DESCHANEL RESIGNS AS PRESIDENT OF FRANCE

M. PAUL DESCHANEL

Paris.—Paul Deschanel, president of France, has presented Premier Millerand with a letter of resignation, and his presidential message which accompanied it has been read to the Senate and the Chamber of Deputies.

The resignation of M. Deschanel comes at the end of almost 45 years of active political life during which he rose from a cabinet officer's secretary and finally to the post of chief citizen of France to which office he was elected January 7, last.

In the early morning of May 27, just five months after his election, M. Deschanel fell from a moving train while en route from Paris to Montbrison to dedicate a monument. His failure to fully recover is believed to be the reason for his resignation.

STATE CLAIMS BORDER ERROR

Boundary Commission Would File Suit to Recover 400 Square Miles From Wisconsin.

Lansing.—Members of the Michigan Boundary Commission, created by the last Legislature, were in Lansing to arrange with Alex J. Groesbeck, attorney-general, for filing a suit in the United States Supreme Court to compel Wisconsin to relinquish 400 square miles of land which the commission says their investigations have proved belong to Michigan.

One Capt. Cram, in 1841, made a mistake in a survey, the commission declares, with the result that Wisconsin for three-quarters of a century has been administering the law and collecting the taxes on lands which rightfully belong to this state. The territory in controversy includes Hurley, Wis., once famous for having the most saloons per capita of population of any village in the country. It also includes several islands in the Menominee River, on one of which stands a statue of Isaac Stephenson, former United States senator from Wisconsin.

Hiram Plans On Coming to Indiana to Speak in the Interests of Republican Party.

Chicago.—Senator Hiram Johnson expects to come east and speak in the campaign and may include Indiana in his itinerary, especially the great industrial district about Gary, where the iron and steel mills are located.

Senator Johnson has written a letter to C. G. Kingwill of Hammond, in which he says: "My plans are still vague, but I am hoping to come to Indiana in behalf of the Republican ticket. If I do come into your state, I shall be more than delighted to come into Lake county. I want to explain to your people there my appreciation of their very great kindness to me in the presidential primary."

U. S. CHARGES PRISON CRUELTY

Federal Prisoners in Maryland State Penitentiary Ordered Removed

Washington.—All federal prisoners in the Maryland state penitentiary will have to be moved to another institution as a result of an investigation of charges of brutality practiced there, it was announced at the department of justice. Assistant Attorney General Adams has approved the report of federal inspectors recommending the removal of the prisoners, it was stated, but none of the details of the conditions found to exist in the penitentiary were made public.

669 Ships Added During 1920.

Washington.—Shipping under American registration increased by 669 vessels and 3,416,713 gross tons during the fiscal year of 1920, the Department of Commerce announced. On June 30 registered shipping consisted of 25,182 vessels, totaling 16,524,013 gross tons, as against 27,513 vessels of 12,907,300 gross tons on June 30, 1919. Of the year's increase nearly 90 per cent consisted of seagoing ships of 1,000 gross tons or over owned by the Shipping Board.

Geneva.—A large hydro-airplane, which was last seen over the Alps near St. Gothard, is being searched for. The machine is believed to have fallen into an abyss. It was on its way from Italy to Finland, piloted by an Italian aviator and with a Finnish officer and a passenger, having been bought for the Finnish army.

Would Starve, Rather Than Beg.

Los Angeles.—"I'd rather starve to death than beg. I've not eaten a meal in 12 days, but I'd go along until the end before I'd beg from anybody." That is what 80-year-old Patrick Dempsey told the Santa Monica police. He was found under the shelter of the Palisades, where he had built a fire, by which he was seated.

Before being killed the elephant upset many cages containing other animals and threw one cage with four lions inside 30 feet.

Petain, Defender of Verdun, Weds.

Paris.—Marshal Henri Philippe Petain, commander in chief of French armies during the latter years of the great war and whose work at Verdun made him a national figure, was married to Madame Hardon. The marriage is a realization of a lifelong dream of the marshal, who knew the bride when she was a very young girl. He always cherished a tender memory of her and hoped that, some day, circumstances would enable him to marry her.

Bolshevik Gold Turned Down.

London.—The board of directors of the Daily Herald will not accept the Russian soviet government's offer of 75,000 pounds. The directors deny that the money had been offered. The Daily Herald, the radical laborite organ, recently frankly asked its readers whether it should accept 75,000 pounds from Russian sympathizers. Without the support of this money, it added it would be compelled to double its price. Mr. Maynell, who made the offer, refused from the board.

Andrews, Washington, president of the National Trade Paper Association, told the annual convention of the United Typothetae of America here. BOMB EXPLOSION IN WALL STREET

MORE THAN 30 KILLED AND OVER 200 INJURED BY BLAST IN FINANCIAL DISTRICT.

\$1,000,000 PROPERTY DAMAGE

"Accident" Say Financiers Who Escaped; Police Believe It is Result of Conspiracy.

