, a pop corn stand, a fruit store, three drug stores, two restaurants and three garages are in full swing every Sunday.

John R. Crissman, of Washington township, found a mushroom on his father's farm of the puff-ball variety, it measures 3 feet, 5 1/2 inches in circumference. This specie is edible, and on meatless days is a delicious substitute.

Vernor Harsen of Algonac and Edward Hill of Detroit have purchased 80 acres of the timber land of Dickenson's Island, St. Clair Flats, paying \$14,000. The land is thickly studded with great hickory and oak trees of many years' growth. The new owners say they intend getting out some timber this season.

A horrible death came to Jos. Reid of St. Clair last week when an explosion occurred as he lighted the early morning fire in the cook stove by putting in a little kerosine oil. The explosion which was heard blocks away, threw the young man across the room, blackened and singed beyond recognition. The sufferer lingered six hours. He leaves a young wife.

One hundred and fifty fliers from Texas reached Selfridge Field last week. At the aviation field in Texas they have had no rain since May. There is no vegetation, and the dust and heat are beyond description. It is said that the Mt. Clemens field has made a better record in turning out men than any of the rest of them. Rumors that this field was to be closed this winter are no longer heard. There will be hundreds of men here all winter.—Monitor.

MENNONITE CHURCH

Rev. J. A. Avery, Pastor
Miss Annabell, Assistant

Services held at the Brick Chapel. Sunday services begin with Sunday school at 1:30, followed immediately with preaching by pastor. Evening services begin at 7:30, with song and testimony.

Prayer meeting Friday night at 7:30. Next Sunday during Sunday school hour, a report will be given of Sunday school convention held at Brown City this week.

Mechanic Street Church of Christ

Eldred Charles, Minister.
Sunday, October 14
Morning service at 10:30; Eld. McCall will have charge of the service.

Sunday school 11:30. Every teacher and scholar present.

Evening service 7:30. Subject: "Did the Bible Come From God?" This sermon will be a strong argument against the destructive critic.

Welcome to all these services.

PRESBYTERIAN CHURCH

J. H. Rheingans, Pastor

The best Liberty Bond is that which ties you to the Eternal. Begin this Liberty Bond drive right now by being on the square with the church of Jesus Christ.

Our services Sunday at 10 a. m. and 7 p. m. Sabbath school at 11. See the Expositor for the lesson. "Returning from Captivity." Ezra 1:1-11.

The High School Tattler

HAZEL EDGERTON, Editor
GRADE NOTES

The Kindergarten had a party Wednesday morning on account of Jean Palmer leaving.

The little Kindergarten people are very interested in decorating their room for Halloween.

Grace Long is a new pupil in the Kindergarten.

Marion Palmer has left the third grade. All are sorry that she is leaving.

The fifth graders have started their work on fractions.

Evelyn Maddox has left the 6th grade.

The seventh grade has started the study of "When the Frost is on the Pumpkin."

Four of the 8th grade pupils are participating in the Detroit Journal contest. The nature of the contest is writing an essay on why we should buy liberty bonds.

HIGH SCHOOL NOTES

Mr. Drouyer, in his customary Thursday morning talk, told of America's part in the war.

The pupils of the high school are very enthusiastic over the prospect of basket ball.

The Freshmen held a business meeting Tuesday evening. Mr. Drouyer presided, and the progressive Freshies organized their class. The officers chosen are: President, Howard Hub; vice-president, Max Feat; secretary, Helen Palmer; treasurer, Clinton Crandell. They decided that each member of the class should pay ten cents a month for dues.

Mildred Sweet and Miss McGirk, of Sarula, visited school Monday, Oct. 8, it being Thanksgiving Day in Canada. The first rhetorical program will be given by Miss Ritchie's division on Oct. 26th.

The Caesar classes are very much interested in working out the dramatization of the Conspiracy of Orgetorix.

The American History people are drawing a map of the French and Indian war.

Hilton Tice, one of last year's graduates, who is teaching the Lynn school visited high school one day last week. His pupils were attending the Inlay City Fair.

The Senior class had a meeting last week and elected their officers as follows: President, Sam'l G. Ludington; vice-president, Alger Slosser; secretary and treasurer, Frank McKenzie.

Mr. Menery has found it necessary to change some seats this week, and has been threatening to change more.

The chemistry class performed two very interesting experiments the past week. One, the synthesis of water, from which very accurate results were obtained. The other was the electrolysis of water. Mr. Drouyer made a new apparatus for this experiment, and we find it to be very efficient. The results of tained in dividing water into its compartments were far more satisfactory than those obtained by the other apparatus.

The stereopticon that the senior class of last year gave to the school, has been ordered and arrangements for setting it up are being made.

The Junior class has also organized choosing for their president, Bernard Holcomb and for secretary and treasurer, Lawrence Skidlington.

Both geometry classes are progressing exceedingly well in their work.

Thomas Brady is welcomed back to school after an absence of two days. The physiology class had good success in performing the experiment of osmosis Monday.

The students have obtained the use of the auditorium for basket ball this season. The teachers as well as the pupils are much enthused over this, and a girls' and boys' team are being organized. The practice hours are from four to six in the afternoon. The teams expect to have games with some of the neighboring high schools during the winter.

The following, written by Marie Mullaney, was brought to the tenth grade English class:—

MY IDEAL HOME

Far, far across the sea,
In that little Isle so green,
I think my home is waiting,
For I've seen it in my dreams.
Surrounded by hills and valleys,
And roses and shamrocks green,
Is a plain, old-fashioned farm house
Admired this beautiful scene.

