THIRD RED CROSS

# ALL YOU NEED IS A ♥ AND A \$

## MOBILIZED FOR DISASTER CALLS

### Red Cross Machinery of Organization Ready for Any Demand for Service.

## 60 BASE HOSPITALS READY

### Chapters Provide Emergency Relief Committees and Establish Supply Centers to Answer Appeals.

Preparedness for disaster relief on a scale never before possible is being undertaken by the American Red Cross as one of the important features of its new peace program. In support of which a nationwide Third Roll Call will be conducted from Nov. 2 to 11 to obtain 20,000,000 members and \$15,000,000.

### Plan Survey of Supplies.

Since 1900 disasters of peace have cost many thousands of lives and have brought personal injury or property loss to 1,500,000 persons, destroying property valued at \$1,000,000,000. During 1917 eighty disasters were reported to the American Red Cross, 62 tornadoes, 5 floods, 4 great fires, two earthquakes, two serious mine disasters, two munition plant explosions and the tragic calamity which befell Halifax.

Under the direction of the Red Cross the entire resources of all communities will be mobilized for instant use when needed. Chapters everywhere will create committees to make surveys, locating emergency food supplies, drugs, hospital supplies, cots, mattresses, blankets, clothing, armor, schools and other buildings for housing refugees and will canvass physicians, nurses, social workers and others prepared to respond instantly to calls for their services in disasters.

### National Resources Available.

The thirteen divisional organizations will establish disaster relief supply centers and take charge of operations when assistance is needed. In cases of major disasters where the resources of the division in which it occurs are overtaxed, the entire strength of the Red Cross in the country may be mobilized through national headquarters.

Fifty base hospitals organized by the American Red Cross and turned over to the government for use with the military forces will be ready for immediate service.

## NURSING CLASSES PLANNED BY RED CROSS CHAPTERS.

Classes in nursing the ill, conducted by trained nurses and open to every woman in the local chapters as a part of the peace program outlined by that organization. The course will include instruction in home sanitation, hygiene, care of the sick, and dietetics. These classes are being introduced into public schools and colleges and are offered to employees of department stores and factories, girl scouts, or anyone who desires to learn to prevent illness as far as possible, and to care for the patient when illness comes.

## Up Against It Right

We've heard about the bucking broncho; we've experienced trouble with a bucking auto and a bucking gas engine, and on top of all this our lynotype demonstrates this week that she has a temper of her own. Consequently our type is nearly all hand set and a lot of real good news is passed up, owing to lack of time. "Dr." Taylor, of Port Huron was called in on Thursday evening and discovered a broken "limb" which has been set, and he promises to have "Maud" on her feet and attending to her business by the first of next week.

## STRAYED—Came to my premises 1 mile north and 1 1/2 miles west of Roseburg, about Sept. 1st, 5 sheep. Owner may have same by calling at my place, proving property and paying charges.

## "LIFE SAVING IS RED CROSS AIM"

### Most Important Work of Peace Is Welfare of People, Says Dr. Farrand.

## ORGANIZATION MUST GO ON

### Co-ordination of All Movements to Conserve Humanity and Prevent Disease Is After-War Task.

"The efficient organization which the American Red Cross built up to meet the demands of war must not be permitted to slip back into inactivity," said Dr. Livingston Farrand, chairman of the Central Committee of the American Red Cross who is touring the country to place the proposed peace work squarely before the people. His tour was outlined to carry the message into all states as a forerunner of the Third Red Cross Roll Call, to be conducted from Nov. 2 to 11 for 20,000,000 annual memberships and \$15,000,000.

### Most Diseases Preventable.

"The war has accentuated and sharpened our realization that the greatest contributing factor in disturbing the happiness of mankind is the question of physical well-being, the problem of health and disease," Dr. Farrand said. A large portion of the disease of the world is preventable, and the people naturally are looking to organizations that are able to help and guide; that are built on lines that beget confidence.

"The organization best equipped for this purpose is the American Red Cross. States and municipalities must conduct this campaign and the local Red Cross organizations are operating units. For the last ten years leaders in health work have sought an organization capable of co-ordinating the various local activities into a massed movement which would produce results. That organization is the Red Cross.

### Nursing Program Developed.

Are we not going to take advantage of this opportunity to better humanity? We have here an organization that represents every national interest; that knows no party and no creed; that has attached to it every type of man, woman and child in the United States and we propose to put this energy behind the great movement to co-ordinate and bring together these varied interests so far as possible.

"The biggest activity which the Red Cross has undertaken in this field is the great public nursing program. The entire movement for public health depends upon the adequate development of the public nurse."

## GEN. PERSHING GIVES \$10,000 TO RED CROSS.

The last act of Gen. Pershing before he left France for the United States was to turn over to the American Red Cross \$4,625.40 francs, about \$10,000, to be used by the Red Cross for the care of French orphan children who had been "adopted" by the Red Cross. A chaplain attached to Gen. Pershing's staff visited the Red Cross headquarters and saw the work which was being done for the children. Apparently he had carried a report to the commander in chief, and the check was the result.