New York.—A mysterious explosion in Wall street, near Bond, believed by trained department of justice and police investigators to have been caused by an infernal machine, rocked the heart of New York's financial district, leaving death and destruction in its wake.

At least 32 persons were killed, more than 200 were injured, the banking house of J. P. Morgan & company, the subtreasury and the assay office were partially wrecked and property damage estimated in excess of \$1,000,000 was caused by the blast.

A letter giving warning of the explosion was dropped through the mail slot of a door in one of the offices of the French financial commission at 65 Broadway, the day before the explosion. It became known later. This letter, apparently written by a man formerly in the employ of the commission, was torn into small pieces soon after it was read and dropped into a waste basket.

Thomas W. Lamont, of the J. P. Morgan firm, insists that the explosion was purely an accident caused by a collision between an explosive-laden wagon and another vehicle. The firm had received no threats of any kind, he said, and there was no real reason for planting a bomb outside the firms office.

Despite the police theory that the explosion was that of an infernal machine, several eye witnesses reported that a wagon bearing a sign "explosives" was seen near the Morgan building a few moments before the blast occurred.

This led to the theory that the explosion was caused by a collision between this explosive-laden wagon and another vehicle.

OUSTED SOCIALISTS REELECTED

Five Assemblymen Who Were Denied Seats Defeat Fusion Candidates At Special Election.

New York.—The five socialist assemblymen who were expelled from the state legislature last spring on charges of disloyalty, were re-elected at special elections held here.

The vote in the five districts where the ousted assemblymen ran was light compared with that when they were chosen at the general election last November. In the eighth district New York county, Louis Waldman, Socialist, was elected over Morris B. Reiss, the Fusion candidate, by a vote of 3,066 to 2,222.

August Claessens re-elected in the 17th district of New York county, received 3,735 votes against 2,220 for Augusta, Rosenzweig, Fusion candidate.

Samuel A. Dewitt defeated the Fusion candidate, Milton Altshuler, in the third Bronx district, 3,865 to 2,310. Samuel Orr, running against James J. Collins, Fusion candidate in the fourth Bronx district, was re-elected by 4,171 to 3,063.

In the 23rd district of Kings county, Charles Solomon polled 2,816 votes against 1,521 for Jonathan Schneider, Democrat.

EXTENSION GRANTED NEWBERRY

Has Until October 18 to File Record in Appeal.

Washington.—A second extension of time, to Oct. 18, for filing the record in the appeal of Truman H. Newberry and co-defendants from the verdict of the Federal District Court of Eastern Michigan has been granted by the Supreme Court.

Only the record is required to be filed on the date set. The briefs of the applicants and the government will not be filed until later. It is considered doubtful if the case will be argued at the coming winter term.

Since Mr. Newberry has indicated his intention not to try to resume his seat in the Senate pending final decision of the case, Michigan seems likely to be without its allotted representation during the entire short session of Congress, convening in December.

The Flavor Lasts So Does the Price!

EVIDENTLY NOT AN EXPERT JACK OUT OF HIS ELEMENT

Visiting Minister Asking Blessing at Table Was Completely Outclassed by Little Isabel.

"Old Salt" at Least Proved to That Swab That He Was Not to Be Trifled With.

To eight-year-old Isabel ever since she has been able to limp has fallen the honor in her family of saying the blessing at meals. Consequently she was indignant the other night when at supper her father transferred this privilege to a clergyman who was a dinner guest.

The sailors are leaving the navy; it seems, and not a few are adventuring into the wilds of the western grain belt. A real old salt approached a farmer and asked to be "signed on."

Isabel had already clasped her hands and was bowing her head preparatory to starting the prayer when her father took the fatal step: "Mr. Flinkerkin," he said, "will you say the blessing?"

"Work" on a farm since you left the sea?" he was asked. "Yes, on one."

Isabel shot a baleful look at the guest, but a warning expression of her mother's face silenced the protest. Apparently submitting, Isabel bowed her head and her lips moved swiftly as Mr. Flinkerkin murmured the blessing.

"What did you do?" "Well, I helped with a craft of some sort. We hoisted wheat into her main hatch, and straw came out over her bows, while the other stuff poured into bags hung onto her stern. A swab told me it was a thrashing machine, but I knew he was trying to bilk me, the only thrashing around there being what I did to the swab."

The prayer completed, Isabel lifted her head beaming triumphantly. "I said the blessing six times while you were saying it once," she told Mr. Flinkerkin.—New York Evening Sun.

Paramount Duty. "Doesn't the sheriff spend a great deal of his time at the card table?" "Yes," replied Cactus Joe. "Instead of being on the lookout for lawbreakers?"

Doesn't Send an Agent. "Till say this for him any how he's a brave landlord." "Why?" "He still goes in person to collect his rents."

"He's doing the right thing. Most of the unruly element is assembled at that particular place and all the public sentiment of Crimston Gulch asks is that the sheriff will enforce the rules of the poker game."
