Yale To Have Race Meeting on Tuesday and Wednesday, Next Week. Plan to Be Present

Two Days of Real Sport Is Promised to Lovers of Harness Events

It was decided on Saturday last that Yale should have races this fall, and the days picked on are Tuesday and Wednesday of next week, Oct. 7 and 8.

This is pleasing news to Yale people in general, as it was expected that when Riverside Driving Club sold its property south of the city, the track would be plowed up, and we would have no more race meets. But arrangements have been made for these two days, and it is expected that Mr. Ludington will keep same in shape for future events of this kind.

There will be three fast races each day, and it is expected that hot heats will be staged in each event, as these will be the last races of the season and the horsemen are always keen for winning the last race as the first one.

Following is the program that has been mapped out by those in charge:

FIRST DAY
2:20 Trot or Pace.....\$100.00
Named Race.....\$100.00
Farmers' Race.....\$ 25.00

SECOND DAY
2:40 Pace.....\$100.00
Free-for All.....\$125.00
Farmers' Race.....\$10, \$5, \$3

Good purses have been hung up as above shown, and it is to be hoped that one of the best crowds ever will be in attendance each afternoon.

Will Reside in Yale

Charles W. Snover and wife arrived in Yale Wednesday from Pontiac, and will make their home with their uncle and aunt, Mr. and Mrs. Dan Ferguson. Mr. Snover will look after the ice business and take charge of Mr. Ferguson's affairs.

For some time past both Mr. and Mrs. Ferguson have been in poor health, and this change will give them a chance to take things easier.

Mr. Snover comes to our town highly recommended as a good citizen and a hustling business man. For the past two or three years he has been manager of the Elk's Temple in Pontiac, and on Thursday evening of last week that society gave a banquet in his honor, at which time over two hundred were present.

He was presented with a nice purse and other gifts in appreciation of the work he has done since taking charge of affairs there.

We welcome Mr. and Mrs. Snover to our city.

Remember the two-day race meet at Yale next Tuesday and Wednesday.

Henry Steenburgh attended the funeral of Will Beadle at Melvin on Wednesday.

Mrs. Ernest Brown and Miss Helen Brown, of Newago, visited Mr. and Mrs. Milton Edighoffer last week.

The Co-operative Association of H. E. Clark shipped a carload of live stock from Yale last Saturday. Another shipment will be made in two weeks.

Mrs. Abner Sisco brought to the Expositor office Saturday a leaf picked from a sun flower stalk on which prant there grew thirty-four flowers. Another sunflower stalk grew in the same garden 12 feet, 4 inches tall with only one blossom on top. Some sunflower.

County Clerk Joseph E. Vincent was laid up at his home on the farm south and east of this city part of the past week as a result of slight injuries to his leg while working with a threshing machine Monday afternoon of last week. One of the wheels of the machine became disconnected and a piece of metal struck him on the leg, cutting the limb slightly in two places. He has been able to navigate with the use of crutches, and soon will be at his post again.

FAREWELL RECEPTION

The ladies of the Presbyterian church met on Tuesday afternoon in the church for a social time with Mrs. Elizabeth Lothian and Miss Belle McKenzie, both staunch workers, who will be greatly missed.

A pot-luck supper, conceded by everybody present as the finest ever, was spread on long tables in the dining room and merrily enjoyed.

Mrs. Lothian expects to leave today for Richmond where she will visit a few days before going to her new home in Detroit. Miss McKenzie, with her mother and sister will move to Detroit shortly.

It is with regret that Yale people see them go, but best wishes go with them.

BACK FROM FRANCE

A happy reunion was held on Sunday at the home of Mr. and Mrs. Carl Tornow when their son Julius returned from France after two and one-half years' service in the U. S. army.

He says: "Home looks good to me." He was not sick even one day while away, and has gone through most of the big battles, coming out without a scratch. Some luck. He says it was some experience, and is proud of it.

Turn Back Your Clocks

Sunday, October 26th is the day for setting your clock back one hour. Some cities are enacting local legislation to retain the present system of "daylight saving." Most of the people in Yale and vicinity like the present time, and perhaps it would be a good idea for some one to start a movement to leave the clocks alone for the present at least.

POT LUCK

The ladies of the M. E. church got together with a fine pot-luck supper and a social farewell evening on Tuesday for Rev. Merrill, Mrs. Cordon and Mrs. G. W. Allen.

It was a pleasurable occasion, mingled with regret that the churches loses their members. It was also a matter of regret that Mrs. Merrill was not present, her health not permitting her return from Mackinac, where she went for relief from hay fever and asthma.

Mrs. Cordon will go to Orion for a time and Rev. Merrill and family will start immediately for Escanaba. Mrs. Allen expects to leave in a few days for Flint. May happiness attend each one.

Revivals at F. M. Church

The Evangelist's pointed talks at the Free Methodist church are causing quite an interest. Some folks are questioning as to where he gets it all. Mr. Heins declares it is all found in the Bible.

Tuesday night the evangelist said in his discourse that the gentle age is hastening to its close, and is nearer to an end than many suppose, quoting as proof the words of Christ found in Matt. 24: 34, "This generation shall not pass till all these things be fulfilled", declaring that the generation here spoken of means the generation living when the things referred to in the preceding verses are now in process of fulfilling. The corroborate this prophesy, Mr. Hines gave the interpretation of the image recorded in Dan. 2, stating that there has been a WORLD WAR at every change of metal as is proven by history. There was a world war when the government passed from Babylon to Medo-Persia (gold to silver) another when it passed to Greece (silver to brass), and another when it passed to Rome (brass to iron). There has been no world war since Greece passed to Rome until the "world war" just closed. Here the metal makes another change at the ankle joint from iron to iron mixed with miry clay, resulting in a great change in the world's governments of today. There remains but a small part of the great image, according to history—from the ankle to the toes.

The evangelist affirms that we are now living in the feet and toe stage, and that since historians agree as to events we may expect the winding up of the gentle age for which the image stands.—J. A. Kelley

There will be a meeting in the Expositor office on Friday evening at 7:30 for the purpose of completing the organization and electing officers and directors. Let everyone who agreed to help put the matter through be present on time.

Our announcement in last week's paper regarding the organization of a Fair and Race Association has caused much talk in our little city, and everyone seems to be in favor of the project.

The plan has been discussed for a long time by those who have been instrumental in promoting the idea, and already fifteen have expressed their willingness to take hold of the matter and push it through to a finish.

But movement of this kind requires the co-operation of every citizen, and we don't believe there will be a knocker in sight.

Start talking the matter over with your neighbors now, and remember any plan you can think of that will help make a success of the affair. It's really going to be something big—fair and races—and everything that goes to make a good time for the crowd that will surely attend.
