ECHOES FROM PORT HURON

Port Huron Happenings Always Interest Our Readers

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Port Huron resident leaves no room for doubt on this point.

Mrs. Melvin Hillock, 1334 Gullite St., Port Huron, Mich., says:—"Three years ago I had a slight attack of lumbago. When I tried to bend over or straighten up, sharp pains caught me in the small of my back. During this misery with my back, my kidneys weren't acting as they should, and I was all run down. I had no ambition and was so nervous I could fly. Reading about the good Doan's Kidney Pills were doing others, I used a box. I received so much relief that I stuck to them until I had taken about three boxes, which practically cured me."

Price 60c, at all dealers. Don't get Doan's Kidney Pills—the same that Mrs. Hillock recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Good Will Given a New Impetus

A statement of Dodge Brothers war activities is due the owners of their cars.

Dodge Brothers refrained, during the progress of the war, from any reference to the performance of the car in Government service.

It seems proper now, however, to disclose the facts, because they are unusual facts—intensifying that good will which owners of Dodge Brothers Cars have always manifested.

Dodge Brothers car was the only one of its class approved and adopted by the War Department.

In a separate Ordnance Works, built especially for the purpose, costing millions of dollars and employing thousands of their skilled motor workmen, Dodge Brothers undertook an important duty designated by the War Department.

Without the aid of their great motor organization, Dodge Brothers could not have fulfilled the heavy obligation which they were asked to assume by the Ordnance Department.

The other service required of Dodge Brothers motor works, by the Government, was to continue

to furnish their cars as they were needed.

They were furnished, not in hundreds, but in thousands—both for the training camps here, and for service in Belgium, France and Italy.

The record of those thousands of camp and army cars is one in which any owner may feel the utmost pride and satisfaction.

Their performance justified the compliment implied in their selection by the Government.

The great works in which nearly three hundred thousand of their cars have been produced in the past four years furnished a vast store-house of human energy and equipment for the ordnance work.

Naturally, it will take time to adjust the motor works to its full accustomed activity.

Gradually Dodge Brothers will resume the grateful task of continuing to deserve the good will of America—and indeed of the whole world.

Dodge Brothers consider good will their most valuable possession.

They will never knowingly do anything to lessen it.