Surrounded by birds and flowers,
Where the quail and the pheasant roam,
Where the quail and the pheasant roam,
Where the quail and the pheasant roam,
'Tis the same old-fashioned farm house,
Where my father was born and raised;

Where grandmother lived so happily
In those far-off, old-time days.
I know 'tis a place of pleasure,
And a place I'd love to roam,
For it certainly delights my Irish heart,
And I call it my ideal home.

But now since the wicked war is on,
I'm afraid to go ashore;
So I'll simply have to close my eyes,
And dream of it once more.

FREE METHODIST CHURCH

10:00 Sabbath School.
11:00 Class Meeting.

7:30 Preaching.

7:30 Wednesday evening, Prayer Meeting.

Everybody try and attend these services.

POULTRY WANTED.

I am in the market for poultry of all kinds and will pay the highest market prices for same. Bring in your poultry on Wednesday of every week. Inquire at residence, opposite feed barn, Yale, 25—Henry P. Ohmer.

We Buy Old Junk

I will pay the highest market price for old iron, brass, copper, rags, old paper, hides and fur. If you have anything in these lines see me before you sell. Abe Kline, Yale. 16-52

Ford
THE UNIVERSAL CAR

The Ford Coupelet is a most practical two-passenger car—with room enough for three. It is really two cars in the one—an enclosed car of pleasing appearance for inclement weather, summer and winter, while the large sliding plate glass windows, with removable pillar, make it possible to transform it into a most delightful open car. Top is permanent, saving trouble of raising and lowering. Comfortable deep upholstery—a car of class and comfort. Price \$505 f. o. b. Detroit.

YALE, MICHIGAN

Second Liberty Loan

(Continued From Page One)

Treasurer—S. A. Graham.
Executive Committee—

District No. 1.—Gus Hill, City, M. W. Mills, Port Huron township, District No. 2.—Henry Whiting, St. Clair.

District No. 3.—S. C. McLouth, Marine City.

District No. 4.—Angus Smith, Algonac.
District No. 5.—Squire Lang, Jeddo.

District No. 6.—F. H. Wilson, Smith Creek.
District No. 7.—D. Tice, Memphis.

District No. 8.—H. C. Siegel, Capac.
District No. 9.—W. H. Learmont, Yale.

District No. 10.—C. W. Andreae, Avoca.
District No. 11.—Chas. Pratt, Goodells.

Speakers' Bureau—Chairman, Burt D. Cady.

It should not be forgotten that St. Clair county's share of the Liberty Loan is \$1,623,600. This will be the test of St. Clair county's loyalty. It looks like a big job but St. Clair county will make good.

It will be your duty to buy a bond. There isn't any better way to save your money and help your country at the same time. Every dollar you lend your country now will mean the saving of some American boy,—maybe your boy.

Work of County Agriculturist

The time during the months of July and August was almost entirely occupied with the farm labor problem, and this, together with other work in the field, has made it impracticable to keep the public informed through the papers regarding the progress of the county agent work during the past three months. On this account, perhaps a review of the activities of the office in connection with the farm labor problem will be of interest.

An extreme effort has been put forth to keep St. Clair county farmers supplied with help this summer, but during the latter part of July and the first half of August it was impossible to keep up with the demand. The cold, wet weather in the early part of the season made the farmer reluctant to accept help, and when good weather did arrive, over fifty applications for men came to the office in the space of three or four days. Continual advertising was done locally for farm hands and from three to five trips to Detroit per week were made to bring them out. A few men have been obtained from Port Huron and vicinity, but about 90 per cent of all those secured have been obtained from the Michigan Free Employment office at Detroit. Up to the present time a total of 106 men have been secured and located on farms in St. Clair county.

A summary of the work shows

that sixteen of the twenty-three townships in St. Clair county were reached with this project, and that they rank in respect to the number of men obtained in the following order: Wales 21, Mussey 15, Kenockee 12, Riley 10, Grant 10, Berlin 6, Columbus 6, Port Huron 5, Emmett 4, Clyde 4, Kimball 4, Lynn 3, Fort Gratiot 3, Casco 2, St. Clair 1, and China 1.

A review of the records shows that applications were made for a total of 125 men and that the 106 obtained constituted 86 per cent of the number asked for. In selecting the 106, fully that many more who were presented were discarded as unfit. It was made a practice not to hire a man unless he appeared to be reasonably clean and had had some experience. In handling so many, however, some mistakes were bound to occur, especially in regard to the latter requirement, and these were responsible for the most part for the inefficient men mentioned below.

Upon studying the records from the standpoint of efficiency of the men furnished, it is found 80 of the total of 106 have proven to be good hands, while the remaining 26 ranked from poor to useless. This, after all, is really the true measure of the success of the whole work, and shows that approximately 75 per cent of all the men placed were found at least fairly satisfactory.

C. L. Brody.

M. P. Church Notes

F. L. Crandall, Pastor

Our Rally Day was a decided success, both in numbers and in interest. Our attendance was 131, just 8 more than were present at our Rally a year ago. The L. B. C. report 3 new members, but we must not slump in effort. We should have the Rally spirit amongst us at all times.

The talk given by our pastor was right to the point and if put in practice as it should be, will surely be productive of good. The doors of the church were opened and 3 new members enrolled.

Remember the Subject for next Sunday morning, "The Birth of the Bible." This is the second of this series of six sermons and you cannot afford to miss one of them.

The L. A. S. met with Mrs. Rensley Smith on Thursday for another pleasant afternoon with her before she leaves our city for the winter. We regret that Mr. and Mrs. Smith and family are leaving us, as we shall miss them greatly in our church work, but we will look forward to their return in the spring.

The Bible Study still continues at our Prayer services and is proving a source of spiritual inspiration. The XXIII Psalm was the theme of last weeks study.

Stove and Range Repairs

We handle all kinds of stove and range repairs. Cash deposit required with every order. John Hutton, hardware. 27-4