## NOTICE

Notice is hereby given to any and all persons destroying property or doing other malicious depredations on Halloween that they will be arrested and dealt with according to law. If this notice is not sufficient to stop the nuisance an ordinance will be passed by the Common Council of the City of Yale prohibiting all young lads 16 years of age and under from roaming the streets of the city after 8:00 o'clock in the evening. Now govern yourselves accordingly.

By Order of Mayor Wharton, John Henry, Marshal.

## RED CROSS ASKS FOR VOLUNTEERS

### Two Hundred and Fifty Thousand Workers Needed to Conduct Third Roll Call.

## RECRUITING LISTS OPEN

### Every Local Chapter Will Enlist Men and Women to Obtain Annual Memberships From November 2 to 11.

Two hundred and fifty thousand volunteer workers will be needed in the Central Division to conduct the third roll call of the American Red Cross, November 2 to 11. An appeal is made from Central Division headquarters in Chicago calling upon the men and women of every community to enlist for the ten-day campaign to secure dollar annual memberships. With approximately 600 chapters in the division, this number will allow for about 400 workers to a chapter. Every chapter will be a recruiting office for these workers.

### Workers Will Wear Badges.

Each worker will be supplied with a badge proclaiming that the wearer is a volunteer worker for the Red Cross. The success of the campaign will, in reality rest upon the shoulders of these volunteer workers, as the third roll call cannot be a success without a complete organization.

The purpose of the campaign is to obtain, as nearly as possible, a universal enrollment in the Red Cross as an expression of confidence in the past performances of the Red Cross and a reaffirmation of allegiance to the principles which will guide its work in the future. In order to do this every man and woman in the territory of each chapter must be asked to join the Red Cross, and this will require the services of hundreds of workers. The Central Division wants at least 4,000,000 enrollments for 1920. Special stress during the campaign will be placed upon the annual one-dollar memberships in order to make the roll call an appeal to all the people.

## Past Campaigns Successful.

Success has attended all Red Cross activities in the Central Division in the past. In the last war fund drive this division, with a quota of \$13,800,000, subscribed \$21,307,602.88. In the second roll call, more than 4,000,000 were enrolled.

The money quota for the Central Division is \$5,000,000. Throughout the nation, the Red Cross will enlist 20,000,000 members and raise \$15,000,000 to carry on its international, national and local work.

## PLAN WORLD WAR ON PLAGUE.

Twenty-six national Red Cross societies forming the League of Red Cross societies, have opened a united war on disease, famine and disaster in all parts of the world. The league has started its work in Poland, where typhus is raging and threatening to spread over western Europe. A medical commission has been sent to handle the situation there and to report on methods of checking the plague. The roster of the league includes Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, France, Great Britain, Greece, Holland, India, Italy, Japan, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, the United States and Venezuela.

## SNAKE FANCIES EXPENSIVE FOOD

### With Eggs at Seventy Cents Per Dozen Mr. Serpent Insisted on "Fresh Laid" Fruit.

In a letter from Mrs. J. C. Hart, who is now living at Kissimmee, Fla., she says:—

"Here is a little incident which happened while we were visiting friends near Orlando last week. These people have a fine grove, cows, hens, etc. While a hen was on the nest to lay as usual, a large snake did a cunning trick. He crawled up into an adjoining nest, coiled himself around, and patiently waited until the hen vacated her nest, then Mr. Snake reached in and took the egg. The consequences were, he was shot and killed. I wonder if the Michigan snakes can calculate so well?"

## A Farewell Reception

Elmer T. Hall and family were pleasantly surprised on Friday evening of last week when they were called, by invitation, to the home of H. S. Hydorn, where more than 25 friends and neighbors met to help make it an event long to be remembered.

The amusements consisted of desirable games, both old and young participating, and music. An unusually pleasant time was spent.

At a reasonable hour a delicious pot-luck supper was served, shortly after which all left for their homes.

## A Sad Affair

A shocking accident occurred at Valley Centre last Friday when Mr. and Mrs. Charles Manns lost their little girl about six years of age.

Mr. Manns had taken Beatrice to school in the morning in his automobile. She was out of the machine and he believed out of the way, but as he turned, for some reason she ran in front of the wheel which passed over her body, life going out almost immediately.

Funeral services were held on Monday from the home and interment was made in Greenwood cemetery.

Deep sympathy is felt for the family.

## Smith-Holden

Married at noon on Monday, October 27, 1919, at the Washington, Avenue Methodist Episcopal parsonage, Port Huron, Mich., by Rev. Victor S. Darling, Emma Holden and Burton Smith, both of Yale.

The bride has been a life-long resident of Yale and vicinity, while Mr. Smith is a new comer.

The whole community joins in best wishes for a long and happy life for Mr. and Mrs. Smith.

They will reside on Mary Street, Yale.

## Miscellaneous Shower.

In honor of the bride-to-be, Mary Hodgins, a shower was given at the home of Mr. and Mrs. Will Hodgins on Wednesday evening.

About fifteen young ladies were the guests and a happy social time was enjoyed with games and music. An excellent lunch was served and many handsome articles of a miscellaneous nature were bestowed upon Miss Hodgins.
