Buy, Buy Liberty Bonds & Bye Bye to the Kaiser

TO ALL TRUE AMERICANS:--

The Third Liberty Loan provides another opportunity for each citizen to definitely serve his country. The Officers and Directors of this Banking Institution appeal to you to subscribe immediately and to interest your friends and your employes.

We, the people, devoted to the principles of Democracy and Liberty, true to the traditions of our forefathers, who fought and bled for our Freedom, are now granted the privilege to again to "Go Over the Top with Our Dollars."

Your subscription is not a sacrifice but a privilege. It is necessary that this issue be subscribed not by any limited number or by a group of men, but that it be subscribed by all of the citizens of this great nation.

As Bankers, we recommend these bonds to you as the best security on earth. The world offers no better deed; no better investment. The assets and the entire resources of the U. S. A. are pledged for the prompt payment of principal and interest. We have implicit confidence in the American people to stand resolute in their faith in the triumph of right.

For generations, the echo of Liberty-loving America has sounded across the waters. Democracy is before the bar of Justice. With all our might we must defend our rights. Think what subjugation to the Prussian doctrine of militarism would mean.

We charge no commission or brokerage fees for handling your subscription. We are advertising Liberty Bonds merely as one of our contributions to the "Boys Over There" and because it is a pleasure to serve our Government in this undertaking.

You have thrived because of Liberty--now show your gratitude. In the name of America, do your part. Dig deep into your pockets. Warm our "Sammies'" hearts and freeze the blood of our enemies. "Over the Top with Your Dollars"---Ye Captains of Industry!
