"Bolshevism on Trial,"

"Bolshevism on Trial" Select Pictures special production, the timeliest picture ever screened, which will be seen on Tuesday and Wednesday, Sept. 30th and Oct. 1st at Princess Theatre, is based on Thomas Dixon's popular novel, "Comrades."

Mr. Dixon is numbered among the greatest novelists of the day and his books have one of the largest circulations in this country. Two of the finest pictures the screen has ever had—"The Birth of a Nation" and "The One Woman," the latter also a Select Special, were both adapted from Mr. Dixon's novels of the same names.

The basic story from which "Bolshevism on Trial" was fabricated is contained in Mr. Dixon's successful novel, "Comrades" but the story has been adapted and developed so as to meet the present international situation.

The story that is told on the screen is an intensely human and thrilling drama of Americans of the average type. "Bolshevism on Trial" is not a war picture and has no war scenes in it, the closest approach being the rapid fire gun of a United States Navy Coast Patrol boat which is called into action. The scenes are laid in a community on this side of the Atlantic—not in Europe. The men and women who find

themselves soon engulfed in the vortex of a titanic struggle are men and women as can be gathered into a convention hall in any American city. There is a love story, of course—for there is a beautiful and charming girl and a clean-cut young man of high ideals—and the situation is inevitable. But aside from the human touches which vivify and lighten the intensely dramatic subject through the entire picture there is one big, moving, driving theme which pushes steadily on from start to finish, and that is the struggle of Bolshevism to assert itself and to dominate—and its ultimate defeat.

Stand By the Home Paper.

The local weekly or daily papers deserve better support than they receive in many communities. Some have not succeeded because of the policy or lack of policy of their management, but our experience convinces us that the great majority of the papers devoted to the interests of the home community deserve hearty support.

The metropolitan daily will bring to one's doorstep the news of the world seen through the spectacles of the city editor, but it is the editor who lives in the heart of the community who is able to reflect the sentiment of the local group. He alone is the true interpreter of events as they affect the small town and the country immediately surrounding it. He alone is able to put the throbs of real feeling into the obituaries of the men and women among whom he has spent his life and with whom he has work-

ed for the improvement and advancement of the old home town. These local papers deserve better than they usually get. During the war they have had hard sledding, many of them, and now they have a perfect right to come to the citizens of their locality asking real business support. Give it to them.

If the local paper has the proper kind of encouragement it can do more for the welfare of the town and the countryside than any other factor. Support means more than merely subscribing. Send in the news. Patronize the advertising columns. Pretty soon you will find yourself becoming more interested in the community than you ever were before, and you will find that it is a good place to stay rather than something to try and get away from. Help the local paper and it will help you.

Mr. J. A. Menzies,

Dear Sir:—We wish to thank you for our getting the home paper so regularly and want to say that we enjoy and take much comfort with it.

We have surely noticed the big change in the appearance of the Expositor since your new linotype has made it possible for such changes.

Trusting the Expositor will continue to grow and be prosperous. We enclose a check for another year to our address.

Mrs. Cora Middleton,

PLAN TO KEEP CREAM SWEET

Cool Immediately After Skimming and Before Mixing With Older Cream—Keep in Cold Water.

Set the separator to skim nearly 50 per cent in hot weather. Cool the cream at once after skimming, and cool it before mixing with older cream. Stir it well to prevent the forming of lumps or masses. Keep it in cold water, stir with metal ladle, and have pails, cans, separator parts and all utensils and surroundings clean and sweet.

Just ask your wife if she doesn't want a nice NEW RANGE.

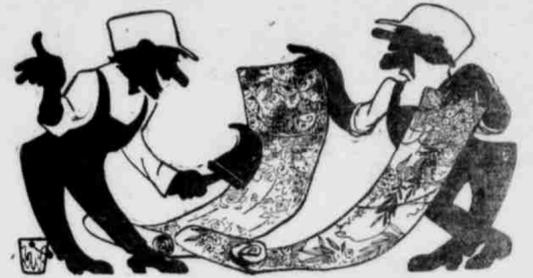

She won't say "No."

Then let her have the Range she wants. She sees that you get three square meals a day and you certainly ought to give her a modern, labor-and-perspiration-saving Range once in a life time. Then you can't complain of the bread; the pie crust won't be soggy and the whole family will be healthful and happy—especially your wife. Our Ranges are best, they stand the test.
