

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through, you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

Shove off! -Join the U. S. Navy

RED CROSS NEED OF MONEY TOLD

Work Must Be Carried on Across the Waters and in the United States.

PEACE PROGRAM PLANNED

Enrollment is a Vote of Confidence in the Future and an Appreciation of Tasks Accomplished.

The American Red Cross is preparing to launch its third Roll Call, to be held from Nov. 2 to 11, for 20,000,000 annual members and \$15,000,000.

The first question that will arise is: "Why does the Red Cross need money? The war is over."

National headquarters of the American Red Cross has answered this question, and has outlined graphically the reasons why it is necessary to raise \$15,000,000 for its international, national and local work.

In brief the answer is as follows: Because: The actual war work is not completed. The Red Cross cannot lay down its responsibilities to the American soldiers, sailors or marines until everyone of them has been released from sevice, recovered from illness or wounds or receiving proper care, or back in the place in the world from which the war snatched them.

Because: The American Red Cross is planning to launch a comprehensive program for peace times, designed to prevent the needless waste of human lives through preventable diseases and accidents in America; continue and broaden its home service work and public nursing, first aid, home hygiene and Junior Red Cross activities.

Because: By a recent act of Congress medical, surgical and dietary food supplies valued at \$35,000,000 were turned over to the Red Cross by the government, the supplies having been purchased for use with the American forces. These supplies are scattered throughout Europe, many of them far from the places where they are most needed. The prompt and efficient distribution and handling of these supplies means the maintenance of a force of trained workers where the supplies are and where they are most needed.

Because: Pestilence and starvation have gripped many European countries because of the war. These countries are unable to cope with their own difficulties, and the only force organized with facilities capable of stepping into the breach and bringing order from chaos is the Red Cross. Typhus is sapping the man strength of many countries, and the American Red Cross is using every available power to check it.

Because: The Red Cross must be prepared to meet emergencies arising from disasters at home and abroad.

The Red Cross membership must be maintained at its present high standard. Every enrollment is a vote of confidence in the past performances of the American Red Cross and a reaffirmation of the belief in the principles for which it has stood in the past and its plans for the future.

The Red Cross, having committed itself to a definite and comprehensive program, cannot turn back, and to go forward it must have as general a membership as possible and ample funds to provide for any contingency.

LOCATES MOTHER AFTER FOUR DAYS IN DESERT SANDS

Four days by camel from Damascus, in a little desert village nestled in the blazing sands, lived the Syrian mother of an American soldier, waiting, yearning for word from her son who had gone to far-off America.

George Hamway, the son, enlisted with the American colors when this country went to war, and fell fighting in the Argonne, leaving to the mother a \$5,000 government insurance policy. The address of the mother was vague. She lived in the heart of the desert, four days from Damascus—that was the only address George knew.

The task of finding the mother was given to the Red Cross mission in Palestine, and the search was started immediately. Strange by-ways of that land of mystery—the great desert—were visited by Red Cross workers, and at length the mother was found.

She was taken to Damascus by camel, accompanied by witnesses establishing her identity, and after much palaver it was explained that the American government would make remittances to her which meant comparative affluence for her declining days.

CLUBS TO AID RED CROSS.

A series of club days are being arranged by the Red Cross as a forerunner of the Third Roll Call to be conducted from November 2 to 11. Business, commercial, rotary, Kiwanis, advertising, fraternal, women's and other clubs are being invited to set aside one meeting day to be devoted to the Red Cross.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

United States Tires are Good Tires

We know United States Tires are GOOD tires. That's why we sell them.

Concerning That New Coat---

If You've Planned on Getting a Really Fine Coat—

LISTEN TO THIS—

A few days ago, our ready to wear department stumbled on an opportunity to buy a collection of the finest coats we've seen this fall—coats that are offered every day, at any store, at prices like \$87.50, \$100.00 and even \$125.00—at a price which would enable us to resell for \$75.00 if we marked them close.

The condition was that we buy 100. Did we buy them? We did. We knew that everyone who proposed to pay more than \$75 for a coat far rather save everything over that amount as long as she got the same value and style that the higher price would bring her.

And we knew that those who did not plan to spend quite so much would rather stretch a point when doing so would bring them so many dollars worth more style and value.

So in this confidence we bought them. You may be sure that every garment is of absolutely highest quality materials, finest workmanship and very newest style, texture and color. There's a great assortment.

Here's a bargain offering that you usually see along in February. Here is your opportunity to pick while the season is young; to get as great a value as you would if you waited many months until the garment is out of style. And you do not sacrifice your right to plentiful assortment from which to select.

Spend \$75 for a Coat Worth Up to \$125! See Them Tomorrow!
