Two fires during the past week is certainly going some. We are pleased to announce that but very little damage resulted from either. Tuesday at 2:30 fire broke out in the roof of Harvey Hydorn's farm home at the north end. By the aid of a ladder and a few pails of water the fire was put out. On Wednesday the sound of the fire whistle called the fire company to Walter Andreae's house, corner Wood and Kennebec streets. The blaze was soon extinguished. Here are two instances where, if Yale had a fire truck it no doubt would have been on the scene nearly as quickly as you could say Jack Robinson. In any event soon after.

There is no question but what the signs will be extensively copied by other counties in this and other states as they are original, and give the auto driver a comprehensive idea of just where he is by glancing at the sign.
